## MASS OF FLAME ENVELOPES A CHILD

**Frightful Accident Caused the Death of an East End Little One.**

### CLOTHING ALL BURNED OFF

**And Its Little Body Terribly Seared By the Cruel Flames—A Girl Aged Two Was Trying to Help Mother And Set Herself on Fire.**

A frightful accident, which later caused the death of Helen, the two-year-old daughter of Mr. and Mrs. Frank D. White, of Railroad street, East End, occurred at 8 o'clock this morning.

The child died about 2 o'clock this afternoon.

Mrs. White was boiling some clothing in the yard in the rear of her home, and had the tub setting on a round gas burner, which was attached to a gas pipe leading from the house. A flame of gas surrounded the tub. While Mrs. White was away the child thought the clothes should be stirred. Walking over to the tub she took a stick and began to poke the clothes.

The clothing of the child came in contact with the flame, and, before anyone could reach the child, became a mass of flame. Not a cry did the little one utter, but stood there beating its clothing trying to extinguish the fire.

Mrs. Blue, who resides on St. George street, was in the rear of her home at the time of the accident, and was the first to see the child's peril. She went to the home of Mrs. White, but by the time she got there Mr. White had seen what had happened, ran to his child and extinguished the flames with his hands. In doing this his left hand and several fingers of his right hand were severely burned.

The child's clothing was burned from its body, while its legs, hands, arms, and its face and neck were frightfully burned. Until the physician arrived the child's burns were dressed by those about the house. Before the wounds were dressed morphine and chloroform were administered.

The burns were so bad that some of the flesh peeled from the body. The accident is one of the worst that has occurred in the East End in months.

## IN PROBATE COURT

**An Administratrix Appointed and Deeds Ordered to Be Made.**

Lisbon, May 17.—(Special)—Susan A. Chestnut has been appointed administratrix of the estate of William Chestnut, late of Salem township. Bond, $100.

Probate court has ordered A. W. Taylor, as the administrator of the estate of Frederick L. Seitz, of Perry township, to make a deed to Matilda R. Marlnee for 17 acres of land in Hanover township, for which he pays $1,004, and also to make a deed to John Delfs for a piece of land on Broadway in Salem, for which he pays $2,000.

William Pittinger has been appointed administrator of the estate of James B. Hill, late of Liverpool township. Bond for $5,200 was furnished.

## KEPT ON THE MOVE

**Sanitary Policeman Burgess Busy Attending to Abating Nuisances.**

One of the busiest men in the city at the present time is Sanitary Policeman Burgess. From morning until night he is on the go looking after the streets and alleys.

He reports that a few alleys in the East End and a street under the hill in the West End have caused him more than the ordinary amount of work, residents in these districts being very negligent as to the cleanliness of their surroundings. In a few weeks, however, East Liverpool, through the work of its sanitary officer, will be out of its state of filthiness.

## PARK POLICEMEN

**Plans For Officers to Preserve Order at the Park at All Times.**

According to a statement made by Manager J. Howard Maxwell, of Rock Springs, at the council meeting Thursday night, the park is to have a small police force of its own this summer. Mr. Maxwell, in speaking of the recent disturbances made by a crowd of small boys in the vicinity of Rock Springs, stated that any such disturbances in the interior of the park would be attended to by park policemen, but that outside of the property the park people had no jurisdiction. He said that they intended to have at least one and possibly three policemen in the park all summer, and that they would be on duty all day and until midnight, at which time the place will always be locked up for the night.

**Licensed to Wed.**

Lisbon, May 17.—(Special)—A license to marry has been issued to William Mark Birch and Catherine Nora Hawn, both of East Liverpool.

## PLUMBERS' SCALE

**BOSSES SAY THEY WON'T EMPLOY MEN UNDER IT.**

**The Proposition Is $3.75 For a Nine Hour Day Except In Winter.**

Not being able to secure a room in which they might converse in secret, the journeymen plumbers deferred the meeting set for last night until tomorrow afternoon at 4 o'clock. They state that the scale submitted to them by the bosses does not give them $4 for a day's work of nine hours, but rather $3.75 for nine hours and eight on Saturday for all but the winter months, when they will receive the same money for eight hours straight.

One of the bosses when asked this morning concerning the probable result of the communication said: "I don't care what the journeymen do with it and I care less. They have worn my patience, and I don't propose to bother with them any longer. If they accept the proposition and it is presented to me for my signature I will sign it, but as for hiring one of them to work at such a scale I would never do it. We may be compelled to sign the scale, but we don't have to employ the men."

## OLD MINER KILLED

**Smith Whitehead, Workman In Prospect Mine, Visited by Sudden Death.**

East Palestine, May 17.—Smith Whitehead, one of the oldest and best known miners in this section, was instantly killed Thursday forenoon at 9 o'clock. He was employed at the Prospect mine and was bearing in when a mass of slate fell without warning, killing him almost instantly. The remains were removed within 20 minutes, and taken to his home in New Liberty.

He is survived by a wife and eight children. The mine was at once closed until Monday morning. The funeral will probably be held Sunday.

## RAILROAD APPRAISED

**Valuation of Lisbon And Cleveland Branches of the Erie Fixed By Auditors.**

Lisbon, May 17.—(Special)—The Cleveland & Mahoning Valley railroad has just been appraiseed by a board of appraisers, composed of the auditors of the counties through which the line passes. This road is a division of the Erie between Cleveland and Youngstown, including the Niles and Lisbon branch.

The main line was appraised at $17,000 per mile, an increase of $50 over last year. The rolling stock was valued at $3,000 per mile, the same as before, and the tools and supplies at $500.

**Memorial Day Committee**—The G. A. R. post held a meeting last evening and appointed the following committee to perfect the details for Memorial day exercises: N. A. Frederick, chairman; J. D. West, Captain Dawson and Mack Anderson. In 'Squire McLane's office the committee will hold a meeting next Tuesday evening and will then make out the full program. The usual divine service preceding the exercises will be held in the Christian church Sunday morning, May 25. Rev. J. W. Gorrell will preach the sermon.

**New Base Ball Team**—Otto Palmer is manager and George Rigby captain of another base ball team recently organized. From the following lineup it is quite noticeable that the team is made up of able members: Hanlon, catcher; Rigby, pitcher; McClure, first; Allison, second; Robinson, short; Myler, third; Dawson, left; Maley, middle; Cook, righht. Manager Palmer wants a game with either the Carroll club or the Y. M. C. A. team.

**The largest and best newspaper published in East Liverpool is the News Review.**

COLONEL BALDWIN, WHO IS FIGHTING THE MOROS.

Colonel Frank D. Baldwin, who heads the punitive expedition against the Moro dattos in Mindanao, is a veteran soldier. He began his military career in 1861 and has seen forty years of army life in war and peace.

## STRAY BULLET HITS A CHILD

**Little Daughter of John Bossan Nearly Lost the Sight of An Eye.**

### WOUNDED ON THE NOSE

**Was Sitting In the Grass With Playmates When the Accident Occurred. Not Known Who Fired the Shot. Police Investigating.**

An accident, which came near causing the loss of an eye to Lottie Bossan, the 8-year-old daughter of Mr. and Mrs. John Bossan, residing on Ogden street, occurred at about 6:30 o'clock last evening. Though the child was not seriously injured, the close call should serve as a warning to boys who have been in the habit of toying with pistols and promiscuously discharging air guns.

The Bossan girl was sitting on a plot of grass with a number of companions when a pistol shot was heard. Almost simultaneously a bullet came whizzing toward her and buried itself in the little girl's nose. With a cry of pain she jumped to her feet, and with her startled playmates following, went running to her home.

Blood was streaming from the wound, and the mother, believing that the child was seriously injured, sent for a physician. An examination, however, revealed that the wound was not dangerous. The bullet did not penetrate far enough to imbed itself and had fallen out probably while the child was running home.

Careful investigation has as yet failed to divulge who fired the bullet. Eber Thompson, son of Harvey Thompson, was carying a pistol in the neighborhood at the time, but it is claimed by the boy's father that the weapon is only made for blank cartridges and will not discharge bullets.

It is the presumption that the ball which struck the little girl was fired from an air rifle in the hands of one of the boys who was shooting at birds near the spot where the accident occurred.

The police are further investigating the affair and serving warnings on the youngsters who own the dangerous air guns. Had the bullet that injured the Bossan child struck an inch higher to the right or left, it would doubtless have destroyed the sight of an eye.

John Bossan, the father of the injured girl, is working at Lisbon, where his family will locate in a few days.

**Sentenced For Horse Stealing.**

Canton, May 17.—Frederick Deterick, of Salem, wept when he left the court room after receiving a sentence of one year and three months on a charge of obtaining money under false pretense. Deterick was on a spree last January. He hired a rig from Liveryman John Hoffman, at Salem, and drove to Alliance. There he sold the horse and buggy for $57.50.

**Telephone Exchange Damaged.**

Telephone communication between this city and Steubenville was cut out about noon today over the Columbiana lines, by the partial destruction by fire of the Phoenix exchange at Steubenville.

## PROSPEROUS ORDER IS OHIO I. O. O. F.

**Facts Showing Its Growth to Be Laid Before Grand Lodge Next Week.**

### EAST LIVERPOOL'S RECORD

**In the Organization One That Members May Well Be Proud Of—Seventieth Annual Gathering Promises to Be Most Important.**

From a Staff Correspondent.

Columbus, May 17.—The Ohio Grand Lodge, Improved Order of Odd Fellows, will convene in annual session at Marion next Tuesday, remaining in session until Friday. It will be the seventieth annual gathering and will be one of the most important ever held. There are 78 districts in the state and each will be represented by one delegate. Grand Master James L. Lowrey, of Van Wert, will preside over the gathering. The first annual meeting of the Grand Lodge was held at Cincinnati.

The growth of the order has been wonderful in this state. Starting out with a mere handful of members the organization has steadily progressed and now has a membership well up in the thousands. There are 728 subordinate lodges, auxiliary institutions, ing a membership of 68,171. The Rebecca lodges, auxiliary institutions, number 416, with 29,280 members. On March 31 the balance sheet of the subordinate lodges showed a total of $83,092.44 in the treasury. The order was never stronger numerically and financially and its future prospects are bright. The Odd Fellows' home at Springfield is reported to be in first-class order.

The principal business will be the adoption of a new constitution. A special committee composed of past grand masters has been revising the law and will submit a report of their work at the meeting. The chief changes made provide for the changing of the time for holding of elections from the last week in November to the first week in December and the abolition of trials by district committees and the creation of a state committee for the purpose of passing on and trying all cases involving violations of the laws of the order. It is probable the report of the committee will be adopted.

Officers are not elected at the annual session of the grand lodge, the method of selection being by ballot in the lodge rooms of the various bodies of the order. The grand lodge, however, selects the grand trustee. The present incumbent, L. E. Dodd, of Zanesville, is a candidate to succeed himself and he will likely be successful. The list of grand lodge officers is as follows: Grand master, James L. Lowrey, Van Wert; deputy grand master, J. M. Bever, Findlay; grand warden, C. C. Pavey, Columbus; grand secretary, C. H. Lyman, Columbus; assistant grand secretary, Ralph P. Miller, Columbus; grand secretary, C. E. Niles, Findlay; representatives to meeting of national body, J. M. Brodrock, Marysville, and John C. Whitaker, Dayton. The delegates will be allowed $4 per day and mileage. Next year's meeting will probably be held at Dayton. The meeting of 1901 was held at Springfield.

S. D. Longshore, of Lisbon, is the delegate from district No. 26. East Liverpool lodge, No. 379, is on the roll of honorable mention for the year just ended. The lodge is one of the wealthiest in the state. An abstract of the financial condition of the various bodies shows the following totals for the East Liverpool lodge: Amount of cash on hand belonging to the general fund, $604.87; amount of the general fund invested, $13,609.74; amount of widows' and orphans' fund, $456.16; total assets, $14,670.77.

The Y. M. C. A. Athletic association, of East Liverpool, has been incorporated by Mark C. Wright, Perry Stephens, Charles E. Macrum, R. W. Sample and A. H. Bulger.

## WORK OF PUPILS

**OF A MERITORIOUS SORT SHOWN IN THE SCHOOLS.**

**Parents' Day Attracted Large Numbers of Visitors to School Rooms.**

In the several schools of the city parents' day was observed yesterday, and from 1 o'clock until the closing hour a constant stream of visitors passed through the buildings.

Each room was prettily decorated with flowers and on the black boards were seen artistic drawings of the scholars. The drawing exercise in the schools is one to which much time is devoted. The scholars, having taken great interest in it are becoming quite proficient. It was introduced to assist scholars in the comprehension of studies which have heretofore been practically beyond their ready grasp. Through it such studies as physiology and botany are made very easy.

A child is given a subject, for instance, the heart. He is told to make a drawing of that organ and then describe it in a story of his own words. The teacher examines both, makes the necessary corrections and then instructs the child to try again and so on until he thoroughly understands the subject. Supt. Rayman and all of the teachers are heartily in favor of the method and the results are most successful.

## KNOCKED FROM A CAR

**DANIEL WARD RENDERED UNSCIOUS BY INJURIES.**

**A Serious Accident Occurred at Congo—Victim Struck By Heavy Timber.**

Daniel Ward at Congo was the victim of a very serious accident this morning. He was engaged in loading piling on a box car near the brick works and was suddenly knocked off the car by one of the heavy pieces of timber. He fell on a cinder pile by the side of the track and when picked up by his friends was found unconscious.

He was carried to his home, where it was found that his right arm and shoulder were badly crushed and also his nose and one rib was broken.

The accident was a very serious one, but is not considered fatal. He will be laid up for several weeks.

## CHURCH RE-OPENING

**Notable Event in the History of New Cumberland Methodism.**

The re-opening exercises of the Methodist Episcopal church of New Cumberland will be held tomorrow. Dr. Clark Crawford, of East Liverpool, together with Dr. Charles W. Smith, of Pittsburg, will conduct all of the services of the day.

The following is the order of services: Morning service at 10:30 a. m.; platform services at 2 p. m.; evening service at 7:30 p. m.

**Surprised the Ladies**—At the close of their regular meeting held last evening the Daughters of Liberty were tendered a most enjoyable surprise by the Jr. O. U. A. M., the members of which, in their usual hospitable manner, entertained the ladies with a banquet and afterwards with a musical program. The delightful luncheon served consisted of coffee, cake, sandwiches and ice cream.

**Baseball Today.**

The opening game of the baseball season will be played in New Cumbeland today between Bethany college and the strong New Cumberland team, recently organized. A very exciting contest is expected.

**It pays to advertise in a live newspaper. The News Review is alive, alert and progressive.**

## THE JUNIORS GIVE A FINE RECEPTION

**Senior Class and Faculty Delightfully Entertained at the Elks' Rooms.**

### AN EXCELLENT PROGRAM

**Which Was Fully Appreciated by the Large Number of Young People Present—Decorations Tasteful and Exquisite—Fine Luncheon Served.**

The farewell reception of the Junior class to the class of 1902 of the high school took place last evening in the Elks' rooms. It was one of the most delightful affairs of the kind ever given in this city.

The Elks' rooms were very tastefully and artistically decorated in the class colors of the Juniors and Seniors, which are, respectively, green and white and pink and green. Crepe paper in these delicate shades had been cut into long strands and suspended from the center to the corners of the rooms, while at the windows and doors curtains of these colors were draped back in graceful fashion. The effect was most beautiful and reflected not a little credit upon the artistic ability of the class.

A program had been arranged by a Junior committee, of which Mr. Blaine Cochran was chairman. It was as follows:

Selection, Mandolin club; recitation, Miss Georgia Croxall; vocal solo, Prof. H. F. Laughlin; piano solo, Miss Bessie Adams; recitation, Miss Claudia Gill; song, Gwendolin quartet; selection, mandolin club.

The program concluded, the guests showed their appreciation of good music by indulging in that pastime which has been called "the poetry of motion."

During the evening a very delightful collation was served by the Woman's Relief Corps. In this also the combined class colors were much in evidence.

The whole affair was most enjoyable and one long to be remembered by all.

Aside from the Seniors, in whose honor the reception was given, the guests included Prof. R. E. Rayman, Prof. and Mrs. H. F. Laughlin and the faculty of the high school, Miss Florence Updegraff, principa; Misses Cora Henry, Jessie Manley, Messrs. C. F. Armour, C. T. Austin and G. N. Armstrong.

Will Cripps, the president of the class, as well as those who so ably assisted him, have won for themselves a reputation as hosts and hostesses of no mean ability.

## CONTRACT LET

**For the Grading of the Grounds for the Y. M. C. A. Athletic Field.**

The contract was let last evening to Funkhouser & Hunter, of New Brighton, for the grading of the new park of the Y. M. C. A. Athletic association in Chester. Their price is 29 cents a cubic yard.

The lower end of the ground will probably be prepared for the use of the gun club. A contract will soon be let for a fence about the grounds.

## FRIENDS AND VISITORS

George West, of Canal Dover, is visiting frineds on Sixth street.

Mayor Davidson returned last evening from a visit with his brother at Senecaville.

Mrs. Frank Potts and children are at Salineville, the guests of Mrs. Potts' parents, Mr. and Mrs. L. Bright.

Prof. J. L. McDonald, of Wellsville, will deliver the address to the Lisbon graduating class of the high school on May 29.

Mrs. John Wick, Jr., of Kittanning, Pa., who has been visiting her mother, Mrs. M. A. Kinsey, for three weeks, has returned home.

R. G. Thompson and wife, of Salineville and their daughter, Miss Anna, of New York city, are in the city the guests of R. T. Robbins, of Sheridan avenue. Mr. Thompson is the father of the county treasurer-elect, and a well known G. A. R. man.

Mrs. H. E. Porter, of Allegheny, is visiting at the home of Mr. and Mrs. William Mayer, of Derby road. She is accompanied by her son, John Porter, who has just recently returned from an extensive tour of the United States of Columbia and other southern countries.

**Facts Showing Its Growth to Be Laid Before Grand Lodge Next Week.**

### EAST LIVERPOOL'S RECORD

**In the Organization One That Members May Well Be Proud Of—Seventieth Annual Gathering Promises to Be Most Important.**

From a Staff Correspondent.

Columbus, May 17.—The Ohio Grand Lodge, Improved Order of Odd Fellows, will convene in annual session at Marion next Tuesday, remaining in session until Friday. It will be the seventieth annual gathering and will be one of the most important ever held. There are 78 districts in the state and each will be represented by one delegate. Grand Master James L. The list of grand lodge officers is as follows: Grand master, James L. Lowrey, Van Wert; deputy grand master, J. M. Bever, Findlay; grand warden, C. C. Pavey, Columbus; grand secretary, C. H. Lyman, Columbus; assistant grand secretary, Ralph P. Miller, Columbus; grand secretary, C. E. Niles, Findlay; representatives to meeting of national body, J. M. Brodrock, Marysville, and John C. Whitaker, Dayton. The delegates will be allowed $4 per day and mileage. Next year's meeting will probably be held at Dayton. The meeting of 1901 was held at Springfield.

S. D. Longshore, of Lisbon, is the delegate from district No. 26. East Liverpool lodge, No. 379, is on the roll of honorable mention for the year just ended. The lodge is one of the wealthiest in the state. An abstract of the financial condition of the various bodies shows the following totals for the East Liverpool lodge: Amount of cash on hand belonging to the general fund, $604.87; amount of the general fund invested, $13,609.74; amount of widows' and orphans' fund, $456.16; total assets, $14,670.77.

The Y. M. C. A. Athletic association, of East Liverpool, has been incorporated by Mark C. Wright, Perry Stephens, Charles E. Macrum, R. W. Sample and A. H. Bulger.

## WORK OF PUPILS

**OF A MERITORIOUS SORT SHOWN IN THE SCHOOLS.**

**Parents' Day Attracted Large Numbers of Visitors to School Rooms.**

In the several schools of the city parents' day was observed yesterday, and from 1 o'clock until the closing hour a constant stream of visitors passed through the buildings.

Each room was prettily decorated with flowers and on the black boards were seen artistic drawings of the scholars. The drawing exercise in the schools is one to which much time is devoted. The scholars, having taken great interest in it are becoming quite proficient. It was introduced to assist scholars in the comprehension of studies which have heretofore been practically beyond their ready grasp. Through it such studies as physiology and botany are made very easy.

A child is given a subject, for instance, the heart. He is told to make a drawing of that organ and then describe it in a story of his own words. The teacher examines both, makes the necessary corrections and then instructs the child to try again and so on until he thoroughly understands the subject. Supt. Rayman and all of the teachers are heartily in favor of the method and the results are most successful.

## KNOCKED FROM A CAR

**DANIEL WARD RENDERED UNSCIOUS BY INJURIES.**

**A Serious Accident Occurred at Congo—Victim Struck By Heavy Timber.**

Daniel Ward at Congo was the victim of a very serious accident this morning. He was engaged in loading piling on a box car near the brick works and was suddenly knocked off the car by one of the heavy pieces of timber. He fell on a cinder pile by the side of the track and when picked up by his friends was found unconscious.

He was carried to his home, where it was found that his right arm and shoulder were badly crushed and also his nose and one rib was broken.

The accident was a very serious one, but is not considered fatal. He will be laid up for several weeks.

## CHURCH RE-OPENING

**Notable Event in the History of New Cumberland Methodism.**

The re-opening exercises of the Methodist Episcopal church of New Cumberland will be held tomorrow. Dr. Clark Crawford, of East Liverpool, together with Dr. Charles W. Smith, of Pittsburg, will conduct all of the services of the day.

The following is the order of services: Morning service at 10:30 a. m.; platform services at 2 p. m.; evening service at 7:30 p. m.

**Surprised the Ladies**—At the close of their regular meeting held last evening the Daughters of Liberty were tendered a most enjoyable surprise by the Jr. O. U. A. M., the members of which, in their usual hospitable manner, entertained the ladies with a banquet and afterwards with a musical program. The delightful luncheon served consisted of coffee, cake, sandwiches and ice cream.

**Baseball Today.**

The opening game of the baseball season will be played in New Cumberland today between Bethany college and the strong New Cumberland team, recently organized. A very exciting contest is expected.

## THE JUNIORS GIVE A FINE RECEPTION

**Senior Class and Faculty Delightfully Entertained at the Elks' Rooms.**

### AN EXCELLENT PROGRAM

**Which Was Fully Appreciated by the Large Number of Young People Present—Decorations Tasteful and Exquisite—Fine Luncheon Served.**

The farewell reception of the Junior class to the class of 1902 of the high school took place last evening in the Elks' rooms. It was one of the most delightful affairs of the kind ever given in this city.

The Elks' rooms were very tastefully and artistically decorated in the class colors of the Juniors and Seniors, which are, respectively, green and white and pink and green. Crepe paper in these delicate shades had been cut into long strands and suspended from the center to the corners of the rooms, while at the windows and doors curtains of these colors were draped back in graceful fashion. The effect was most beautiful and reflected not a little credit upon the artistic ability of the class.

A program had been arranged by a Junior committee, of which Mr. Blaine Cochran was chairman. It was as follows:

Selection, Mandolin club; recitation, Miss Georgia Croxall; vocal solo, Prof. H. F. Laughlin; piano solo, Miss Bessie Adams; recitation, Miss Claudia Gill; song, Gwendolin quartet; selection, mandolin club.

The program concluded, the guests showed their appreciation of good music by indulging in that pastime which has been called "the poetry of motion."

During the evening a very delightful collation was served by the Woman's Relief Corps. In this also the combined class colors were much in evidence.

The whole affair was most enjoyable and one long to be remembered by all.

Aside from the Seniors, in whose honor the reception was given, the guests included Prof. R. E. Rayman, Prof. and Mrs. H. F. Laughlin and the faculty of the high school, Miss Florence Updegraff, principa; Misses Cora Henry, Jessie Manley, Messrs. C. F. Armour, C. T. Austin and G. N. Armstrong.

Will Cripps, the president of the class, as well as those who so ably assisted him, have won for themselves a reputation as hosts and hostesses of no mean ability.

## CONTRACT LET

**For the Grading of the Grounds for the Y. M. C. A. Athletic Field.**

The contract was let last evening to Funkhouser & Hunter, of New Brighton, for the grading of the new park of the Y. M. C. A. Athletic association in Chester. Their price is 29 cents a cubic yard.

The lower end of the ground will probably be prepared for the use of the gun club. A contract will soon be let for a fence about the grounds.

## FRIENDS AND VISITORS

George West, of Canal Dover, is visiting frineds on Sixth street.

Mayor Davidson returned last evening from a visit with his brother at Senecaville.

Mrs. Frank Potts and children are at Salineville, the guests of Mrs. Potts' parents, Mr. and Mrs. L. Bright.

Prof. J. L. McDonald, of Wellsville, will deliver the address to the Lisbon graduating class of the high school on May 29.

Mrs. John Wick, Jr., of Kittanning, Pa., who has been visiting her mother, Mrs. M. A. Kinsey, for three weeks, has returned home.

R. G. Thompson and wife, of Salineville and their daughter, Miss Anna, of New York city, are in the city the guests of R. T. Robbins, of Sheridan avenue. Mr. Thompson is the father of the county treasurer-elect, and a well known G. A. R. man.

Mrs. H. E. Porter, of Allegheny, is visiting at the home of Mr. and Mrs. William Mayer, of Derby road. She is accompanied by her son, John Porter, who has just recently returned from an extensive tour of the United States of Columbia and other southern countries.

## EAST END

### TO THE KLONDIKE

**Ft. Pitt Gas Company Proposes to Extend Its Mains—New Pipe Received.**

The Fort Pitt Gas company proposes to extend its service to the Klondike section, and for this purpose a carload of four-inch pipe was received at the East End freight yards. Supt. Hunter stated this morning that the pipe would be distributed about this part of the East End next week and that work placing it under the ground would start as soon as possible.

After this work is completed the East End will be very well supplied with gas.

**Called Home By Son's Illness.**

Thomas Menough, well known in the East End, now employed by a Cleveland firm, while in the city yesterday received word from his home of the serious illness of his son at his home in Cleveland. He left for Cleveland last evening.

**Railroaders Defeat Plumbers.**

There was a base ball game at Columbian park yesterday afternoon between the plumbers and the employes of the East Liverpool street railway. The game was of an exciting kind and was won by the street railway men by a score of 28 to 8. This was the score by which the plumbers were defeated by the street railroaders at Rock Springs park last summer. Arrangements are being made to play another game.

"Snakes of many poisonous varieties can be handled without danger if the handling is done properly," says a dealer in animals. "Most people imagine that snake charmers handle only nonpoisonous snakes, or snakes with the poison sacs removed, but such is not always the case. I have seen snake charmers fearlessly handle reptiles of the deadliest variety without apparent danger to themselves, the snakes in fact making no attempt to bite. A snake does not bite unless angered, and snake charmers are careful in their handling to soothe the animal instead of alarming it. They generally begin their manipulation by stroking and avoid all sudden movement in handling the snake. Most snake charmers I have come in contact with were morphine fiends, and by the absorption of this poison they were impervious to the poison of any but the most deadly variety of snakes."

**Steel Wire Ropes.**

Steel wire ropes should be of crucible steel, having a breaking strength of seventy to seventy-six tons per square inch. Large pulleys are more necessary for wire than for hemp ropes, the smallest diameter permissible being 1,300 to 1,400 times the diameter of the wire in the rope if of iron and 2,000 times if of steel. For mining purposes wire ropes are best made with a hemp core, being more flexible.

**Japanese Lacquer.**

A piece of genuine Japanese lacquer costs the native artist almost a lifetime to perfect and is produced by hundreds of thin coats of lacquer laid on at considerable intervals of time, the value consisting rather in the labor bestowed than in the quality of the material used. First class lacquer work can scarcely be scratched by a needle.

### AN INCENSE PARTY.

**Odd Etiquette of an Interesting Japanese Function.**

If you ever receive an invitation to a Japanese incense party, accept it promptly and thankfully. It has no counterpart in our own social system and is as merry and pleasant an affair as can be imagined. The people of the mikado's land have trained the nostrils for generations the same as we have trained the eye and ear, and they display a skill which at times is startling to a westerner. There is an odd etiquette to be followed in these social affairs. For the twenty-four hours preceding the party each guest must avoid the use of anything which can produce any odor whatever. Scented soaps, perfumes, odorous foods and even spices must be avoided. These prevent the user from smelling accurately and also interfere with the other members of the party.

When you dress, be careful to put on no garment that has been kept in the neighborhood of camphor wood, tobacco, bouquets, dried blossoms or scented powder. When you reach the house of your host, enter it as softly as you can and as slowly as possible. This is to prevent making a draft by the movement of your own body. Be equally leisurely in opening and closing doors, as a quick movement induces a sudden rush of air. In the drawing room the hostess burns a series of incenses, usually four or five in number. Each guest is allowed to take three sniffs of each incense and must then jot down its name and number upon a card. Each of the four or five incenses is burned two or three times, so that the number of cards will vary from eight to fifteen. At the end the cards are laid out on the table, and the hostess reads the names of the incenses employed, which are checked off upon the cards. The guest who has guessed the largest number receives a pretty prize, which is sometimes a silver or bronze incense burner, statuette or carving. Among the Japanese the average woman guesses correctly about six times in ten, while with the American women the ratio is three in ten.—New York Post.

Miss Sylvia Green on the death of her mother will be one of the wealthiest women in the country, and her hand has been sought by some of Europe's proudest nobles, so far without success. At one time it was announced that she was engaged to the Duke de la Torre, a grandee of Spain and son of Marshal Serrano, who was regent of Spain and also captain general of Cuba. Again, gossip reported that the Earl of Yarmouth was to lead the fair American to the altar. Neither of these gentlemen possessed money, and so far neither has succeeded in annexing any of the Green millions.

Miss Green is a tall, slender young woman, with a thoughtful and intellectual face. She has already spent several seasons in Newport and is a member of the Knickerbocker set in New York city. Miss Anne Leavy is her social mentor, and through the influence of this lady Miss Green became one of the ultra fashionable set. She has a private income of her own, which she spends liberally. # STRIKE MAY SPREAD.

General Miners' Convention To be Called to Consider Proposition.

## WILL THE FOREIGNERS DESERT?

Convention to Be Held Today, When It Is Said They Will Ask Operators to Re-Open Mines—Civic Federation May Try to Arbitrate Trouble.

Hazleton, Pa., May 17.—The anthracite mine workers in convention yesterday in order to win their strike unanimously decided upon a plan that if carried into successful operation would practically tie up the industries of the country, paralyze business and inconvenience the people throughout the United States. It is their desire that a special national convention of the United Mine Workers of America be called as soon as practicable for the purpose of endeavoring to have all the bituminous mine workers, both organized and unorganized, involved in the anthracite miners' struggle. This announcement was officially made at noon yesterday by President John Mitchell, in a statement giving the result of the deliberations of the delegates in convention.

**Would Effect 449,000 Men.**

If a special national convention is called and the miners succeed in their object it would directly affect 449,000 men, who are employed in and about the coal mines of the country. Coal would soon become scarce and this ultimately result in the tying up of railroads and all sorts of industries that use large quantities of the fuel. It is doubted by some interested persons here who are closely watching developments that such a stupendous movement could be brought about, for the reason that the business interests of the country would not stand by and permit such a plan to be put into effect.

The striking miners are enthusiastic over the convention's action, and most of them can see only success in the proposition.

An absolutely trustworthy source is authority for the statement that the special convention will be called probably at Indianapolis, in the course of several weeks. According to the officials of the United Mine Workers, a petition signed by five mine workers' districts is necessary to call a special convention. The three anthracite districts are unanimous for such a meeting, and it is likely that the West Virginia district and the Michigan district will consent to the issuance of the call. The two latter districts now have small but stubborn strikes in progress, and they will doubtless consent to the call, so they, too, may receive the benefit of whatever may be accomplished.

**Other Miners to Strike.**

National Secretary-Treasurer W. B. Wilson, of Indianapolis, said yesterday that within the next two or three weeks, regardless of the special convention, 30,000 men in Virginia and West Virginia, and from 15,000 to 20,000 in the soft coal region of Central Pennsylvania will be on strike. They will be called out, he said, for the purpose of forcing the mine owners to give them higher wages and incidentally to help the anthracite workers. These men, he went on to say, are partly organized, local unions having been established in all localities in those regions, and he felt confident that the non-union men will respond to the strike call as readily as did the anthracite miners in the fall of 1900.

A point has been raised that the United Mine Workers cannot call out the men employed by companies with whom the miners have yearly contracts or wage agreements, but Secretary Wilson said that such is not the case. He said that the mine workers' organization respects all such agreements or contracts, but added that a general convention has power to abrogate them if it seeks such action necessary.

**Civic Federation May Take Hold.**

Washington, May 17.—The National Civic Federation has under serious consideration the means whereby it may be helpful in bringing about a termination of the anthracite coal strike. A tender of the good offices of the Federation, with a suggestion of arbitration, of differences, among other things, has been discussed in a tentative way, but no definite conclusion has been reached, and several days will be permitted to elapse before a determination will be reached as to what course the Federation should pursue.

**Some Foreigners May Desert Union.**

Scranton, Pa., May 17.—A committee claiming to represent 300 non-English-speaking miners published a card in the papers yesterday denouncing the statement that it was their element which provoked the strike and declaring that a general meeting of Lithunanians and Poles will be held today to petition the companies to start up the mines and let them go to work.

The United Mine Workers' officials laugh at the idea of the foreigners making a break from the union, and declare that the committee in question is in the pay of the corporations.

Polish merchants who were interviewed yesterday declare that their people are talking of going back to work.

The Presbyterians at Sebring have secured a lot and contemplate building a church edifice at once.

James R. Sloan, $17, Hanoverton, and Absalom B. King, $24, Lisbon, are pension recently granted.

Rev. Charles C. Mitchell, a native of Beaver Falls, has been installed pastor of the First Free Baptist church at Manchester, N. H.

Miss Pauline Rodgers, of Sharon, Pa., while despondent over a love affair, shot herself in the right side, but probably will recover.

The Warren Cereal company has purchased the old Griswold linseed oil mill and will remodel it for a cereal plant. The plant is capitalized at $300,000.

The Union Manufacturing company, of Lisbon, is now filling an order from Leob Hermans, of Mexico, for 500,000 soda water straws. The plant is running full blast.

John Hogue, an engineer in the C. & P. yards at Steubenville, was struck by a moving car and badly hurt. He was knocked in front of the wheels, but rolled off the rails just in time to save his life.

Captain Harry Edgecomb, of the Alliance Salvation Army, who was charged with criminal assault upon Miss Lucy Hoiles, was dismissed when brought before the grand jury. He has, however, been dismissed from the Salvation Army.

**How to Live on Love.**

The girl was having a private conference with her father on the subject of marriage.

"The young man hasn't enough to support you on," urged the father.

"But you will give us something," she said.

"Not a great deal, my dear."

"Then we shall live on love."

"Ugh," sniffed the father.

"Don't you think we can?" asked the girl with the beautiful confidence of youth.

"Yes, if you both stay single." And the father declined to discuss the matter further.

**Finding For the Lawyer.**

Sometimes the jury returns a verdict for the lawyer, of which the following is a good instance: Mr. John Jones, a barrister of great influence and ability, was a leading counselor practicing in the Welsh circuit. Upon one occasion after a felicitous speech on behalf of his client in a criminal case the jury as soon as the judge had summed up, without waiting for the officer to take their verdict, called out, "My lord, we are all for John Jones, with costs!"—London Tit-Bits.

# STRIKE MAY SPREAD.

General Miners' Convention To be Called to Consider Proposition.

## WILL THE FOREIGNERS DESERT?

**Convention to Be Held Today, When It Is Said They Will Ask Operators to Re-Open Mines—Civic Federation May Try to Arbitrate Trouble.**

Hazleton, Pa., May 17.—The anthracite mine workers in convention yesterday in order to win their strike unanimously decided upon a plan that if carried into successful operation would practically tie up the industries of the country, paralyze business and inconvenience the people throughout the United States. It is their desire that a special national convention of the United Mine Workers of America be called as soon as practicable for the purpose of endeavoring to have all the bituminous mine workers, both organized and unorganized, involved in the anthracite miners' struggle. This announcement was officially made at noon yesterday by President John Mitchell, in a statement giving the result of the deliberations of the delegates in convention.

**Would Effect 449,000 Men.**

If a special national convention is called and the miners succeed in their object it would directly affect 449,000 men, who are employed in and about the coal mines of the country. Coal would soon become scarce and this ultimately result in the tying up of railroads and all sorts of industries that use large quantities of the fuel. It is doubted by some interested persons here who are closely watching developments that such a stupendous movement could be brought about, for the reason that the business interests of the country would not stand by and permit such a plan to be put into effect.

The striking miners are enthusiastic over the convention's action, and most of them can see only success in the proposition.

An absolutely trustworthy source is authority for the statement that the special convention will be called probably at Indianapolis, in the course of several weeks. According to the officials of the United Mine Workers, a petition signed by five mine workers' districts is necessary to call a special convention. The three anthracite districts are unanimous for such a meeting, and it is likely that the West Virginia district and the Michigan district will consent to the issuance of the call. The two latter districts now have small but stubborn strikes in progress, and they will doubtless consent to the call, so they, too, may receive the benefit of whatever may be accomplished.

**Other Miners to Strike.**

National Secretary-Treasurer W. B. Wilson, of Indianapolis, said yesterday that within the next two or three weeks, regardless of the special convention, 30,000 men in Virginia and West Virginia, and from 15,900 to 20,000 in the soft coal region of Central Pennsylvania will be on strike. They will be called out, he said, for the purpose of forcing the mine owners to give them higher wages and incidentally to help the anthracite workers. These men, he went on to say, are partly organized, local unions having been established in all localities in those regions, and he felt confident that the non-union men will respond to the strike call as readily as did the anthracite miners in the fall of 1900.

A point has been raised that the United Mine Workers cannot call out the men employed by companies with whom the miners have yearly contracts or wage agreements, but Secretary Wilson said that such is not the case. He said that the mine workers' organization respects all such agreements or contracts, but added that a general convention has power to abrogate them if it seeks such action necessary.

**Civic Federation May Take Hold.**

Washington, May 17.—The National Civic Federation has under serious consideration the means whereby it may be helpful in bringing about a termination of the anthracite coal strike. A tender of the good offices of the Federation, with a suggestion of arbitration, of differences, among other things, has been discussed in a tentative way, but no definite conclusion has been reached, and several days will be permitted to elapse before a determination will be reached as to what course the Federation should pursue.

**Some Foreigners May Desert Union.**

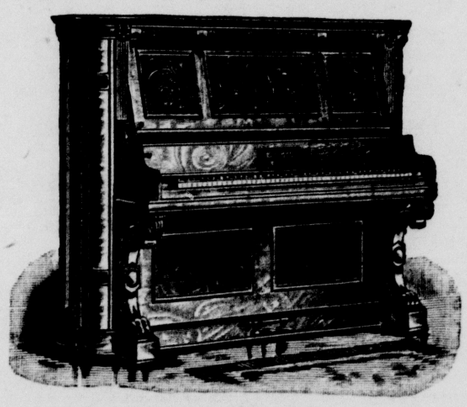

Scranton, Pa., May 17.—A committee claiming to represent 300 non-English-speaking miners published a card in the papers yesterday denouncing the statement that it was their element which provoked the strike and declaring that a general meeting of Lithunanians and Poles will be held today to petition the companies to start up the mines and let them go to work.

The United Mine Workers' officials laugh at the idea of the foreigners making a break from the union, and declare that the committee in question is in the pay of the corporations.

Polish merchants who were interviewed yesterday declare that their people are talking of going back to work.

Mr. Eckels says: "The Democrats should take the position that the Philippines have come into the possession of the United States, whether permanently or not we cannot say. However, we do know that the islands will be ours for a long time, so we should enact legisiation that will result in the wise and just exercise of governmental authority in our new possessions." It will be time enough to settle the question of Philippine independence when the natives prove that they are fitted for independence and capable of self-government.

Toronto people are rejoicing at the prospect of being able to ride on trolley cars without leaving home to do so. From Toronto to Wellsville is but a short distance, and it is to be hoped the link will soon be supplied, giving a continuous route from Smith's Ferry to Steubenville. The completion of such a route would be a convenience as well as an advantage to all the towns traversed.

Congressman Littlefield, of Maine, is credited with this remark: "If it were not for the newspapers, the jobs which would go through congress are terrible to contemplate. If there were no newspapers at all, I don't believe I would be willing to trust myself alone in the house of representatives for 15 minutes."

The vacant boss-ship in Tammany Hall will not be tendered to William J. Bryan, because it is essential to the life of that organization that it have a boss whose dictates shall be heeded, and the whole Democracy has become weary of listening to the erstwhile "matchless leader."

Gen. Charles Dick gets a fourth nomination for congress from the Nineteenth district, where a Republican nomination is equivalent to an election. It is high tribute to his popularity and the worth of his services.

If the isthmus joining North and South America sinks into the sea, as predicted by a Chicago professor, it will furnish an easy solution of the canal question.

Alfonso will wear 52 different uniforms during the week of his coronation. But it will take more than new clothes to make him every inch a king.

Let those who say the world is growing worse reflect on the liberal response that is being made to the cry for assistance for Martinique sufferers.

Alfonso XIII may have an unlucky name but he is unfortunate in being attached to his mother's apron strings.

The utterances of scientists who are predicting that all the West Indies are likely to be overwhelmed by volcanoes will receive little attention. The scientist who can foretell what a volcano will do has never been born.

Carrie Nation is in jail again and presumably happy. At least, when she is out, she exhibits every sign of uneasiness to get back again.

If there is no meat trust, as the packers contend, why should they be so apprehensive about the existence of a federal grand jury?

Nobody but the packers regrets that since the beef combine raised prices its profits have fallen off both abroad and at home.

A woman in Albany committed suicide because her pet dog died. Doubtless the dog will be mourned more than she.

## POTTERY NEWS

Just before the officials and delegates left for the Trenton convention a conference of the officials of the Brotherhood and a committee representing the manufacturers was held, but the matter was kept very quiet. This committee was composed of but five representatives of the manufacturers, but details of what transpired at this meeting will probably never be known. It has been said that the Brotherhood committee had been advised by the manufacturers' representatives that the English pottery firms were about to begin a vigorous cruasde for trade in the United States. A part of the program was the lowering of their prices. Other matters of a highly important nature were talked over. It is generally believed the conference had its effect.

The Peoria plant of the Crown Potteries company has started, but not in full. The machinery for this plant, on account of its long idleness has been given a general overhauling, and is now in first class condition. The old decorating kilns have been replaced with two double decorating kilns. The company has arranged to place a new dinner and toilet shape on the market. The management of the clay shops has been placed in the hands of Stephen Snelson, while the general management of the plant is looked after by Edward and William Flentke, who are well known in this city.

President George C. Murphy, of the East Liverpool Potteries company, is authority for the statement that work is to be comenced at once building the new decorating kilns at the Wallace & Chetwynd plant of that company. This is but the commencement of a number of improvements that are to be made at this plant, which were fully described in this column several weeks ago. It is the desire of the company that rapid work shall be done on the contract in order that other work which the company has in view may be carried out.

Kilnmens' local No. 9 held a largely atended meeting in Brotherhood hall last evening. The report of the convention was made to the local by E. L. Bradfield and John Hester. Mr. Bradfield was only allowed to remain five days at the convention, being called away on account of the death of his father. The report was accepted by the local. One new member was obligated and four applications for membership were filed. One member was received by card.

Official announcement has been received in this city that the deal to merge the interests of the Summit and Akron potteries of Akron and also the business of the Bradshaw company at Niles, has been laid on the table for the present. Only one small matter prevented the deal from going through. A small stockholder in one of the Akron companies did not see his way clear to allow his company to enter the combine. It is not likely the matter will again be considered.

The session held last evening by dippers' local No. 18, was the longest held by it in months. It seemed that the report of the delegates to the national convention occupied much of the time, but strange to say no action was taken on the report, other than its acceptance. The meeting was an interesting one. At the meeting next week some very important business is to be talked over.

Once more the story is in circulation that a pottery may be built at Newell. A number of well known East Liverpool men are mentioned in connection with the deal, along with several capitalists of Steubenville. It has also been stated that o well known architect has been approached relative to making the plans for the plant, but further than this nothing can be said.

Martin Thornberry, of the Shenango pottery at New Castle, is spending a few days in the city on business. A little dispute is on between the saggermaker at that shop and the firm. He was sent by his local to lay the matter before the national officers, and report back. Owing to the dispute there is a shortage of saggers.

Ground for the new pottery to be built by the Sebrings at Sebring was staked off Tuesday, and in a few days excavating for the foundation will be commenced. The plant will have a capacity of five kilns, and will be built on a site near the main Sebring pottery. On Thursday the railroad company staked off the ground for the new switch to the plant.

A well known man connected with of the largest pottery companies of the city within the past fortnight has received a very flatterng offer from one of the large Trenton firms. The position would have placed the entire management of the Trenton concern in the hands of the East Liverpool man. The offer was not accepted.

Never was there more interest displayed on the art side of pottery, nor a demand for such high grade decorations as this spring. The use of decalcomania has become thoroughly established, an dbetter art and better work is being continually called for.

Eugene Bradshaw, of the Niles pottery, who has been in the city for several days, coming here from Chicago, left this morning for Niles, where he will remain several days with his his brother. He will return to this city next Thursday.

Clay was made at the Keystone pottery, New Brighton, yesterday, and the clay workers will start in a week. Four jiggermen will work at the start. Few pressers will be needed. The plant will make dinner ware and specialties.

When F. W. Fowler, of the Union Potteries company, was asked yesterday if the company had concluded to purchase the Golding property adjoining the plant, he said that nothing had been done in the matter whatever.

A change will be made at the Edwin M. Knowles plant with the apprentices. William Riley, on the bisque end, having served his one year and a half, will change with Bob Potts, who has served his first term on the gost end.

The potteries at Sebring are now operated on the card system. All operatives applying for work there are required to hold a current working card, this new rule going into effect the first of the month.

Samuel Woods, who has been working at the Edwin M. Knowles pottery in Chester, has arranged for a trip to England, and will leave for that country in a few days. He was running a jigger at that plant.

J. Lester and B. Foutts made a report of the convention to the members of packers' local No. 25 last evening. The report was received, and the meeting was said to have been an extremely quiet one.

William Voidt, who has been working at the glost bench at Laughlin No. 1 for several months, will go to Trenton Monday, where he will work in one of the potteries.

Miss Boles, of the decoratng department of Thompson's, has resigned her position, and is now located at the American pottery at Toronto. She left the city yesterday.

James Boyd, a saucer jiggerman at Laughlin No. 1, has resigned his position at that plant, and on Monday will begin work at the National.

Fred Henry, a stone mason working at the new Salineville pottery, was so injured by a stone crushing his foot that he is unable to work.

Joseph Bailey, a presser at Brunt's, who has been very ill for several weeks, has recovered and is now at his bench.

John Johnson is now dipping at the Union. When not rushed in this department he is working on the glost bench.

Mould makers' local No. 22, will not hear a report of the delegates to the Trenton convention for two weeks.

John McCullough has taken a position as kilnman on the yellow ware bench at the McNicol pottery.

Frank Smurthwaite is the new bench boss at the Smith-McNicol pottery at Wellsville.

**The Honest Statesman.**

Some years ago an Englishman visited Washington and met a statesman belonging to the minority party who gave a most startling account of the corruption existing in the government and the terrible struggle he had had against it.

"Do you mean to say, sir," asked the stranger seriously, "that you are the only honest man in the American government?"

"Well," replied the statesman, stroking his beard meditatively, "I wouldn't go so far as that. There may be four or five more somewhere."

The plant will have a capacity of five kilns, and will be built on a site near the main Sebring pottery. On Thursday the railroad company staked off the ground for the new switch to the plant.

A well known man connected with of the largest pottery companies of the city within the past fortnight has received a very flatterng offer from one of the large Trenton firms. The position would have placed the entire management of the Trenton concern in the hands of the East Liverpool man. The offer was not accepted.

Never was there more interest displayed on the art side of pottery, nor a demand for such high grade decorations as this spring. The use of decalcomania has become thoroughly established, an dbetter art and better work is being continually called for.

Eugene Bradshaw, of the Niles pottery, who has been in the city for several days, coming here from Chicago, left this morning for Niles, where he will remain several days with his his brother. He will return to this city next Thursday.

Clay was made at the Keystone pottery, New Brighton, yesterday, and the clay workers will start in a week. Four jiggermen will work at the start. Few pressers will be needed. The plant will make dinner ware and specialties.

When F. W. Fowler, of the Union Potteries company, was asked yesterday if the company had concluded to purchase the Golding property adjoining the plant, he said that nothing had been done in the matter whatever.

A change will be made at the Edwin M. Knowles plant with the apprentices. William Riley, on the bisque end, having served his one year and a half, will change with Bob Potts, who has served his first term on the gost end.

The potteries at Sebring are now operated on the card system. All operatives applying for work there are required to hold a current working card, this new rule going into effect the first of the month.

Samuel Woods, who has been working at the Edwin M. Knowles pottery in Chester, has arranged for a trip to England, and will leave for that country in a few days. He was running a jigger at that plant.

J. Lester and B. Foutts made a report of the convention to the members of packers' local No. 25 last evening. The report was received, and the meeting was said to have been an extremely quiet one.

William Voidt, who has been working at the glost bench at Laughlin No. 1 for several months, will go to Trenton Monday, where he will work in one of the potteries.

Miss Boles, of the decoratng department of Thompson's, has resigner position, and is now located at the American pottery at Toronto. She left the city yesterday.

James Boyd, a saucer jiggerman at Laughlin No. 1, has resigned his position at that plant, and on Monday will begin work at the National.

Fred Henry, a stone mason working at the new Salineville pottery, was so injured by a stone crushing his foot that he is unable to work.

Joseph Bailey, a presser at Brunt's, who has been very ill for several weeks, has recovered and is now at his bench.

John Johnson is now dipping at the Union. When not rushed in this department he is working on the glost bench.

Mould makers' local No. 22, will not hear a report of the delegates to the Trenton convention for two weeks.

John McCullough has taken a position as kilnman on the yellow ware bench at the McNicol pottery.

Frank Smurthwaite is the new bench boss at the Smith-McNicol pottery at Wellsville.

### The Honest Statesman.

Some years ago an Englishman visited Washington and met a statesman belonging to the minority party who gave a most startling account of the corruption existing in the government and the terrible struggle he had had against it.

"Do you mean to say, sir," asked the stranger seriously, "that you are the only honest man in the American government?"

"Well," replied the statesman, stroking his beard meditatively, "I wouldn't go so far as that. There may be four or five more somewhere."

### NOBBY NEW UNIFORMS

**Will Be Donned by Wellsville Police on Saturday Next.**

The new uniforms of the Wellsville police, which were recently ordered, are of the very latest style. The coats are of a single breasted, blouse pattern and very nobby to say the least. Helmets will be worn by the officers during all seasons of the year, and will be purchased as soon as the suits are made.

The uniforms for all of the officers will be ready for them by Saturday, May 24, and will be donned without delay.

Under the present arrangement any stranger in the city in need of an officer's service, unless personally acquainted with him, would have considertable difficulty in locating one unless it be either Officer Pittinger or Thorn, who are the only two of the five who have any kind of a uniform.

### PAINFULLY BURNED

**An Employe of the Mill Gets Hurt by a Sudden Fall.**

Harvey Grimm, a dobler employed at the American Sheet Steel company's mill, yesterday was doubling a hot pack when he suddenly fell in such a manner that his shoulder came in contact with the pack, burning the flesh severely. He was unable to work for teh rest of the day.

**Teachers' Examinations.**

The local Board of City Examiners, composed of Prof. McDonald, Attorney Frank L. Wells and City Clerk J. W. McQueen, are holding examinations today for the school teachers who have been appointed by the board of education to serve for the next school year.

**Salineville Man Locked Up.**

One plain drunk was arrested last night by Officers Pittinger and Thorn. He said he was a respected resident of Salineville and that the officers were insulting him by placing him under arrest. Two half empty bottles of whisky were found on him and he was held for a hearing.

**Tested the Sprinkler.**

The new street sprinkler was tested this morning. At first it did not work well, but the difficulty was soon overcome. The sweeper was also tested, and both will be in use on Monday.

**K. of C. Banquet.**

The local lodge Knights of Columbus will hold a banquet this evening to celebrate its second anniversary. An orchestra has been engaged, and numerpus toasts will be in order.

## The SPORTING WORLD

**Princeton's Able Twirler.**

W. H. Underhill, the leading pitcher at Princeton this year, should lead the intercollegiate twirling list at the close of the season. He wound up last year's playing in sensational style, winning

W. H. ("BUTSY") UNDERHILL OF PRINCETON

the two championship games against Yale, and he appears to be rounding into the best form of his career.

Underhill hails from East Orange, N. J., where he won fame in various branches of amateur sport. He has played on the Princeton varsity football team for two years and is no unimportant figure in track athletics.

Underhill's pitching is the Tigers' chief dependence this season, and, although an unfortunate accident on the team's southern tour laid him out of the game temporarily, "Butsy," as he is best known, is now in his old time condition.

Harvard is on the Princeton baseball schedule this year and, together with Yale, will endeavor to defeat the Tigers in their own den during commencement week. Underhill is certain to pitch in both games, and Princeton money galore will be on hand to back the chances of the orange and black.

**Strength of Rival Leagues.**

The relative playing strength of the National and American leagues was a question of warm conjecture last season, and now that half a dozen prominent National players have deserted to Ban Johnson's clans the discussion is sure to be renewed. It is probable that a post series of games between the winning teams of the two leagues will be played at the close of the coming season. Comiskey of Chicago is a warm advocate of the plan, and he endeavored to match his champion White Sox against Barney Dreyfuss' Pirates last year, but nothing came of it. The scheme is feasible, would be profitable and would definitely settle the opposing claims.

There is one blot on the shield of the American league, and that is its brazen countenancing of contract jumping. The American now has on its rolls the largest number of contract breakers ever known. "Breakers ahead!" will be the cry if this dishonorable support of lax business methods continues, and the American league will be entirely to blame. But "anything to beat the National" seems to be the battle shout, and it is not likely that the throwing out of bait to weakminded but strong playing ball tossers will soon cease. Early last year Ban Johnson took a firm personal stand against contract jumpers, but he has been sidetracked, and the will of the individual managers holds good.

**Wonderful Jake Beckley.**

Perhaps one of the most remarkable baseball players of later days is Jake Beckley, who played his fourteenth season last year with the Cincinnati Reds. In spite of his age, Jake is yet a fast player. He has been one of the first twenty-five batters in the National league for ten years. He has never hit under .250 and has met the ball for an average as high as .344. He has figured in 1,732 professional games, has been to bat 6,985 times, and if all the pitchers he has faced were marshaled together they would form a regiment. He has made 2,173 hits and scored 1,294 runs. His batting average for the fourteen years is .311.

**Get of St. Simon.**

Lady Reel, dam of the famous sixty thousand dollar Hamburg and the ten thousand dollar Frankfort, has foaled a black filly by St. Simon at James R. Keene's Castleton (Ky.) stud. Keene paid $11,000 for the mare. The filly is the first get of St. Simon to be foaled in the United States and is a sister to August Belmont's twenty thousand dollar yearling.

**The Delehanty Family.**

Five of the famous Delehanty family are playing ball this season. Ed is with Washington in the American league, Jim with New York, Joe with Worcester, Tom with Denver, while Frank, the youngest of those in the business, is with the Warren (O.) semiprofessional nine.

# MOST LADIES NEED A TONIC EVERY SPRING.

MRS. BARBARA McDONALD, President of the St. Louis Blue Ribbon Club, writes the following letter concerning Peruna from 2947 Dayton street, St. Louis, Mo.:

"It is with feelings of gratitude for benefits derived from the use of Peruna that I desire to proclaim to human-kind my experience, hoping that it will benefit some unfortunate sufferer like myself.

"Suffering for years with what appeared to be an incurable malady, and after a great expense incurred consulting physicians without any benefit, I was recommended to try Peruna. As a last expedient I purchased a bottle, and before one-half of the contents were used I felt the beneficial results. I am continuing to use same, and might say I am entirely well. My disease seemed to be catarrh of the stomach, and the nauseating sensation, and the heavy, languid, tired-out feelings with which I suffered, especially after eating, have entirely left me, and my digestive organs are in splendid condition, all of which I owe to the use of Peruna."—MRS. BARBARA McDONALD.

Miss Julia V. Teller, of 2518 Prairie street, Milwaukee, Wis., is President of the German Young Woman's Union. Her opinion of Peruna is given in the following words:

"Our German Young Woman's Union has nothing but praise for Peruna. Three of our members have been most wonderfully helped. One of them had almost constant backache for the last year. The other two suffered from catarrh of the head and throat.

"I have used it after a most unpleasant experience with an attack of la grippe, and found that three bottles completely restorod me to health."—Julia V. Teller.

Mrs. Mary Hardy, of 568 W. Polk street, Chicago, Ill., writes:

*"I find it necessary each spring to take some kind of a tonic and have tried a great many but have found none of such value as Peruna.*

*"After taking a few doses I feel the good effects and seldom need to take more than one bottle as a spring medicine."—Mrs. Mary Hardy.*

Mrs. Catherine R. Bertos, 803 N. Elm street, Centralia, Ill., writes:

"I have found Peruna the most satisfying medicine I ever tried in my life. I suffered for years with catarrh of the stomach, which became aggravated every time I caught a slight cold. My food did not digest properly, and life lost its best charm until I tried Peruna. It made a new woman of me. It took eight bottles to effect a complete cure, but I would not be back in the former condition for a thousand dollars. I am most grateful for being cured completely and feel better than I have done for years."—Catherine R. Bertos.

*The lassitude incident to spring weather is especially trying to women. Ailments peculiar to the sex of many varieties are especially prone to aggravation. All this class of affections are fitly described by the term "pelvic catarrh."*

*Any woman wishing to be placed on the list of Dr. Hartman's patients for free home treatment and advice should immediately send name and symptoms, duration of disease and treatment already tried. Directions for the first month's treatment will be promptly mailed free of charge. No free medicine will be supplied by the doctor, but all necessary directions will be furnished.*

*Read what the above ladies have to say of Peruna as a cure for these cases.*

*If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.*

*Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.*

**Two Gifts to the Orchestra.**

On one occasion, when Von Bulow had to conduct an orchestral concert at which a piece written by an aristocratic amateur was to be performed, the composer requested permission to direct a rehearsal and on obtaining it opened a parcel containing seventy pencils, which he handed to the members of the band, asking them to mark his intentions in their parts, as he would give them by word of mouth.

Hans von Bulow noted this matter of detail and left the hall. Presently he returned, also with a parcel, and on resuming his place at the desk gravely handed out seventy pieces of india rubber, with which the players were to erase the directions which the composer had given them.

**Mushroom Tests.**

There are two sure ways of telling the difference between wholesome mushrooms and the poisonous fungi which so closely resemble them. If they are to be boiled, put an onion with them, and if the onion remains white there is nothing to fear. If it turns black, throw away the contents of the dish, for poison lurks there. A common test is to sprinkle a little salt on the pink underpart, and if it turns black you have real mushrooms. If the pink changes to yellow, you have a danger signal before. If precautions like these were taken with all mushrooms, fresh or canned, there would be less sickness in the world.

"It is with feelings of gratitude for benefits derived from the use of Peruna that I desire to proclaim to human-kind my experience, hoping that it will benefit some unfortunate sufferer like myself.

"Suffering for years with what appeared to be an incurable malady, and after a great expense incurred consulting physicians without any benefit, I was recommended to try Peruna. As a last expedient I purchased a bottle, and before one-half of the contents were used I felt the beneficial results. I am continuing to use same, and might say I am entirely well. My disease seemed to be catarrh of the stomach, and the nauseating sensation, and the heavy, languid, tired-out feelings with which I suffered, especially after eating, have entirely left me, and my digestive organs are in splendid condition, all of which I owe to the use of Peruna."—MRS. BARBARA McDONALD.

Miss Julia V. Teller, of 2518 Prairie street, Milwaukee, Wis., is President of the German Young Woman's Union. Her opinion of Peruna is given in the following words:

"Our German Young Woman's Union has nothing but praise for Peruna. Three of our members have been most wonderfully helped. One of them had almost constant backache for the last year. The other two suffered from catarrh of the head and throat.

"I have used it after a most unpleasant experience with an attack of la grippe, and found that three bottles completely restorod me to health."—Julia V. Teller.

Mrs. Mary Hardy, of 568 W. Polk street, Chicago, Ill., writes:

*"I find it necessary each spring to take some kind of a tonic and have tried a great many but have found none of such value as Peruna.*

*"After taking a few doses I feel the good effects and seldom need to take more than one bottle as a spring medicine."—Mrs. Mary Hardy.*

Mrs. Catherine R. Bertos, 803 N. Elm street, Centralia, Ill., writes:

"I have found Peruna the most satisfying medicine I ever tried in my life. I suffered for years with catarrh of the stomach, which became aggravated every time I caught a slight cold. My food did not digest properly, and life lost its best charm until I tried Peruna. It made a new woman of me. It took eight bottles to effect a complete cure, but I would not be back in the former condition for a thousand dollars. I am most grateful for being cured completely and feel better than I have done for years."—Catherine R. Bertos.

*The lassitude incident to spring weather is especially trying to women. Ailments peculiar to the sex of many varieties are especially prone to aggravation. All this class of affections are fitly described by the term "pelvic catarrh."*

*Any woman wishing to be placed on the list of Dr. Hartman's patients for free home treatment and advice should immediately send name and symptoms, duration of disease and treatment already tried. Directions for the first month's treatment will be promptly mailed free of charge. No free medicine will be supplied by the doctor, but all necessary directions will be furnished.*

*Read what the above ladies have to say of Peruna as a cure for these cases.*

*If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.*

*Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.*

**Two Gifts to the Orchestra.**

On one occasion, when Von Bulow had to conduct an orchestral concert at which a piece written by an aristocratic amateur was to be performed, the composer requested permission to direct a rehearsal and on obtaining it opened a parcel containing seventy pencils, which he handed to the members of the band, asking them to mark his intentions in their parts, as he would give them by word of mouth.

Hans von Bulow noted this matter of detail and left the hall. Presently he returned, also with a parcel, and on resuming his place at the desk gravely handed out seventy pieces of india rubber, with which the players were to erase the directions which the composer had given them.

**Mushroom Tests.**

There are two sure ways of telling the difference between wholesome mushrooms and the poisonous fungi which so closely resemble them. If they are to be boiled, put an onion with them, and if the onion remains white there is nothing to fear. If it turns black, throw away the contents of the dish, for poison lurks there. A common test is to sprinkle a little salt on the pink underpart, and if it turns black you have real mushrooms. If the pink changes to yellow, you have a danger signal before. If precautions like these were taken with all mushrooms, fresh or canned, there would be less sickness in the world.

## HALF A TOWNSHIP CHASING A MULE

**THE UNTAMED BEAST SO FAR AHEAD OF PURSUERS.**

**Makes Flying Leaps And Baffles the Efforts of Organized Parties.**

A wild mule has been keeping Wayne township farmers busy for the past week. The animal is of the wild western order of mules, and as ugly as those that helped to defeat the British among the Transvaal kopjes.

It was being taken to Lisbon by a Salineville miner, who, in order to keep at a safe distance, had a rope 20 feet long attached to the animal's lower jaw. Near No. 10 school house the mule became obstinate and refused to proceed. It broke away from its driver, who seemed glad it was gone. It leaped fences of every variety and went where it pleased with the speed of a trotting horse. Balser Brown tried to capture it and so did several of his neighbors. Individual efforts failing, mule hunting parties were organized, with no better success. The mule at last accounts, was several laps ahead of all his pursuers, though half the township is trying to capture him. Even pursuit on horseback has been fruitless. The mule cannot only outrun a horse, but it can go, dragging its 20-foot rope, where no horse would think of venturing.

## THE WABASH RAILROAD

**Opens Offices in Pittsburg and Will Help Build Up An Already Busy Section.**

The Wabash railroad, in a handsomely illustrated folder bearing on the outside the words, "Greeting to Pittsburg," announces to the world that it has come to the Smoky City and is there to do business. The views which it presents of Pittsburg are especially fine. The new Wabash station is to be at Ferry street and Liberty avenue, in the very heart of the city.

The Wabash already has its offices in a four-story building on Fifth avenue, and when it has spent a few millions more will be able to take passengers from that city over its own lines direct to any part of the west or southwest. The completion of this line transversing Pennsylvania, Ohio and West Virginia can but have a mighty influence in up-building and adding to the property of this already busy region.

**Wabash Coming, Maybe.**

A Toronto paper says: J. W. Patterson Jr., who has been division engineer of the eastern division of the Wabash railroad with headquarters at Peru, Ind., has resigned to take a position with his father, J. W. Patterson, chief engineer of the Pittsburg, Carnegie and Western, the Wabash extension to Pittsburg. He will have charge of one of the extensions of the new line under construction from Steubenville to East Liverpool.

## HEAVY DAMAGES

**Jefferson County Commissioners Defendants in a Suit For $5,000.**

A damage suit in which Orial Householder is the plaintiff and the commissioners of Jefferson county defendants, is on trial at Steubenville. The action is brought for $5,000 for injuries which Householder claims he sustained last August while conveying a traction engine across the bridge at Yellow Creek, near Tunnel Mill.

The bridge gave way and Householder and Howard O. Elliott were precipitated into the creek and he sustained a broken arm besides other injuries. A large number of witnesses are in attendance and the case is being vigorously contested by the counsel. Attorneys W. F. Lones and E. E. Erskine for plaintiff and A. C Lewis for defendant.

The result of the suit will have a bearing upon a similar suit entered against the commissioners by Elliott, who also wants $5,000 to compensate him for injuries and loss of time resulting from the accident.

## CRUSHED TO DEATH

**Thomas Hoey Ran Over By a Locomotive at Salineville and Fearfully Mangled.**

Thomas Hoey, a well known and respected citizen of Salineville, met a shocking death on a railroad switch at his home Thursday afternoon. He was walking along the track, and owing to deafness, did not hear a switch engine that was approaching from the rear.

Several persons waved at the imperiled man, but before he realized his danger the locomotive struck him and passed over his body. He was hurriedly picked up and carried to a doctor's office, where it was found that one leg from the knee down was mangled horribly, and the left leg and foot torn into shreds and one leg fractured between the knee and the thigh, as well as a large wound on the head.

After suffering terrible agony for about three hours, Hoey passed away.

## DANISH TREATY DELAYED.

**Question Shelved Until After Danish September Elections.**

Copenhagen, Denmark, May 17.—The Folkething, lower house, yesterday, by 98 to 2 votes, passed a resolution in favor of the cession of the Danish West Indies to the United States on condition that a subsequent popular vote of the inhabitants of the islands show a majority in favor thereof.

The matter was then returned to the Landsthing, which, after a long and spirited debate, rejected the resolution and, by 33 to 30 votes, reaffirmed the resolution providing for a limited piebescite and the ratification of the treaty only if favored by a majority of three-quarters. This obstruction shelves the question until after the elections in September, when the government hopes to obtain a majority in the landsthing..

## No Time to Lose

You cannot afford to disregard the warnings of a weak and diseased heart and put off taking the prescription of the world's greatest authority on heart and nervous disorders—

**Dr. Miles' Heart Cure.**

If your heart palpitates, flutters, or you are short of breath, have smothering spells, pain in left side, shoulder or arm, you have heart trouble and are liable to drop dead any moment.

Major J. W. Woodcock, one of the best known oil operators in the country dropped dead from heart disease recently, at his home in Portland, Ind., while mowing his lawn.—*The Press.*

Mrs. M. A. Birdsall, Watkins, N. Y., whose portrait heads this advertisement, says: "I write this through gratitude for benefits I received from Dr. Miles' Heart Cure. I had palpitation of the heart, severe pains under the left shoulder, and my general health was miserable. A few bottles of Dr. Miles' Heart Cure cured me entirely.

## GENIUS AT WORK.

Sarti, the musician, composed only in darkness.

Bossuet worked in a cold room, with his head warmly enveloped.

It is said that Schiller, before composing, put his feet in cold water.

Gretry, to animate himself when composing, breakfasted and took coffee and then applied himself day and night to his piano.

Guido Reni painted with much pomp. He dressed himself magnificently and had his pupils attend him in silence ranged around him.

The historian Mezeray would work only with a candle, even at midday and in midsummer. He never failed to wait on his visitors, even to the street, with a candle in his hand.

Jeremy Bentham jotted his ideas on little squares of paper, which he piled upon each other, and this pile of little papers stitched together was the first forms of his manuscripts.

Michael Angelo, Leonardo da Vinci, Titian, Rubens, passed from the chisel to the pen or the brush. The change rested them from the preceding work, and thus during long life they accomplished marvelous works.—Literary Era.

**A Queer Japanese Marriage Custom.**

Wild geese are considered the best examples of conjugal felicity in the animal world. Thus the Japanese groom sends the bride a pair of these birds, and she in turn presents them to her parents. To further emphasize the matter the groom brings another pair to the wedding, and they roost in the room during the ceremony. Their conduct is watched with care, for they must not struggle to escape during the proceedings. Fortunate is the bridegroom who cannot secure the geese alive and must be content to substitute toy imitations of the birds, for then he has no anxiety lest the wild propensity assert itself during the marriage rites and thus prove an ill omen to the household.—Woman's Home Companion.

**The Monocle Is Harmful.**

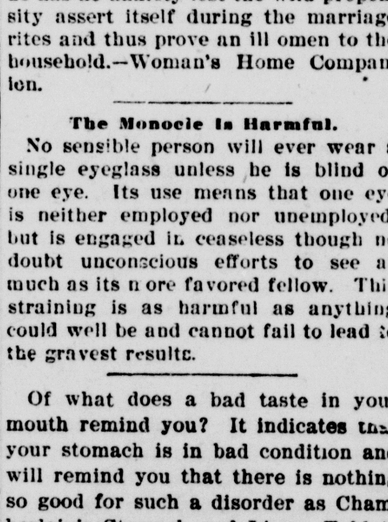

No sensible person will ever wear a single eyeglass unless he is blind of one eye. Its use means that one eye is neither employed nor unemployed, but is engaged in ceaseless though no doubt unconscious efforts to see as much as its more favored fellow. This straining is as harmful as anything could well be and cannot fail to lead to the gravest results.

# MALEY'S PITCHING WAS THE FEATURE

**Young Men's Civic Club Again Defeated by the East Liverpool Boys.**

## ERRORS WERE NUMEROUS

**But Some Very Clever Playing Was Done by Members of Both Teams. Visitors Started Out Well, But Were Unable to Hold Out.**

After starting the game with two runs in the first and following with two in the second, it was truly hard for the Young Men's Civic club of Allegheny to lose for the second time to the locals in West End park yesterday afternoon.

Both teams were in excellent condition, but played a game pretty well flavored with errors. Lowry Maley, the 17-year-old wonder, was the cynosure of all eyes during the game. He showed plainly that his reputation of last Sunday, when he pitched against the famous Painesville team at Canton, was not made by chance. He is a great twirler for one so young, and many laurels await him if he continues in the game.

While the visitors were piling up hits in the first two innings the locals were apparently not in it, but they were not long in waking up; for, with the exception of the seventh, they put the Pittsburgers out in order during the remainder of the game.

Up to the fifth but one hit and no runs had been scored by the locals. Myler, first up, went out on a fly to Herold. Maley hit for two bases. Trainer struck out. Davis walked. T. Davis made three bases on a fly to the wilds of the left field, and scored Maley and Davis. He died on third, F. Heckathorn beating the wind. In the sixth there were only three men up but in the seventh they batted around. Myler reached first on a fly errored on by Gapen, the brilliant of Thursday's game. Maley went out. Trainer hit over short stop. C. Davis followed with a two-bagger to left, scoring Myler and Trainer. T. Davis got a single, and both scored on another single by Webb. The inning was ended by Myler on a grounder to the pitcher. Shorter innings were never played than the last two. Of the six men up for the visitors five struck out, and the other went out on a grounder to short.

Himey Davis means well and works hard, but to no avail. It is past him to hold a ball.

Webb had his batting eye. He landed three times, but unluckily at inopportune times until the last one. For one without experience he also played well at short.

Howell, at third for the visitors, only stopped the ball by accident.

It is said that Godwin will be back with the locals next week and that he will assume permanent captainship of the team.

Manager Walsh is arranging to take the team out on a ten days' trip through the Smoky City regions. The score:

## Circuit Stars of Hamlin, Billings and Smathers

count for anything he is almost certain to be heard from favorably the coming season. Geers, who developed The Abbot, says that the champion's half brother has shown enough to convince him that the horse is almost certain to develop into a sensational trotter. The Beau Ideal is a dark chestnut in color and is not unlike his famous half brother in conformation, although The Abbot is a beautiful blood bay in color.

The handsomest horse at Billings park is the mare Edna Cook, 2:12, that Geers is handling for a wealthy easterner. Equine experts have pronounced this mare a perfect picture horse. She was sired by Alcantara, and she took her mark as a three-year-old. She has been used as a road mare in recent years. Geers says that she has been doing extremely well this winter and gives every indication of displaying winning form on the track the coming season.

The fastest pacer in Geers' stable is Shadow Chimes, 2:06¼. This horse, as his name would indicate, is a son of Chimes, one of the most successful sires that ever stood at Village farm. His dam is a daughter of Mambrino King. Shadow Chimes has wintered splendidly. He is certain to reduce his mark during the coming season. Many close observers of the light harness game predict that he is going to prove the pacing sensation of 1902.

Another pacer in this stable that promises to give a creditable account of himself the coming season is Fred S. Wedgewood, 2:08¾. This six-year-old son of Fred S. Wilkes, dam by Wedgewood, is one of the most improved looking horses at the track. He has taken on a lot of flesh during the past winter and looks like a horse that ought to step along some when Geers turns him loose to pace for the money.

Next to the Geers-Hamlin collection the most celebrated stable in Memphis is that of C. K. G. Billings, the millionaire Chicago gas magnate and founder of the track. Mr. Billings' horses are in charge of Scott McCoy, a well known trainer and driver. The star of the Billings barn is Little Boy, 2:01½, the champion wagon horse of the world. Little Boy has come out of winter quarters in magnificent shape. McCoy is going right along with this horse, as it is Mr. Billings' intention to ship the pick of his string to New York, and every effort will be made to have Little Boy ready for all comers on the New York speedway this spring.

Hontas Crook, 2:07½, the great pacer, never showed better in his life than he does right now. He came out of winter quarters looking finer than silk, and appears like a horse that can pace over the moon. Frazier, 2:07½, another one of Mr. Billings' crack pacers, is stepping along regularly.

George Spears is at Memphis with E. E. Smathers' great stable, headed by Lord Derby, 2:06½. Mr. Smathers bought Lord Derby from Mr. Hamlin

CICERO J. HAMLIN.

last year for a fancy price. According to Mr. Spears, the famous trotter never wintered better. Lord Derby weighs more now than he ever did, and all the smart horsemen at Billings park predict that he is sure to prove one of the sensational trotters of 1902. Mr. Spears also has two grand looking mares in Ida Highwood, 2:12¼, and Alice Parnes, 2:11¼. The famous pacer Sphinx S., 2:08½, is one of the star performers in Spears' stable. This horse never looked better in his life than he does right now. Spears says that he is certain to reduce his mark this year.

Of the six men up for the visitors five struck out, and the other went out on a grounder to short.

Himey Davis means well and works hard, but to no avail. It is past him to hold a ball.

Webb had his batting eye. He landed three times, but unluckily at inopportune times until the last one. For one without experience he also played well at short.

Howell, at third for the visitors, only stopped the ball by accident.

It is said that Godwin will be back with the locals next week and that he will assume permanent captainship of the team.

Manager Walsh is arranging to take the team out on a ten days' trip through the Smoky City regions. The score:

## Circuit Stars of Hamlin, Billings and Smathers

count for anything he is almost certain to be heard from favorably the coming season. Geers, who developed The Abbot, says that the champion's half brother has shown enough to convince him that the horse is almost certain to develop into a sensational trotter. The Beau Ideal is a dark chestnut in color and is not unlike his famous half brother in conformation, although The Abbot is a beautiful blood bay in color.

The handsomest horse at Billings park is the mare Edna Cook, 2:12, that Geers is handling for a wealthy easterner. Equine experts have pronounced this mare a perfect picture horse. She was sired by Alcantara, and she took her mark as a three-year-old. She has been used as a road mare in recent years. Geers says that she has been doing extremely well this winter and gives every indication of displaying winning form on the track the coming season.

The fastest pacer in Geers' stable is Shadow Chimes, 2:06¼. This horse, as his name would indicate, is a son of Chimes, one of the most successful sires that ever stood at Village farm. His dam is a daughter of Mambrino King. Shadow Chimes has wintered splendidly. He is certain to reduce his mark during the coming season. Many close observers of the light harness game predict that he is going to prove the pacing sensation of 1902.

Another pacer in this stable that promises to give a creditable account of himself the coming season is Fred S. Wedgewood, 2:08¾. This six-year-old son of Fred S. Wilkes, dam by Wedgewood, is one of the most improved looking horses at the track. He has taken on a lot of flesh during the past winter and looks like a horse that ought to step along some when Geers turns him loose to pace for the money.

Next to the Geers-Hamlin collection the most celebrated stable in Memphis is that of C. K. G. Billings, the millionaire Chicago gas magnate and founder of the track. Mr. Billings' horses are in charge of Scott McCoy, a well known trainer and driver. The star of the Billings barn is Little Boy, 2:01½, the champion wagon horse of the world. Little Boy has come out of winter quarters in magnificent shape. McCoy is going right along with this horse, as it is Mr. Billings' intention to ship the pick of his string to New York, and every effort will be made to have Little Boy ready for all comers on the New York speedway this spring.

Hontas Crook, 2:07½, the great pacer, never showed better in his life than he does right now. He came out of winter quarters looking finer than silk, and appears like a horse that can pace over the moon. Frazier, 2:07½, another one of Mr. Billings' crack pacers, is stepping along regularly.

George Spears is at Memphis with E. E. Smathers' great stable, headed by Lord Derby, 2:06½. Mr. Smathers bought Lord Derby from Mr. Hamlin

CICERO J. HAMLIN.

last year for a fancy price. According to Mr. Spears, the famous trotter never wintered better. Lord Derby weighs more now than he ever did, and all the smart horsemen at Billings park predict that he is sure to prove one of the sensational trotters of 1902. Mr. Spears also has two grand looking mares in Ida Highwood, 2:12¼, and Alice Parnes, 2:11¼. The famous pacer Sphinx S., 2:08½, is one of the star performers in Spears' stable. This horse never looked better in his life than he does right now. Spears says that he is certain to reduce his mark this year.

Mrs. Fred Unrath.

"I am pleased to give my experience with Wine of Cardui as I am very grateful for its help. After my first baby was born I could not seem to regain my strength, although the doctor gave me a tonic which he considered very superior, but instead of getting better I grew weaker every day. My husband came home one evening with some Wine of Cardui and insisted that I take it for a week and see what it would do for me. As he seemed to have so much faith in it I did take the medicine and was very grateful to find my strength slowly returning. In two weeks I was out of bed and in a month I was able to take up my usual duties. I am very enthusiastic in its praise."

MOTHERHOOD is the noblest duty and highest privilege women can achieve or aspire to. Without this privilege women do not get all there is in life—too often they go through the world discontented, wrapped up in their own selfish cares and troubles. How different is the happy mother, watching her children grow into manhood and womanhood. A mother lives as many lives as she has children—their joys and sorrows are hers, as are their ambitions, triumphs and defeats. Healthy women do not suffer miscarriage nor does a woman who is healthy suffer tortures at childbirth. It is the woman who is ailing—who has female weakness—who fears the ordeal of becoming a mother. Wine of Cardui builds up the womanly in a woman. It stops all unnatural drains and strains—irregularities which are responsible for barrenness and miscarriage. It makes a woman strong and healthy and able to pass through pregnancy and childbirth with little suffering. After the ordeal is passed the Wine prepares a woman for a speedy recovery to health and activity.

Wine of Cardui, in re-inforcing the organs of generation, has made mothers of women who had given up hope of ever becoming mothers. Wine of Cardui will cure almost any case of barrenness except cases of organic trouble. How can you refuse to take such a remedy that promises such relief from suffering? Wine of Cardui simply makes you a strong woman, and strong, healthy women do not suffer. They look forward to motherhood with joy.

**WINE of CARDUI** A million suffering women have found relief in Wine of Cardui.

# REVISION OF CREED.

Report of Committee Made to Presbyterian General Assembly.

## DEBATE TO BEGIN THURSDAY.

Both Sessions Yesterday Opened by Devotional Exercises — Reports Made on Different Subjects—Daniel F. Noyes Appointed Vice Moderator

New York, May 17.—The second day's session of the Presbyterian general assembly began at 9 o'clock yesterday in the Fifth Avenue Presbyterian church. The first half hour was taken up with devotional exercises, conducted by Rev. Dr. David Kerr, of Omaha, Neb. The Rev. Dr. J. Ross Stevenson, pastor of the Fifth Avenue church, then in a brief address welcomed the assembly to the church and to the city. The business program was begun, the new moderator, the Rev. Dr. Henry Van Dyke, presiding. The morning session was consumed in the presenting of reports of special committees, among them being that of the special committee on the revision of the confession of faith.

The revision committee, after preliminary remarks explaining the manner in which their conclusions were arrived at, recommends "that the general assembly transmit to the presbyteries for their action" overtures, 11 in number, in the minds of the committee satisfying the many questions at issue.

**Overtures on Foreordination.**

The ones regarding the doctrine of foreordination read:

"With reference to Chapter III of the Confession of Faith, that concerning those who are saved in Christ, the doctrine of God's eternal decree is held in harmony with the doctrine of His love to all mankind, His gift of His Son to be in propitiation for the sins of the whole world and His readiness to bestow His saving grace on all who seek it. That concerning those who perish, the doctrine of God's eternal decree is held in harmony with the doctrine that God desires not the death of any sinner, but has provided in Christ a salvation sufficient for all, adapted to all; that men are responsible for their treatment of God's gracious offer and that His decree hinders no man from accepting that offer; and that no man is condemned except on the ground of sin."

The second overture on foreordination dealing with the salvation of infants reads:

"With reference to Chapter X, Section 3, of the Confession of Faith, that it is not to be regarded as teaching that any who die in infancy are included in the election of grace, and are regenerated and saved by Christ, through the spirit, who works when and where and how He pleases."

The other overtures deal with the subjects of the merit of good works, the lawfulness of taking an oath, the headship of Christ in the church, and a fuller expression of the doctrine of the church concerning the Holy Spirit, missions and the love of God for all men.

At the conclusion of the reading of the report on creed revision there was a wave of applause, but it was noticed that many of the commissioners remained silent.

**Day For Debate to Start.**

John M. Converse, an elder from the Philadelphia presbytery, moved that the report be accepted. This motion was adopted. The Rev. Dr. David Wylie, pastor of the Scotch Presbyterian church, of this city, moved that the report be adopted. This motion was laid on the table, and on motion of Dr. Minton the discussion of the report was set for next Thursday at 10 a. m., and on further motion of Dr. Minton it was resolved that at that time the discussion of the report will be continued until the subject is exhausted and the vote is taken.

The reports on ministerial relief and the Assembly Herald were read and adopted.

An invitation from the Union Theological seminary to the members of the assembly to visit the building and make use of its facilities was read and accepted.

Brief reports of the committees on the digest, editions of the constitution, and reprinting of minutes were read and adopted.

The report of the committee on vacancy and supply was made the fourth order for next Friday. Daniel R Noyes, of St. Paul, Minn., was appointed vice moderator and made an address. The morning session was closed with prayer by Elder Jeremiah Baker, of the Morris and Orange presbytery.

The report of the special committee on church statistics was read by the chairman of the committee, William H. Roberts, and adopted for this assembly. It was agreed that it should be condensed for the next general assembly.

The report of the special committee on the Omaha Theological seminary was presented and read. The old committee was re-appointed to make further reports at the next general assembly.

**Sabbath Observance Report Made.**

The report of the committee on Sabbath observance was presented and was made a special order for next Friday.

At the afternoon session Rev. Dr. John B. Shaw, of the West End Presbyterian church, recalled the fact that the Rev. Dr. John H. Converse had given $25,000 for evangelistic work during the past year.

Rev. Wilton Merle Smith paid a tribute to the late Rev. Dr. Maltbie D. Babcock, of the Brick Presbyterian church.

The Rev. William H. Tower, from South Farmingham, Mass., made a strong plea for an increase of evangelistic work among the children.

Dr. Tower moved an amendment to the fourth resolution, recommending that ministers be called upon to devote a part of every Sunday morning service to the conversion of children and young people. The amendment was adopted.

An adjournment was then taken until 9 o'clock this morning.

## OVER 10,000 WILL ATTEND.

That Many to Be In Attendance at German Baptist Convention by Tonight.

Harrisburg, May 17.—The German Baptists came into Harrisburg by hundreds yesterday and by tonight over 10,000 will be in Paxtang park, where the annual meeting is being held. The Philadelphia and Reading hauled 10 large trains from Allentown, to which city the Lackawanna had delivered the long trains from the northwest. There will be 10 or 12 solid trains today, men, women and children from the Dakotas, Montana and Pacific coast being due. The Reading also brought in 500 from New England, all Reading trains going directly to the park.

Brethren, their wives and children thronged the union station all day long yesterday, arriving from Kansas, Illinois and the far west. Ten cars came over the Cumberland Valley from the far south, the Norfolk and Western delivering them. Last evening several more came in from the west and south.

A telegram was received yesterday by the committee that 1,368 Baptists from the west had been transferred to the Lehigh Valley at Niagara Falls and would be here today. Bible services were resumed yesterday in the open air tabernacle. The annual conference will open on Tuesday and continue in session the remainder of the week.

## C. P. GENERAL ASSEMBLY.

Committees Appointed to Consider Seminary Control and Mission Board Reorganization.

Springfield, Mo., May 17.—When the Cumberland Presbyterian general assembly reconvened yesterday committees were announced by the moderators' council. It is notable that the committees on theological seminary and missions are composed of 16 members each, or one representative from each synod. These committees will grapple with the two burning questions of the assembly, namely, seminary control and mission board reorganization.

The annual report of the western section of the Presbyterian alliance was read by Rev. J. R. Henry, of Pittsburg.

The trustees reported having $11,834 on hand, which is being held in trust for theological educational purposes. This board has also assisted in raising for college endowment a sum which during the past year has reached $500,000.

**B. & O. Filed Big Mortgage.**

Columbus, O., May 17.—The Baltimore and Ohio Railroad company yesterday filed a refunding mortgage for $75,000,000, in favor of the Union Trust company, of New York. The mortgage was given for the purpose of acquiring securities of the several railways composing the Pittsburg, Lake Erie and West Virginia system, and to make betterments and redeem outstanding bonds. The mortgage is to run 40 years.

**Clarke and Tenny Suspended.**

Chicago, May 17.—Manager Fred Clarke, of Pittsburg, and First Baseman Tenny, of Boston, have been indefinitely suspended by the board of control of the National league, for engaging in a fist fight on the Pittsburg grounds Thursday. John T. Brush, who is president of the board, wired James A. Hart yesterday of the action.

**WEATHER FORECAST.**

Ohio—Partly cloudy today. Tomorrow, fair, with warmer, except in extreme southeast portion; variable winds.

Western Pennsylvania—Fair today. Tomorrow, fair and warmer; variable winds.

West Virginia—Showers today, followed by clearing. Tomorrow, fair and warmer.

My husband came home one evening with some Wine of Cardui and insisted that I take it for a week and see what it would do for me. As he seemed to have so much faith in it I did take the medicine and was very grateful to find my strength slowly returning. In two weeks I was out of bed and in a month I was able to take up my usual duties. I am very enthusiastic in its praise."

MOTHERHOOD is the noblest duty and highest privilege women can achieve or aspire to. Without this privilege women do not get all there is in life—too often they go through the world discontented, wrapped up in their own selfish cares and troubles. How different is the happy mother, watching her children grow into manhood and womanhood. A mother lives as many lives as she has children—their joys and sorrows are hers, as are their ambitions, triumphs and defeats. Healthy women do not suffer miscarriage nor does a woman who is healthy suffer tortures at childbirth. It is the woman who is ailing—who has female weakness—who fears the ordeal of becoming a mother. Wine of Cardui builds up the womanly in a woman. It stops all unnatural drains and strains—irregularities which are responsible for barrenness and miscarriage. It makes a woman strong and healthy and able to pass through pregnancy and childbirth with little suffering. After the ordeal is passed the Wine prepares a woman for a speedy recovery to health and activity.

Wine of Cardui, in re-inforcing the organs of generation, has made mothers of women who had given up hope of ever becoming mothers. Wine of Cardui will cure almost any case of barrenness except cases of organic trouble. How can you refuse to take such a remedy that promises such relief from suffering? Wine of Cardui simply makes you a strong woman, and strong, healthy women do not suffer. They look forward to motherhood with joy.

**WINE of CARDUI** A million suffering women have found relief in Wine of Cardui.

# REVISION OF CREED.

Report of Committee Made to Presbyterian General Assembly.

## DEBATE TO BEGIN THURSDAY.

Both Sessions Yesterday Opened by Devotional Exercises — Reports Made on Different Subjects—Daniel F. Noyes Appointed Vice Moderator

New York, May 17.—The second day's session of the Presbyterian general assembly began at 9 o'clock yesterday in the Fifth Avenue Presbyterian church. The first half hour was taken up with devotional exercises, conducted by Rev. Dr. David Kerr, of Omaha, Neb. The Rev. Dr. J. Ross Stevenson, pastor of the Fifth Avenue church, then in a brief address welcomed the assembly to the church and to the city. The business program was begun, the new moderator, the Rev. Dr. Henry Van Dyke, presiding. The morning session was consumed in the presenting of reports of special committees, among them being that of the special committee on the revision of the confession of faith.

The revision committee, after preliminary remarks explaining the manner in which their conclusions were arrived at, recommends "that the general assembly transmit to the presbyteries for their action" overtures, 11 in number, in the minds of the committee satisfying the many questions at issue.

**Overtures on Foreordination.**

The ones regarding the doctrine of foreordination read:

"With reference to Chapter III of the Confession of Faith, that concerning those who are saved in Christ, the doctrine of God's eternal decree is held in harmony with the doctrine of His love to all mankind, His gift of His Son to be in propitiation for the sins of the whole world and His readiness to bestow His saving grace on all who seek it. That concerning those who perish, the doctrine of God's eternal decree is held in harmony with the doctrine that God desires not the death of any sinner, but has provided in Christ a salvation sufficient for all, adapted to all; that men are responsible for their treatment of God's gracious offer and that His decree hinders no man from accepting that offer; and that no man is condemned except on the ground of sin."

The second overture on foreordination dealing with the salvation of infants reads:

"With reference to Chapter X, Section 3, of the Confession of Faith, that it is not to be regarded as teaching that any who die in infancy are included in the election of grace, and are regenerated and saved by Christ, through the spirit, who works when and where and how He pleases."

The other overtures deal with the subjects of the merit of good works, the lawfulness of taking an oath, the headship of Christ in the church, and a fuller expression of the doctrine of the church concerning the Holy Spirit, missions and the love of God for all men.

At the conclusion of the reading of the report on creed revision there was a wave of applause, but it was noticed that many of the commissioners remained silent.

**Day For Debate to Start.**

John M. Converse, an elder from the Philadelphia presbytery, moved that the report be accepted. This motion was adopted. The Rev. Dr. David Wylie, pastor of the Scotch Presbyterian church, of this city, moved that the report be adopted. This motion was laid on the table, and on motion of Dr. Minton the discussion of the report was set for next Thursday at 10 a. m., and on further motion of Dr. Minton it was resolved that at that time the discussion of the report will be continued until the subject is exhausted and the vote is taken.

The reports on ministerial relief and the Assembly Herald were read and adopted.

An invitation from the Union Theological seminary to the members of the assembly to visit the building and make use of its facilities was read and accepted.

Brief reports of the committees on the digest, editions of the constitution, and reprinting of minutes were read and adopted.

The report of the committee on vacancy and supply was made the fourth order for next Friday. Daniel R Noyes, of St. Paul, Minn., was appointed vice moderator and made an address. The morning session was closed with prayer by Elder Jeremiah Baker, of the Morris and Orange presbytery.

The report of the special committee on church statistics was read by the chairman of the committee, William H. Roberts, and adopted for this assembly. It was agreed that it should be condensed for the next general assembly.

The report of the special committee on the Omaha Theological seminary was presented and read. The old committee was re-appointed to make further reports at the next general assembly.

**Sabbath Observance Report Made.**

The report of the committee on Sabbath observance was presented and was made a special order for next Friday.

At the afternoon session Rev. Dr. John B. Shaw, of the West End Presbyterian church, recalled the fact that the Rev. Dr. John H. Converse had given $25,000 for evangelistic work during the past year.

Rev. Wilton Merle Smith paid a tribute to the late Rev. Dr. Maltbie D. Babcock, of the Brick Presbyterian church.

The Rev. William H. Tower, from South Farmingham, Mass., made a strong plea for an increase of evangelistic work among the children.

Dr. Tower moved an amendment to the fourth resolution, recommending that ministers be called upon to devote a part of every Sunday morning service to the conversion of children and young people. The amendment was adopted.

An adjournment was then taken until 9 o'clock this morning.

## OVER 10,000 WILL ATTEND.

That Many to Be In Attendance at German Baptist Convention by Tonight.

Harrisburg, May 17.—The German Baptists came into Harrisburg by hundreds yesterday and by tonight over 10,000 will be in Paxtang park, where the annual meeting is being held. The Philadelphia and Reading hauled 10 large trains from Allentown, to which city the Lackawanna had delivered the long trains from the northwest. There will be 10 or 12 solid trains today, men, women and children from the Dakotas, Montana and Pacific coast being due. The Reading also brought in 500 from New England, all Reading trains going directly to the park.

Brethren, their wives and children thronged the union station all day long yesterday, arriving from Kansas, Illinois and the far west. Ten cars came over the Cumberland Valley from the far south, the Norfolk and Western delivering them. Last evening several more came in from the west and south.

A telegram was received yesterday by the committee that 1,368 Baptists from the west had been transferred to the Lehigh Valley at Niagara Falls and would be here today. Bible services were resumed yesterday in the open air tabernacle. The annual conference will open on Tuesday and continue in session the remainder of the week.

## C. P. GENERAL ASSEMBLY.

Committees Appointed to Consider Seminary Control and Mission Board Reorganization.

Springfield, Mo., May 17.—When the Cumberland Presbyterian general assembly reconvened yesterday committees were announced by the moderators' council. It is notable that the committees on theological seminary and missions are composed of 16 members each, or one representative from each synod. These committees will grapple with the two burning questions of the assembly, namely, seminary control and mission board reorganization.

The annual report of the western section of the Presbyterian alliance was read by Rev. J. R. Henry, of Pittsburg.

The trustees reported having $11,834 on hand, which is being held in trust for theological educational purposes. This board has also assisted in raising for college endowment a sum which during the past year has reached $500,000.

**B. & O. Filed Big Mortgage.**

Columbus, O., May 17.—The Baltimore and Ohio Railroad company yesterday filed a refunding mortgage for $75,000,000, in favor of the Union Trust company, of New York. The mortgage was given for the purpose of acquiring securities of the several railways composing the Pittsburg, Lake Erie and West Virginia system, and to make betterments and redeem outstanding bonds. The mortgage is to run 40 years.

**Clarke and Tenny Suspended.**

Chicago, May 17.—Manager Fred Clarke, of Pittsburg, and First Baseman Tenny, of Boston, have been indefinitely suspended by the board of control of the National league, for engaging in a fist fight on the Pittsburg grounds Thursday. John T. Brush, who is president of the board, wired James A. Hart yesterday of the action.

**WEATHER FORECAST.**

Ohio—Partly cloudy today. Tomorrow, fair, with warmer, except in extreme southeast portion; variable winds.

Western Pennsylvania—Fair today. Tomorrow, fair and warmer; variable winds.

West Virginia—Showers today, followed by clearing. Tomorrow, fair and warmer.

## Governor Grant Declares Gen. Smith's Work In Leyte Futile.

## MILITARY AUTHORITIES SCARED

### Since Balangiga Massacre—Troops Removed From Towns In Leyte, For the Purpose of Bringing About Military Control.

Washington, May 17.—The secretary of war has transmitted to the senate committee on the Philippines a report made by Captain J. H. Grant, civil governor of the province of Leyte, P. I., concerning the differences of understanding between himself and General J. H. Smith, concerning the control of affairs in that province. The report contained the following in part: It begins with a complaint of the arrest of several native presidentes of villages by the military authorities. "Unfortunately for the peace and tranquility of the people of this province, the military authorties here have sustained a severe fright, since the Balangiga massacre," said the report.

Speaking of General Smith's achievements in the island, Captain Grant says:

"Since General Smith has been in command here there has not been a single surrender of arms or men, nor has there been a single capture to my knowledge. The only thing he has accomplished, to my knowledge, was the arrest of a few men on Biliran and along the straits, on the confession of one of Lukban's officers, the truth of whose statements is yet to be established. So, General, all the sensational newspaper reports that have reached Manila from reporters traveling with General Smith are absolutely without foundation, and have had but one object in view, the return of this province to military control."

Captain Grant asserts that certain troops were removed from towns in Leyte for the purpose of bringing about military control.

## CROWINSHIELD SCORED.

### Sarcastic Speech Made by Williams—Schley Case Up In House.

Washington, May 17.—The house had another lively day of debate yesterday, Philippine atrocities and the Schley case coming in for considerable attention. The naval appropriation bill received little attention after the more exciting themes of debate came up. Mr. Cannon, of Illinois, and Mr. Hepburn, of Iowa, brought on the discussion by criticising the extent to which naval officers secured comfortable berths ashore, whereupon Mr. Williams, of Mississippi, made a very sarcastic speech at the expense of Admiral Crowninshield, during which he read a poem describing the late head of the bureau of navigation as "The Greatest Tar That Ever Stayed Ashore." Mr. Williams denied the assertion of Mr. Grow, of Pennsylvania, that Philippine war methods were similar to those of the Civil War. Mr. Cochran, of Missouri, reinforced Mr. Williams in this contention, while Mr. Landis, of Indiana, discussed the resolutions adopted by Union veterans of Indiana, comparing the copperheads of the present day who criticised the army in the Philippines with the copperheads of '61-'65.

## NO DATE TO VOTE.

### Democrats Opposed One on Philippine Bill.

Washington, May 17.—An effort was made by Mr. Lodge, of Massachusetts, in the senate yesterday to induce the minority to fix a time when a vote might be taken on the Philippine government bill, but Mr. Dubois, of Idaho, speaking for the Democratic side, did not desire to specify a date for the vote. Assurances were given that the minority was not seeking for delay, but wished simply the discussion should be exhausted before the vote was taken.

Mr. McLaurin, of Mississippi, concluded his speech begun Thursday in opposition to the present Philippine policy of the government, which, he maintained, was responsible for all the ills that had come to the United States in those islands.

Mr. Deboe, of Kentucky, supported the pending measure in a carefully prepared speech, maintaining that the policy outlined by McKinley ought to be followed to the end. He asserted that peace would come quickly when the sympathizers of Aguinaldo ceased their attacks on the American army and the American flag.

### Always Dying.

Life consists in a series of changes of tissue, and the human economy is simply, so far as its material part is concerned, a machine and primarily depends on food as the most important factor in keeping it in working order. When it is said that we commence to die as soon as we are born, it of course means that certain parts of the body immediately begin to perish; their existence is ephemeral; they come and go, are replenished and decay. They are the dying parts of that system of life which may last a little while, but which must eventually yield to the inexorable law of nature. The nails, the hair, etc., are observable as an instance of this decay. The same rule applies to every other organ and tissue of the body, though it is not palpable to the naked eye. The skin is always peeling. The food that is taken in the one hour nourishes the system and ejects that which was taken the hour before.

### Reasons For Pride.

There was present at a certain big dinner in England an American woman of prominence who was somewhat annoyed by a tactless English woman who undertook to banter her and who said:

"I take it for granted that you have no coats of arms in your new country."

"Of course no American family could have one unless it was borrowed from English ancestry," replied the former American.

"For instance, has your family any especial cause for pride over your grandfather?" persisted this particularly tactless female cad.

Then the American woman opened up and replied as calmly as possible under the circumstances, "Not much, perhaps, only that my grandfather on my mother's side received Burgoyne's sword when he surrendered at Saratoga and my grandfather on my father's side received the sword of Cornwallis at Yorktown."

### Lucky For the Ancestors.

"It's a great thing to have a fine line of ancestors."

"Doubtless it is, and it's a mighty good thing, too, that some of these fine lines of ancestors couldn't look into the future and see their descendants."—Chicago Post.

A hopeless man is deserted by himself, and he who deserts himself is soon deserted by his friends.

### What Causes Headache.

Exhausted and irritable conditions of the nervous system produce headaches. The cure is to restore the action of the nerves to their normal condition and give the heart a tonic. Clinic Headache Wafers are just this cure; they act on the nerves and are a tonic to the heart. Absolutely harmless. 10 cents at all druggists.

### Tea In the Time of Buddha.

At the time of Buddha China was enjoying a large foreign commerce in tea. It was carried by her junks to Japan, Korea, Tonquin, Anam, Cochin, Burma, Siam, India, Ceylon, Persia and Arabia. According to one record, it was sent to a great black river country west of Arabia, from which it was separated by a long and very torrid sea, which must have been Egypt. It was carried by caravans to Manchuria Mongolia, Kuldja, Tartary, Tibet, Persia and northern India.

### The Way Out.

"How did you ever manage to get out of buying your wife that opera cloak that she wanted so much?"

"Say, Bill, that was easy. I told her that I would buy it for her on her thirty-fifth birthday and asked her to let me know the time."—Detroit Free Press.

"I take it for granted that you have no coats of arms in your new country."

"Of course no American family could have one unless it was borrowed from English ancestry," replied the former American.

"For instance, has your family any especial cause for pride over your grandfather?" persisted this particularly tactless female cad.

Then the American woman opened up and replied as calmly as possible under the circumstances, "Not much, perhaps, only that my grandfather on my mother's side received Burgoyne's sword when he surrendered at Saratoga and my grandfather on my father's side received the sword of Cornwallis at Yorktown."

### Lucky For the Ancestors.

"It's a great thing to have a fine line of ancestors."

"Doubtless it is, and it's a mighty good thing, too, that some of these fine lines of ancestors couldn't look into the future and see their descendants."—Chicago Post.

A hopeless man is deserted by himself, and he who deserts himself is soon deserted by his friends.

### What Causes Headache.

Exhausted and irritable conditions of the nervous system produce headaches. The cure is to restore the action of the nerves to their normal condition and give the heart a tonic. Clinic Headache Wafers are just this cure; they act on the nerves and are a tonic to the heart. Absolutely harmless. 10 cents at all druggists.

James, central passenger agent, 905 Park building, Pittsburg, Pa., for rates and illustrated pamphlets descriptive of the west. 109-eod-tf

### Tea In the Time of Buddha.

At the time of Buddha China was enjoying a large foreign commerce in tea. It was carried by her junks to Japan, Korea, Tonquin, Anam, Cochin, Burma, Siam, India, Ceylon, Persia and Arabia. According to one record, it was sent to a great black river country west of Arabia, from which it was separated by a long and very torrid sea, which must have been Egypt. It was carried by caravans to Manchuria Mongolia, Kuldja, Tartary, Tibet, Persia and northern India.

### The Way Out.

"How did you ever manage to get out of buying your wife that opera cloak that she wanted so much?"

"Say, Bill, that was easy. I told her that I would buy it for her on her thirty-fifth birthday and asked her to let me know the time."—Detroit Free Press.

## GIFT FROM THE KAISER.

Emperor William Will Present United States Monument of Frederick the Great.

Wiesbaden, Hesse-Nassau, May 17.—The German emperor, Wednesday, May 14, telegraphed as follows to the president of the United States, at Washington:

"I am still under the deep impression caused by the splendid and cordial reception of my brother, Prince Henry, by the citizens of the United States of America. In the speeches with which he was greeted the fact was often mentioned that my ancestor, Frederick the Great, maintained a friendly attitude towards the young American republic during the course of her formation, thereby laying the corner stone of the friendly relations which have always existed between our two countries. The example set to me by the great king I intend to follow.

"I wish to commemorate the visit of Prince Henry by a gift to the people of America, which I request you to accept in their name. I intend to present a statue, in bronze, of Frederick the Great, to the United States, to be erected in Washington, on a place which you will kindly choose. May this gift be looked upon as a lasting sign of the intimate relations which have been successfully fostered and developed between our two great nations.

Signed) "William, I. R."

President Roosevelt replied, Thursday, May 15, thanking Emperor William heartily, in the name of the United States, and saying he would lay the matter before congress immediately.

After giving the matter attention the president concluded that no action by congress was necessary, and that as Frederick was a great commander it would be most appropriate to place the statue adjacent to the new war college to be established in Washington. The college is to be erected in the arsenal grounds.

## ONLY DISTURBING FACTORS.

Dun's Says Weather and Wages Continue to Effect Business.

New York, May 17.—R. G. Dun & Co.'s Weekly Review of Trade, issued today, said in part:

Weather and wages continue the only seriously disturbing factors in the business situation. Excessive moisture and low temperature made the crop outlook more uncertain, and much depends on a continuance of prosperity in the agricultural sections. On the other hand, record-breaking distribution of pay in the Pittsburg region accelerated retail trade, while resumption of woolen and other mills added largely to the active force. Transporting lines continue to make splendid exhibits, railway earnings for the first week of May exceeding those of a year ago by 6.2 per cent and surpassing the same week's earnings in 1900 by 19.9 per cent.

As was indicated by weekly reports, pig iron production attained a new record for the month of April at 1,503,326 tons and the weekly capacity of furnaces in blast on May 1, according to The Iron Age, was 352,064 tons, far surpassing all previous high water marks. Such an enormous production would suggest accumulation of supplies, but consumption easily keeps pace, furnace stocks showing a decrease of about 10,000 tons during April to March, the lowest point in recent years. With about 20 more furnaces in course of construction or contemplated, an annual output of twenty million tons is no longer considered remote, while the current year may exceed 18,000,000 tons if no serious labor controversy or other calamity interferes. Quotations continue to vary widely, according to date of delivery, and there is less spot business owing to scanty supplies and to the growing tendency of consumers to place orders for future delivery. There is now very little evidence of buyers holding off for a break. Rails and structural supplies are ordered freely for delivery next year.

More liberal deliveries of woolen goods are reported, showing that fewer looms are idle. The best demand is for staple lines of men's wear, and medium grades of fancy woolens.

While it is generally agreed that there has been much improvement in the winter wheat states since the opening of the month, prices became somewhat firmer upon the publication of the official report of condition on May 1.

Exports for 10 months of the crop year assure the heaviest outgo ever recorded, even if the last two months make poor exhibits. For the past week exports were 3,499,764 bushels, flour included, against 4,023,246 a year ago. Corn advanced on lighter receipts and reports of slow progress in planting.

Failures for the week numbered 228 in the United States, against 177 last year, and 17 in Canada, against 19 a year ago.

## ALL WRONG

The Mistake is Made By Many East Liverpool Citizens.

Don't mistake the cause of backache.

To be cured you must know the cause.

It is wrong to imagine that relief is cure.

You must cure the kidneys.

An East Liverpool resident tells you how this can be done.

Mr. W. P. Cochran, of Mulberry street, East End, says: "At intervals for 30 years I had serious kidney and bladder trouble. The agony I went through can hardly be described. Many nights I rolled from one side to another trying to find an easy position for my back. I could not move without having sharp twinges of pain, and I was also troubled with urinary difficulty, the secretions being very irregular, and at times very distressing. I ran down so that I could hardly help myself. Doctors treated me. I took a power of stuff and I had given up all hope when I saw Doan's Kidney Pills advertised as a never failing remedy. I got a box at the W. & W. pharmacy and after taking half of it I could see some improvement. I continued, and the treatment did me more good than anything I ever used."

Sold for 50 cents a box by all dealers. Foster-Milburn Company, Buffalo, States.

Remember the name—Doan's—and take no other.

## STOCK MARKET WAS WEAK.

One to Three Points Lost by Most Stocks, Friday.

New York, May 17.—The conspicuous feature of yesterday's weak stock market was entire lack of any supporting demand at any stage of the decline. Even the room shorts, who almost invariably cover short contracts at the end of a day of declining prices, showed no solicitude about covering, and the market seemed entirely to lack resilliency. The liquidation was not heavy, but such as it was was very general. While the decision of the anthracite miners for a strike was the ostensible cause of the weakness, the depression was not confined to the coalers, nor was it particularly conspicuous there. The weakness of the general market is represented by quite uniform losses of from one to three points.

## FOUR PROBABLY FATALLY HURT

Structure Fell With People Watching the Fire at Chicago.

Chicago, May 17.—During the progress of a fire which last night destroyed the lard refinery of Armour & Co., in the Union stock yards, 17 people were injured, four of them in a manner which will probably cause death in a short time. The loss of the company is estimated by its officers at between $750,000 and $900,000, with all the chances in favor of the latter figure.

There were a number of accidents, but by far the larger number of those who were hurt met their injuries by the falling of a hog-runway, upon which they were standing to obtain a better view of the fire.

Fatally Injured.

Jennie Smith, stenographer, German-American Provision company, both legs broken.

Ray Irwin, 11 years old, internal injuries and head badly cut.

Israel Morris, driver police patrol wagon, both legs broken.

Michael Maloy, driver of fire engine, internal injuries.

### Peculiar Table Customs.

In a book entitled "Domestic Manners of the Middle Ages" we are told that in those days dinner tables were covered by a "nappe," or tablecloth. Upon it were placed a large saltcellar, bread and cups for wine, but no knives or plates. The reason for the absence of the knives arose from the common practice in vogue of people carrying their own knives in a sheath attached to their girdle.

In an early work, written by Lydgate—"Rules For Behavior at Table"—the guests are told to bring no knives unscoured to the table, which can only mean that each one was to keep his own knife—that is, the one he carried with him—clean.

# Relics of Savagery In Modern Dress

By Professor ALBERT SCHNEIDER, Northwestern University School of Pharmacy, Chicago

STIFF hats, coattails, collars, cuffs, shirt fronts and back and sleeve buttons are relics of savagery and unhealthful and unsightly adjuncts to personal appearance. The stiff hat and especially the silk hat of today is a pernicious and laughable article of clothing. The soft hat is the logical headdress for man.

Cuffs, too, are as useless as one can imagine. They are unhandy, awkward and not a particular thing of beauty.

The same may be said of collars. Why do men torture themselves in such straitjackets as stiff collars and shirt fronts?

I FEAR TO SAY WHAT A WOMAN SHOULD WEAR, BUT IT IS SAFE TO SAY THAT SHE SHOULD NOT WEAR USELESS AND BACTERIA RAISING TRAINS.

She should do away with the veil and especially with the spotted ones, as they are the outgrowth of the beauty spots. Women wear the extremes directly opposite to the extremes worn by men. When women begin to wear big sleeves to give their shoulders a broad appearance, men begin to give up shoulder pads. Trousers were first worn by women. Now they are worn by men and Dr. Mary Walker.

# Teachers Are Like Bicycles

By C. F. Thwing, President Western Reserve University

WHEN THE TEACHER CEASES TO BECOME A BETTER TEACHER, HE BEGINS TO BECOME A WORSE TEACHER. THE TEACHER IS LIKE THE BICYCLE—PROGRESS IS THE ONLY METHOD OF STEADINESS OR EFFECTIVENESS.

### Sulphur and Silver.

A sailor in the custom house the other day took out of his pocket some silver coins that had a strange yellow hue, and a clerk said to him, "What makes your money such a funny color, Jack?" "Well," replied the mariner, "we just got in with a cargo of fuel oil. It's the oil that turned my money yellow. Fuel oil has that effect on every kind of metal. You ought to be on a fuel oil steamer some time. It would surprise you to see the cabin silverware, the kitchen tins and every blasted bit of metal on board all having the jaundiced look. There is sulphur in fuel oil, and it's this sulphur that does the yellowing. Nitric acid will bring back the original color again."—Philadelphia Record.

### She Did.

"Auntie, Charles Gass proposed to me last night."

"The impudent fellow! Somebody ought to sit down on him."

"Why, auntie, I rather think somebody did."—Baltimore News.

A tramp stole a bottle of Dr. Caldwell's Syrup Pepsin. When he appeared in court he explained that he saw in the advertisement that it was "easy to take," so he took it. "Discharged" said the judge. "I will go and take some myself." It is easy to take and it is a perfect laxative. Sold by W. & W. pharmacy.

### Good Advice.

The most miserable beings in the world are those suffering from Dispepsia and Liver Complaint. More than seventy-five per cent. of the people in the United States are afflicted with these two diseases and their effects; such as Sour Stomach, Sick Headache, Habitual Costiveness, Palpitation of the Heart, Heartburn, Waterbrash, Gnowing and Burning Pains at the Pit of the Stomach, Yellow Skin, Coated Tongue and Disagreeable Taste in the Mouth, Coming Up of Food After Eating, Low Spirits, etc. Go to your druggist and get a bottle of August Flower for 75 cents. Two doses will relieve you. Try it at Charles F. Craig's, Foutts building, East Liverpool, Ohio. Get Green's Special Almanac.

### Travelers to California

Naturally desire to see the grandest and most impressive scenery en route. This you will do by selecting the Denver & Rio Grande and Rio Grande Western, "The Scepic Line of the World," and "The Great Salt Lake Route," in one or both directions, as this line has two separate routes across the Rocky mountains between Denver and Ogden. Tickets reading via this route are available either via its main line through the Royal George, Leadville, over Tennessee Pass, through the Canon of the Grand river and Glenwood Springs, or via the line over Marshall Pass and through the Black Canon of the Gunnison, thus enabling the traveler to use one of the above routes going and the other returning. Three splendidly equipped fast trains are operated to and from the Pacific coast, which carry through standard sleepers daily between Chicago, St. Louis, Denver and San Francisco. Dining cars (service a la carte) on all through trains. If you contemplate such a trip, let us send you beautifully illustrated pamphlets, free. S. K. Hooper, G. P. & T. A., Denver, Col. 7-tf-2-tf

# SHE WAS DYING!

## All Run Down and Overworked —Cured With Blood Wine.

An Appeal to the Women of This City Which Should Not Go Unheeded.

MRS. G. G. HILDRETH.

The following expression of gratitude ought to interest every person in this city, particularly the women. It is an open letter from Mrs. G. G. Hildreth of Worcester Mass:

"It gives me great pleasure to testify to the phenomenal success that I have had with Blood Wine. For some time I was all run down. Had a dragged out feeling. Couldn't sleep. Was losing flesh and my appetite. I felt overworked, yet didn't do hardly anything. My color was all gone, and my cheeks had a faded, sickly appearance, that made my friends all tell me I was going to die. Yes, I believe I really was in a decline, for I was a mere shadow, and the world seemed to hold no hope for me. I was sad, melancholy, and cried a great deal. I spent all the money I could on doctors, and got no relief. One day I went to the proprietors of "Blood Wine" and told my story. I asked if they could help me, and they told me to call again in three days. This I did, and they encouraged me, and gave me two bottles of medicine, which I took and felt relief at once. I continued the treatment, and one by one the different symptoms disappeared. I have just reached the point where I feel entirely well, and will discontinue the medicine. I am now a stout, healthy woman (as my picture will indicate) and owe it all—my life—to "Blood Wine." It is the grandest thing I ever saw, and no woman (or man either) should be without it in the house. I will gladly substantiate this statement in a personal letter to any one interested."

Try "Blood Wine" today. "Blood Wine" contains no wine or opiates,—just powerful medicines, many of which are new to medical science. "Blood Wine" costs fifty cents a bottle, but you can sample it free of charge at Will Reed's and Hodson's drug-stores.

## GIFT FROM THE KAISER.

Emperor William Will Present United States Monument of Frederick the Great.

Wiesbaden, Hesse-Nassau, May 17.—The German emperor, Wednesday, May 14, telegraphed as follows to the president of the United States, at Washington:

"I am still under the deep impression caused by the splendid and cordial reception of my brother, Prince Henry, by the citizens of the United States of America. In the speeches with which he was greeted the fact was often mentioned that my ancestor, Frederick the Great, maintained a friendly attitude towards the young American republic during the course of her formation, thereby laying the corner stone of the friendly relations which have always existed between our two countries. The example set to me by the great king I intend to follow.

"I wish to commemorate the visit of Prince Henry by a gift to the people of America, which I request you to accept in their name. I intend to present a statue, in bronze, of Frederick the Great, to the United States, to be erected in Washington, on a place which you will kindly choose. May this gift be looked upon as a lasting sign of the intimate relations which have been successfully fostered and developed between our two great nations.

Signed) "William, I. R."

President Roosevelt replied, Thursday, May 15, thanking Emperor William heartily, in the name of the United States, and saying he would lay the matter before congress immediately.

After giving the matter attention the president concluded that no action by congress was necessary, and that as Frederick was a great commander it would be most appropriate to place the statue adjacent to the new war college to be established in Washington. The college is to be erected in the arsenal grounds.

## ONLY DISTURBING FACTORS.

Dun's Says Weather and Wages Continue to Effect Business.

New York, May 17.—R. G. Dun & Co.'s Weekly Review of Trade, issued today, said in part:

Weather and wages continue the only seriously disturbing factors in the business situation. Excessive moisture and low temperature made the crop outlook more uncertain, and much depends on a continuance of prosperity in the agricultural sections. On the other hand, record-breaking distribution of pay in the Pittsburg region accelerated retail trade, while resumption of woolen and other mills added largely to the active force. Transporting lines continue to make splendid exhibits, railway earnings for the first week of May exceeding those of a year ago by 6.2 per cent and surpassing the same week's earnings in 1900 by 19.9 per cent.

As was indicated by weekly reports, pig iron production attained a new record for the month of April at 1,503,326 tons and the weekly capacity of furnaces in blast on May 1, according to The Iron Age, was 352,064 tons, far surpassing all previous high water marks. Such an enormous production would suggest accumulation of supplies, but consumption easily keeps pace, furnace stocks showing a decrease of about 10,000 tons during April to March, the lowest point in recent years. With about 20 more furnaces in course of construction or contemplated, an annual output of twenty million tons is no longer considered remote, while the current year may exceed 18,000,000 tons if no serious labor controversy or other calamity interferes. Quotations continue to vary widely, according to date of delivery, and there is less spot business owing to scanty supplies and to the growing tendency of consumers to place orders for future delivery. There is now very little evidence of buyers holding off for a break. Rails and structural supplies are ordered freely for delivery next year.

More liberal deliveries of woolen goods are reported, showing that fewer looms are idle. The best demand is for staple lines of men's wear, and medium grades of fancy woolens.

While it is generally agreed that there has been much improvement in the winter wheat states since the opening of the month, prices became somewhat firmer upon the publication of the official report of condition on May 1.

Exports for 10 months of the crop year assure the heaviest outgo ever recorded, even if the last two months make poor exhibits. For the past week exports were 3,499,764 bushels, flour included, against 4,023,246 a year ago. Corn advanced on lighter receipts and reports of slow progress in planting.

Failures for the week numbered 228 in the United States, against 177 last year, and 17 in Canada, against 19 a year ago.

## ALL WRONG

The Mistake is Made By Many East Liverpool Citizens.

Don't mistake the cause of backache.

To be cured you must know the cause.

It is wrong to imagine that relief is cure.

You must cure the kidneys.

An East Liverpool resident tells you how this can be done.

Mr. W. P. Cochran, of Mulberry street, East End, says: "At intervals for 30 years I had serious kidney and bladder trouble. The agony I went through can hardly be described. Many nights I rolled from one side to another trying to find an easy position for my back. I could not move without having sharp twinges of pain, and I was also troubled with urinary difficulty, the secretions being very irregular, and at times very distressing. I ran down so that I could hardly help myself. Doctors treated me. I took a power of stuff and I had given up all hope when I saw Doan's Kidney Pills advertised as a never failing remedy. I got a box at the W. & W. pharmacy and after taking half of it I could see some improvement. I continued, and the treatment did me more good than anything I ever used."

Sold for 50 cents a box by all dealers. Foster-Milburn Company, Buffalo, States.

Remember the name—Doan's—and take no other.

## STOCK MARKET WAS WEAK.

One to Three Points Lost by Most Stocks, Friday.

New York, May 17.—The conspicuous feature of yesterday's weak stock market was entire lack of any supporting demand at any stage of the decline. Even the room shorts, who almost invariably cover short contracts at the end of a day of declining prices, showed no solicitude about covering, and the market seemed entirely to lack resilliency. The liquidation was not heavy, but such as it was was very general. While the decision of the anthracite miners for a strike was the ostensible cause of the weakness, the depression was not confined to the coalers, nor was it particularly conspicuous there. The weakness of the general market is represented by quite uniform losses of from one to three points.

## FOUR PROBABLY FATALLY HURT

Structure Fell With People Watching the Fire at Chicago.

Chicago, May 17.—During the progress of a fire which last night destroyed the lard refinery of Armour & Co., in the Union stock yards, 17 people were injured, four of them in a manner which will probably cause death in a short time. The loss of the company is estimated by its officers at between $750,000 and $900,000, with all the chances in favor of the latter figure.

There were a number of accidents, but by far the larger number of those who were hurt met their injuries by the falling of a hog-runway, upon which they were standing to obtain a better view of the fire.

Fatally Injured.

Jennie Smith, stenographer, German-American Provision company, both legs broken.

Ray Irwin, 11 years old, internal injuries and head badly cut.

Israel Morris, driver police patrol wagon, both legs broken.

Michael Maloy, driver of fire engine, internal injuries.

Peculiar Table Customs.

In a book entitled "Domestic Manners of the Middle Ages" we are told that in those days dinner tables were covered by a "nappe," or tablecloth. Upon it were placed a large saltcellar, bread and cups for wine, but no knives or plates. The reason for the absence of the knives arose from the common practice in vogue of people carrying their own knives in a sheath attached to their girdle.

In an early work, written by Lydgate—"Rules For Behavior at Table"—the guests are told to bring no knives unscoured to the table, which can only mean that each one was to keep his own knife—that is, the one he carried with him—clean.

# Relics of Savagery In Modern Dress

By Professor ALBERT SCHNEIDER, Northwestern University School of Pharmacy, Chicago

STIFF hats, coattails, collars, cuffs, shirt fronts and back and sleeve buttons are relics of savagery and unhealthful and unsightly adjuncts to personal appearance. The stiff hat and especially the silk hat of today is a pernicious and laughable article of clothing. The soft hat is the logical headdress for man.

Cuffs, too, are as useless as one can imagine. They are unhandy, awkward and not a particular thing of beauty.

The same may be said of collars. Why do men torture themselves in such straitjackets as stiff collars and shirt fronts?

I FEAR TO SAY WHAT A WOMAN SHOULD WEAR, BUT IT IS SAFE TO SAY THAT SHE SHOULD NOT WEAR USELESS AND BACTERIA RAISING TRAINS.

She should do away with the veil and especially with the spotted ones, as they are the outgrowth of the beauty spots. Women wear the extremes directly opposite to the extremes worn by men. When women begin to wear big sleeves to give their shoulders a broad appearance, men begin to give up shoulder pads. Trousers were first worn by women. Now they are worn by men and Dr. Mary Walker.

### Sulphur and Silver.

A sailor in the custom house the other day took out of his pocket some silver coins that had a strange yellow hue, and a clerk said to him, "What makes your money such a funny color, Jack?" "Well," replied the mariner, "we just got in with a cargo of fuel oil. It's the oil that turned my money yellow. Fuel oil has that effect on every kind of metal. You ought to be on a fuel oil steamer some time. It would surprise you to see the cabin silverware, the kitchen tins and every blasted bit of metal on board all having the jaundiced look. There is sulphur in fuel oil, and it's this sulphur that does the yellowing. Nitric acid will bring back the original color again."—Philadelphia Record.

# SHE WAS DYING!

## All Run Down and Overworked —Cured With Blood Wine.

An Appeal to the Women of This City Which Should Not Go Unheeded.

MRS. G. G. HILDRETH.

The following expression of gratitude ought to interest every person in this city, particularly the women. It is an open letter from Mrs. G. G. Hildreth of Worcester Mass:

"It gives me great pleasure to testify to the phenomenal success that I have had with Blood Wine. For some time I was all run down. Had a dragged out feeling. Couldn't sleep. Was losing flesh and my appetite. I felt overworked, yet didn't do hardly anything. My color was all gone, and my cheeks had a faded, sickly appearance, that made my friends all tell me I was going to die. Yes, I believe I really was in a decline, for I was a mere shadow, and the world seemed to hold no hope for me. I was sad, melancholy, and cried a great deal. I spent all the money I could on doctors, and got no relief. One day I went to the proprietors of "Blood Wine" and told my story. I asked if they could help me, and they told me to call again in three days. This I did, and they encouraged me, and gave me two bottles of medicine, which I took and felt relief at once. I continued the treatment, and one by one the different symptoms disappeared. I have just reached the point where I feel entirely well, and will discontinue the medicine. I am now a stout, healthy woman (as my picture will indicate) and owe it all—my life—to "Blood Wine." It is the grandest thing I ever saw, and no woman (or man either) should be without it in the house. I will gladly substantiate this statement in a personal letter to any one interested."

Try "Blood Wine" today. "Blood Wine" contains no wine or opiates,—just powerful medicines, many of which are new to medical science. "Blood Wine" costs fifty cents a bottle, but you can sample it free of charge at Will Reed's and Hodson's drug-stores.

## MASS OF FLAME ENVELOPES A CHILD

**Frightful Accident Caused the Death of an East End Little One.**

### CLOTHING ALL BURNED OFF

**And Its Little Body Terribly Seared By the Cruel Flames—A Girl Aged Two Was Trying to Help Mother And Set Herself on Fire.**

A frightful accident, which later caused the death of Helen, the two-year-old daughter of Mr. and Mrs. Frank D. White, of Railroad street, East End, occurred at 8 o'clock this morning.

The child died about 2 o'clock this afternoon.

Mrs. White was boiling some clothing in the yard in the rear of her home, and had the tub setting on a round gas burner, which was attached to a gas pipe leading from the house. A flame of gas surrounded the tub. While Mrs. White was away the child thought the clothes should be stirred. Walking over to the tub she took a stick and began to poke the clothes.

The clothing of the child came in contact with the flame, and, before anyone could reach the child, became a mass of flame. Not a cry did the little one utter, but stood there beating its clothing trying to extinguish the fire.

Mrs. Blue, who resides on St. George street, was in the rear of her home at the time of the accident, and was the first to see the child's peril. She went to the home of Mrs. White, but by the time she got there Mr. White had seen what had happened, ran to his child and extinguished the flames with his hands. In doing this his left hand and several fingers of his right hand were severely burned.

The child's clothing was burned from its body, while its legs, hands, arms, and its face and neck were frightfully burned. Until the physician arrived the child's burns were dressed by those about the house. Before the wounds were dressed morphine and chloroform were administered.

The burns were so bad that some of the flesh peeled from the body. The accident is one of the worst that has occurred in the East End in months.

## IN PROBATE COURT

**An Administratrix Appointed and Deeds Ordered to Be Made.**

Lisbon, May 17.—(Special)—Susan A. Chestnut has been appointed administratrix of the estate of William Chestnut, late of Salem township. Bond, $100.

Probate court has ordered A. W. Taylor, as the administrator of the estate of Frederick L. Seitz, of Perry township, to make a deed to Matilda R. Marlnee for 17 acres of land in Hanover township, for which he pays $1,004, and also to make a deed to John Delfs for a piece of land on Broadway in Salem, for which he pays $2,000.

William Pittinger has been appointed administrator of the estate of James B. Hill, late of Liverpool township. Bond for $5,200 was furnished.

## KEPT OH THE MOVE

**Sanitary Policeman Burgess Busy Attending to Abating Nuisances.**

One of the busiest men in the city at the present time is Sanitary Policeman Burgess. From morning until night he is on the go looking after the streets and alleys.

He reports that a few alleys in the East End and a street under the hill in the West End have caused him more than the ordinary amount of work, residents in these districts being very negligent as to the cleanliness of their surroundings. In a few weeks, however, East Liverpool, through the work of its sanitary officer, will be out of its state of filthiness.

## PARK POLICEMEN

**Plans For Officers to Preserve Order at the Park at All Times.**

According to a statement made by Manager J. Howard Maxwell, of Rock Springs, at the council meeting Thursday night, the park is to have a small police force of its own this summer. Mr. Maxwell, in speaking of the recent disturbances made by a crowd of small boys in the vicinity of Rock Springs, stated that any such disturbances in the interior of the park would be attended to by park policemen, but that outside of the property the park people had no jurisdiction. He said that they intended to have at least one and possibly three policemen in the park all summer, and that they would be on duty all day and until midnight, at which time the place will always be locked up for the night.

## PLUMBERS' SCALE

**BOSSES SAY THEY WON'T EMPLOY MEN UNDER IT.**

**The Proposition Is $3.75 For a Nine Hour Day Except In Winter.**

Not being able to secure a room in which they might converse in secret, the journeymen plumbers deferred the meeting set for last night until tomorrow afternoon at 4 o'clock. They state that the scale submitted to them by the bosses does not give them $4 for a day's work of nine hours, but rather $3.75 for nine hours and eight on Saturday for all but the winter months, when they will receive the same money for eight hours straight.

One of the bosses when asked this morning concerning the probable result of the communication said: "I don't care what the journeymen do with it and I care less. They have worn my patience, and I don't propose to bother with them any longer. If they accept the proposition and it is presented to me for my signature I will sign it, but as for hiring one of them to work at such a scale I would never do it. We may be compelled to sign the scale, but we don't have to employ the men."

## OLD MINER KILLED

**Smith Whitehead, Workman In Prospect Mine, Visited by Sudden Death.**

East Palestine, May 17.—Smith Whitehead, one of the oldest and best known miners in this section, was instantly killed Thursday forenoon at 9 o'clock. He was employed at the Prospect mine and was bearing in when a mass of slate fell without warning, killing him almost instantly. The remains were removed within 20 minutes, and taken to his home in New Liberty.

He is survived by a wife and eight children. The mine was at once closed until Monday morning. The funeral will probably be held Sunday.

## RAILROAD APPRAISED

**Valuation of Lisbon And Cleveland Branches of the Erie Fixed By Auditors.**

Lisbon, May 17.—(Special)—The Cleveland & Mahoning Valley railroad has just been appraiseed by a board of appraisers, composed of the auditors of the counties through which the line passes. This road is a division of the Erie between Cleveland and Youngstown, including the Niles and Lisbon branch.

The main line was appraised at $17,000 per mile, an increase of $50 over last year. The rolling stock was valued at $3,000 per mile, the same as before, and the tools and supplies at $500.

**Memorial Day Committee**—The G. A. R. post held a meeting last evening and appointed the following committee to perfect the details for Memorial day exercises: N. A. Frederick, chairman; J. D. West, Captain Dawson and Mack Anderson. In 'Squire McLane's office the committee will hold a meeting next Tuesday evening and will then make out the full program. The usual divine service preceding the exercises will be held in the Christian church Sunday morning, May 25. Rev. J. W. Gorrell will preach the sermon.

**New Base Ball Team**—Otto Palmer is manager and George Rigby captain of another base ball team recently organized. From the following lineup it is quite noticeable that the team is made up of able members: Hanlon, catcher; Rigby, pitcher; McClure, first; Allison, second; Robinson, short; Myler, third; Dawson, left; Maley, middle; Cook, righht. Manager Palmer wants a game with either the Carroll club or the Y. M. C. A. team.

## STRAY BULLET HITS A CHILD

**Little Daughter of John Bossan Nearly Lost the Sight of An Eye.**

### WOUNDED ON THE NOSE

**Was Sitting In the Grass With Playmates When the Accident Occurred. Not Known Who Fired the Shot. Police Investigating.**

An accident, which came near causing the loss of an eye to Lottie Bossan, the 8-year-old daughter of Mr. and Mrs. John Bossan, residing on Ogden street, occurred at about 6:30 o'clock last evening. Though the child was not seriously injured, the close call should serve as a warning to boys who have been in the habit of toying with pistols and promiscuously discharging air guns.

The Bossan girl was sitting on a plot of grass with a number of companions when a pistol shot was heard. Almost simultaneously a bullet came whizzing toward her and buried itself in the little girl's nose. With a cry of pain she jumped to her feet, and with her startled playmates following, went running to her home.

Blood was streaming from the wound, and the mother, believing that the child was seriously injured, sent for a physician. An examination, however, revealed that the wound was not dangerous. The bullet did not penetrate far enough to imbed itself and had fallen out probably while the child was running home.

Careful investigation has as yet failed to divulge who fired the bullet. Eber Thompson, son of Harvey Thompson, was carying a pistol in the neighborhood at the time, but it is claimed by the boy's father that the weapon is only made for blank cartridges and will not discharge bullets.

It is the presumption that the ball which struck the little girl was fired from an air rifle in the hands of one of the boys who was shooting at birds near the spot where the accident occurred.

The police are further investigating the affair and serving warnings on the youngsters who own the dangerous air guns. Had the bullet that injured the Bossan child struck an inch higher to the right or left, it would doubtless have destroyed the sight of an eye.

John Bossan, the father of the injured girl, is working at Lisbon, where his family will locate in a few days.

**Sentenced For Horse Stealing.**

Canton, May 17.—Frederick Deterick, of Salem, wept when he left the court room after receiving a sentence of one year and three months on a charge of obtaining money under false pretense. Deterick was on a spree last January. He hired a rig from Liveryman John Hoffman, at Salem, and drove to Alliance. There he sold the horse and buggy for $57.50.

**Telephone Exchange Damaged.**

## PROSPEROUS ORDER IS OHIO I. O. O. F.

**Facts Showing Its Growth to Be Laid Before Grand Lodge Next Week.**

### EAST LIVERPOOL'S RECORD

**In the Organization One That Members May Well Be Proud Of—Seventieth Annual Gathering Promises to Be Most Important.**

From a Staff Correspondent.

Columbus, May 17.—The Ohio Grand Lodge, Improved Order of Odd Fellows, will convene in annual session at Marion next Tuesday, remaining in session until Friday. It will be the seventieth annual gathering and will be one of the most important ever held. There are 78 districts in the state and each will be represented by one delegate. Grand Master James L. Lowrey, of Van Wert, will preside over the gathering. The first annual meeting of the Grand Lodge was held at Cincinnati.

The growth of the order has been wonderful in this state. Starting out with a mere handful of members the organization has steadily progressed and now has a membership well up in the thousands. There are 728 subordinate lodges, auxiliary institutions, ing a membership of 68,171. The Rebecca lodges, auxiliary institutions, number 416, with 29,280 members. On March 31 the balance sheet of the subordinate lodges showed a total of $83,092.44 in the treasury. The order was never stronger numerically and financially and its future prospects are bright. The Odd Fellows' home at Springfield is reported to be in first-class order.

The principal business will be the adoption of a new constitution. A special committee composed of past grand masters has been revising the law and will submit a report of their work at the meeting. The chief changes made provide for the changing of the time for holding of elections from the last week in November to the first week in December and the abolition of trials by district committees and the creation of a state committee for the purpose of passing on and trying all cases involving violations of the laws of the order. It is probable the report of the committee will be adopted.

Officers are not elected at the annual session of the grand lodge, the method of selection being by ballot in the lodge rooms of the various bodies of the order. The grand lodge, however, selects the grand trustee. The present incumbent, L. E. Dodd, of Zanesville, is a candidate to succeed himself and he will likely be successful. The list of grand lodge officers is as follows: Grand master, James L. Lowrey, Van Wert; deputy grand master, J. M. Bever, Findlay; grand warden, C. C. Pavey, Columbus; grand secretary, C. H. Lyman, Columbus; assistant grand secretary, Ralph P. Miller, Columbus; grand secretary, C. E. Niles, Findlay; representatives to meeting of national body, J. M. Brodrock, Marysville, and John C. Whitaker, Dayton. The delegates will be allowed $4 per day and mileage. Next year's meeting will probably be held at Dayton. The meeting of 1901 was held at Springfield.

S. D. Longshore, of Lisbon, is the delegate from district No. 26. East Liverpool lodge, No. 379, is on the roll of honorable mention for the year just ended. The lodge is one of the wealthiest in the state. An abstract of the financial condition of the various bodies shows the following totals for the East Liverpool lodge: Amount of cash on hand belonging to the general fund, $604.87; amount of the general fund invested, $13,609.74; amount of widows' and orphans' fund, $456.16; total assets, $14,670.77.

The Y. M. C. A. Athletic association, of East Liverpool, has been incorporated by Mark C. Wright, Perry Stephens, Charles E. Macrum, R. W. Sample and A. H. Bulger.

## WORK OF PUPILS

**OF A MERITORIOUS SORT SHOWN IN THE SCHOOLS.**

**Parents' Day Attracted Large Numbers of Visitors to School Rooms.**

In the several schools of the city parents' day was observed yesterday, and from 1 o'clock until the closing hour a constant stream of visitors passed through the buildings.

Each room was prettily decorated with flowers and on the black boards were seen artistic drawings of the scholars. The drawing exercise in the schools is one to which much time is devoted. The scholars, having taken great interest in it are becoming quite proficient. It was introduced to assist scholars in the comprehension of studies which have heretofore been practically beyond their ready grasp. Through it such studies as physiology and botany are made very easy.

A child is given a subject, for instance, the heart. He is told to make a drawing of that organ and then describe it in a story of his own words. The teacher examines both, makes the necessary corrections and then instructs the child to try again and so on until he thoroughly understands the subject. Supt. Rayman and all of the teachers are heartily in favor of the method and the results are most successful.

## KNOCKED FROM A CAR

**DANIEL WARD RENDERED UNSCIOUS BY INJURIES.**

**A Serious Accident Occurred at Congo—Victim Struck By Heavy Timber.**

Daniel Ward at Congo was the victim of a very serious accident this morning. He was engaged in loading piling on a box car near the brick works and was suddenly knocked off the car by one of the heavy pieces of timber. He fell on a cinder pile by the side of the track and when picked up by his friends was found unconscious.

He was carried to his home, where it was found that his right arm and shoulder were badly crushed and also his nose and one rib was broken.

The accident was a very serious one, but is not considered fatal. He will be laid up for several weeks.

## CHURCH RE-OPENING

**Notable Event in the History of New Cumberland Methodism.**

The re-opening exercises of the Methodist Episcopal church of New Cumberland will be held tomorrow. Dr. Clark Crawford, of East Liverpool, together with Dr. Charles W. Smith, of Pittsburg, will conduct all of the services of the day.

The following is the order of services: Morning service at 10:30 a. m.; platform services at 2 p. m.; evening service at 7:30 p. m.

**Surprised the Ladies**—At the close of their regular meeting held last evening the Daughters of Liberty were tendered a most enjoyable surprise by the Jr. O. U. A. M., the members of which, in their usual hospitable manner, entertained the ladies with a banquet and afterwards with a musical program. The delightful luncheon served consisted of coffee, cake, sandwiches and ice cream.

**Baseball Today.**

The opening game of the baseball season will be played in New Cumbeland today between Bethany college and the strong New Cumberland team, recently organized. A very exciting contest is expected.

## THE JUNIORS GIVE A FINE RECEPTION

**Senior Class and Faculty Delightfully Entertained at the Elks' Rooms.**

### AN EXCELLENT PROGRAM

**Which Was Fully Appreciated by the Large Number of Young People Present—Decorations Tasteful and Exquisite—Fine Luncheon Served.**

The farewell reception of the Junior class to the class of 1902 of the high school took place last evening in the Elks' rooms. It was one of the most delightful affairs of the kind ever given in this city.

The Elks' rooms were very tastefully and artistically decorated in the class colors of the Juniors and Seniors, which are, respectively, green and white and pink and green. Crepe paper in these delicate shades had been cut into long strands and suspended from the center to the corners of the rooms, while at the windows and doors curtains of these colors were draped back in graceful fashion. The effect was most beautiful and reflected not a little credit upon the artistic ability of the class.

A program had been arranged by a Junior committee, of which Mr. Blaine Cochran was chairman. It was as follows:

Selection, Mandolin club; recitation, Miss Georgia Croxall; vocal solo, Prof. H. F. Laughlin; piano solo, Miss Bessie Adams; recitation, Miss Claudia Gill; song, Gwendolin quartet; selection, mandolin club.

The program concluded, the guests showed their appreciation of good music by indulging in that pastime which has been called "the poetry of motion."

During the evening a very delightful collation was served by the Woman's Relief Corps. In this also the combined class colors were much in evidence.

The whole affair was most enjoyable and one long to be remembered by all.

Aside from the Seniors, in whose honor the reception was given, the guests included Prof. R. E. Rayman, Prof. and Mrs. H. F. Laughlin and the faculty of the high school, Miss Florence Updegraff, principa; Misses Cora Henry, Jessie Manley, Messrs. C. F. Armour, C. T. Austin and G. N. Armstrong.

Will Cripps, the president of the class, as well as those who so ably assisted him, have won for themselves a reputation as hosts and hostesses of no mean ability.

## CONTRACT LET

**For the Grading of the Grounds for the Y. M. C. A. Athletic Field.**

The contract was let last evening to Funkhouser & Hunter, of New Brighton, for the grading of the new park of the Y. M. C. A. Athletic association in Chester. Their price is 29 cents a cubic yard.

The lower end of the ground will probably be prepared for the use of the gun club. A contract will soon be let for a fence about the grounds.

## FRIENDS AND VISITORS

George West, of Canal Dover, is visiting frineds on Sixth street.

Mayor Davidson returned last evening from a visit with his brother at Senecaville.

Mrs. Frank Potts and children are at Salineville, the guests of Mrs. Potts' parents, Mr. and Mrs. L. Bright.

Prof. J. L. McDonald, of Wellsville, will deliver the address to the Lisbon graduating class of the high school on May 29.

Mrs. John Wick, Jr., of Kittanning, Pa., who has been visiting her mother, Mrs. M. A. Kinsey, for three weeks, has returned home.

R. G. Thompson and wife, of Salineville and their daughter, Miss Anna, of New York city, are in the city the guests of R. T. Robbins, of Sheridan avenue. Mr. Thompson is the father of the county treasurer-elect, and a well known G. A. R. man.

Mrs. H. E. Porter, of Allegheny, is visiting at the home of Mr. and Mrs. William Mayer, of Derby road. She is accompanied by her son, John Porter, who has just recently returned from an extensive tour of the United States of Columbia and other southern countries.

## EAST END

### TO THE KLONDIKE

**Ft. Pitt Gas Company Proposes to Extend Its Mains—New Pipe Received.**

The Fort Pitt Gas company proposes to extend its service to the Klondike section, and for this purpose a carload of four-inch pipe was received at the East End freight yards. Supt. Hunter stated this morning that the pipe would be distributed about this part of the East End next week and that work placing it under the ground would start as soon as possible.

After this work is completed the East End will be very well supplied with gas.

**Called Home By Son's Illness.**

Thomas Menough, well known in the East End, now employed by a Cleveland firm, while in the city yesterday received word from his home of the serious illness of his son at his home in Cleveland. He left for Cleveland last evening.

**Railroaders Defeat Plumbers.**

There was a base ball game at Columbian park yesterday afternoon between the plumbers and the employes of the East Liverpool street railway. The game was of an exciting kind and was won by the street railway men by a score of 28 to 8. This was the score by which the plumbers were defeated by the street railroaders at Rock Springs park last summer. Arrangements are being made to play another game.

**Married a Week Ago.**

After a week announcement was made this morning of the wedding at Calcutta Wednesday of last week of Thomas Ramsey, a handler at Laughlin No. 2, and Miss Florence Ripple, formerly employed as a finisher at the same plant. The young couple are among the best known in the East End and have gone to housekeeping on Pennsylvania avenue, Mr. Ramsey having purchased property from John Grant.

**Suit to Recover Money.**

The case of Boley against Cochran, which was to have been heard before Justice L. W. Carman last Wednesday evening, will be tried this evening at 7 oclock. The case is to recover $17, with interest for two years and nine months, for work and labor performed.

**U. P. Church Services.**

The services both morning and evening at the Second U. P. church tomorrow will be in charge of Rev. Mr. Cowan, of Eighty-Four, Washington county, Pa., and give promise of being interesting.

**EAST END AFFAIRS.**

R. C. Howard is able to be out after a short illness.

Justice L. W. Carman will serve as a juryman at Lisbon next week. He was summoned last evening.

Mr. and Mrs. T. F. Anderson, of Pennsylvania avenue, will spend Sunday at Sewickley visiting friends.

Henry Herbert left this morning for Pennsylvania, where he attended the funeral of an aunt. He will return home this evening.

Rev. John Hanley, pastor of the Canton U. P. church, was in the East End yesterday visiting his parents. He returned to Canton last evening.

"Snakes of many poisonous varieties can be handled without danger if the handling is done properly," says a dealer in animals. "Most people imagine that snake charmers handle only nonpoisonous snakes, or snakes with the poison sacs removed, but such is not always the case. I have seen snake charmers fearlessly handle reptiles of the deadliest variety without apparent danger to themselves, the snakes in fact making no attempt to bite. A snake does not bite unless angered, and snake charmers are careful in their handling to soothe the animal instead of alarming it. They generally begin their manipulation by stroking and avoid all sudden movement in handling the snake. Most snake charmers I have come in contact with were morphine fiends, and by the absorption of this poison they were impervious to the poison of any but the most deadly variety of snakes."

**Steel Wire Ropes.**

Steel wire ropes should be of crucible steel, having a breaking strength of seventy to seventy-six tons per square inch. Large pulleys are more necessary for wire than for hemp ropes, the smallest diameter permissible being 1,300 to 1,400 times the diameter of the wire in the rope if of iron and 2,000 times if of steel. For mining purposes wire ropes are best made with a hemp core, being more flexible.

**Japanese Lacquer.**

A piece of genuine Japanese lacquer costs the native artist almost a lifetime to perfect and is produced by hundreds of thin coats of lacquer laid on at considerable intervals of time, the value consisting rather in the labor bestowed than in the quality of the material used. First class lacquer work can scarcely be scratched by a needle.

## AN INCENSE PARTY.

**Odd Etiquette of an Interesting Japanese Function.**

If you ever receive an invitation to a Japanese incense party, accept it promptly and thankfully. It has no counterpart in our own social system and is as merry and pleasant an affair as can be imagined. The people of the mikado's land have trained the nostrils for generations the same as we have trained the eye and ear, and they display a skill which at times is startling to a westerner. There is an odd etiquette to be followed in these social affairs. For the twenty-four hours preceding the party each guest must avoid the use of anything which can produce any odor whatever. Scented soaps, perfumes, odorous foods and even spices must be avoided. These prevent the user from smelling accurately and also interfere with the other members of the party.

When you dress, be careful to put on no garment that has been kept in the neighborhood of camphor wood, tobacco, bouquets, dried blossoms or scented powder. When you reach the house of your host, enter it as softly as you can and as slowly as possible. This is to prevent making a draft by the movement of your own body. Be equally leisurely in opening and closing doors, as a quick movement induces a sudden rush of air. In the drawing room the hostess burns a series of incenses, usually four or five in number. Each guest is allowed to take three sniffs of each incense and must then jot down its name and number upon a card. Each of the four or five incenses is burned two or three times, so that the number of cards will vary from eight to fifteen. At the end the cards are laid out on the table, and the hostess reads the names of the incenses employed, which are checked off upon the cards. The guest who has guessed the largest number receives a pretty prize, which is sometimes a silver or bronze incense burner, statuette or carving. Among the Japanese the average woman guesses correctly about six times in ten, while with the American women the ratio is three in ten.—New York Post.

of business, but it is thought that her daughter, Miss Sylvia Green, who is in the social swim, may have caused the change.

Miss Sylvia Green on the death of her mother will be one of the wealthiest women in the country, and her hand has been sought by some of Europe's proudest nobles, so far without success. At one time it was announced that she was engaged to the Duke de la Torre, a grandee of Spain and son of Marshal Serrano, who was regent of Spain and also captain general of Cuba. Again, gossip reported that the Earl of Yarmouth was to lead the fair American to the altar. Neither of these gentlemen possessed money, and so far neither has succeeded in annexing any of the Green millions.

Miss Green is a tall, slender young woman, with a thoughtful and intellectual face. She has already spent several seasons in Newport and is a member of the Knickerbocker set in New York city. Miss Anne Leavy is her social mentor, and through the influence of this lady Miss Green became one of the ultra fashionable set. She has a private income of her own, which she spends liberally. She is one of the best gowned women in New York. Miss Green was educated in a convent and as a result is said to have strong leanings toward the Roman Catholic church. Her private fortune is said to be $3,000,000.

# STRIKE MAY SPREAD.

General Miners' Convention To be Called to Consider Proposition.

## WILL THE FOREIGNERS DESERT?

Convention to Be Held Today, When It Is Said They Will Ask Operators to Re-Open Mines—Civic Federation May Try to Arbitrate Trouble.

Hazleton, Pa., May 17.—The anthracite mine workers in convention yesterday in order to win their strike unanimously decided upon a plan that if carried into successful operation would practically tie up the industries of the country, paralyze business and inconvenience the people throughout the United States. It is their desire that a special national convention of the United Mine Workers of America be called as soon as practicable for the purpose of endeavoring to have all the bituminous mine workers, both organized and unorganized, involved in the anthracite miners' struggle. This announcement was officially made at noon yesterday by President John Mitchell, in a statement giving the result of the deliberations of the delegates in convention.

**Would Effect 449,000 Men.**

If a special national convention is called and the miners succeed in their object it would directly affect 449,000 men, who are employed in and about the coal mines of the country. Coal would soon become scarce and this ultimately result in the tying up of railroads and all sorts of industries that use large quantities of the fuel. It is doubted by some interested persons here who are closely watching developments that such a stupendous movement could be brought about, for the reason that the business interests of the country would not stand by and permit such a plan to be put into effect.

The striking miners are enthusiastic over the convention's action, and most of them can see only success in the proposition.

An absolutely trustworthy source is authority for the statement that the special convention will be called probably at Indianapolis, in the course of several weeks. According to the officials of the United Mine Workers, a petition signed by five mine workers' districts is necessary to call a special convention. The three anthracite districts are unanimous for such a meeting, and it is likely that the West Virginia district and the Michigan district will consent to the issuance of the call. The two latter districts now have small but stubborn strikes in progress, and they will doubtless consent to the call, so they, too, may receive the benefit of whatever may be accomplished.

**Other Miners to Strike.**

National Secretary-Treasurer W. B. Wilson, of Indianapolis, said yesterday that within the next two or three weeks, regardless of the special convention, 30,000 men in Virginia and West Virginia, and from 15,000 to 20,000 in the soft coal region of Central Pennsylvania will be on strike. They will be called out, he said, for the purpose of forcing the mine owners to give them higher wages and incidentally to help the anthracite workers. These men, he went on to say, are partly organized, local unions having been established in all localities in those regions, and he felt confident that the non-union men will respond to the strike call as readily as did the anthracite miners in the fall of 1900.

A point has been raised that the United Mine Workers cannot call out the men employed by companies with whom the miners have yearly contracts or wage agreements, but Secretary Wilson said that such is not the case. He said that the mine workers' organization respects all such agreements or contracts, but added that a general convention has power to abrogate them if it seeks such action necessary.

**Civic Federation May Take Hold.**

Washington, May 17.—The National Civic Federation has under serious consideration the means whereby it may be helpful in bringing about a termination of the anthracite coal strike. A tender of the good offices of the Federation, with a suggestion of arbitration, of differences, among other things, has been discussed in a tentative way, but no definite conclusion has been reached, and several days will be permitted to elapse before a determination will be reached as to what course the Federation should pursue.

**Some Foreigners May Desert Union.**

Scranton, Pa., May 17.—A committee claiming to represent 300 non-English-speaking miners published a card in the papers yesterday denouncing the statement that it was their element which provoked the strike and declaring that a general meeting of Lithunanians and Poles will be held today to petition the companies to start up the mines and let them go to work.

The United Mine Workers' officials laugh at the idea of the foreigners making a break from the union, and declare that the committee in question is in the pay of the corporations.

Polish merchants who were interviewed yesterday declare that their people are talking of going back to work.

## COUNTY AND NEIGHBORHOOD

Steubenville is soon to have a new opera house.

The dates for the Harrison county fair have been set for October 1, 2 and 3.

Mrs. Nicholas Pontier, of Lisbon, married only a month, took poison. She will recover.

The Presbyterians at Sebring have secured a lot and contemplate building a church edifice at once.

James R. Sloan, $17, Hanoverton, and Absalom B. King, $24, Lisbon, are pension recently granted.

Rev. Charles C. Mitchell, a native of Beaver Falls, has been installed pastor of the First Free Baptist church at Manchester, N. H.

Miss Pauline Rodgers, of Sharon, Pa., while despondent over a love affair, shot herself in the right side, but probably will recover.

The Warren Cereal company has purchased the old Griswold linseed oil mill and will remodel it for a cereal plant. The plant is capitalized at $300,000.

The Union Manufacturing company, of Lisbon, is now filling an order from Leob Hermans, of Mexico, for 500,000 soda water straws. The plant is running full blast.

John Hogue, an engineer in the C. & P. yards at Steubenville, was struck by a moving car and badly hurt. He was knocked in front of the wheels, but rolled off the rails just in time to save his life.

Captain Harry Edgecomb, of the Alliance Salvation Army, who was charged with criminal assault upon Miss Lucy Hoiles, was dismissed when brought before the grand jury. He has, however, been dismissed from the Salvation Army.

**How to Live on Love.**

The girl was having a private conference with her father on the subject of marriage.

"The young man hasn't enough to support you on," urged the father.

"But you will give us something," she said.

"Not a great deal, my dear."

"Then we shall live on love."

"Ugh," sniffed the father.

"Don't you think we can?" asked the girl with the beautiful confidence of youth.

"Yes, if you both stay single." And the father declined to discuss the matter further.

**Finding For the Lawyer.**

Sometimes the jury returns a verdict for the lawyer, of which the following is a good instance: Mr. John Jones, a barrister of great influence and ability, was a leading counselor practicing in the Welsh circuit. Upon one occasion after a felicitous speech on behalf of his client in a criminal case the jury as soon as the judge had summed up, without waiting for the officer to take their verdict, called out, "My lord, we are all for John Jones, with costs!"—London Tit-Bits.

James H. Eckels, former comptroller of the currency, takes a sensible ivew of the Philippine question. If other Democrats would be as reasonable, and try to carry out his suggestions instead of endeavoring to make the difficult work of the administration more difficult, they might win back some of the Democracy's lost prestige. Mr. Eckels says: "The Democrats should take the position that the Philippines have come into the possession of the United States, whether permanently or not we cannot say. However, we do know that the islands will be ours for a long time, so we should enact legisiation that will result in the wise and just exercise of governmental authority in our new possessions." It will be time enough to settle the question of Philippine independence when the natives prove that they are fitted for independence and capable of self-government.

Toronto people are rejoicing at the prospect of being able to ride on trolley cars without leaving home to do so. From Toronto to Wellsville is but a short distance, and it is to be hoped the link will soon be supplied, giving a continuous route from Smith's Ferry to Steubenville. The completion of such a route would be a convenience as well as an advantage to all the towns traversed.

Congressman Littlefield, of Maine, is credited with this remark: "If it were not for the newspapers, the jobs which would go through congress are terrible to contemplate. If there were no newspapers at all, I don't believe I would be willing to trust myself alone in the house of representatives for 15 minutes."

The vacant boss-ship in Tammany Hall will not be tendered to William J. Bryan, because it is essential to the life of that organization that it have a boss whose dictates shall be heeded, and the whole Democracy has become weary of listening to the erstwhile "matchless leader."

Gen. Charles Dick gets a fourth nomination for congress from the Nineteenth district, where a Republican nomination is equivalent to an election. It is high tribute to his popularity and the worth of his services.

## OBITUARY

### Charles March.

Charles March, aged 78 years, one of the best known residents of St. Clair township, died this morning at 5 o'clock after a short illness. About one week ago Mr. March was plowing on his farm, when he was suddenly taken sick. He went to his home and went to his bed, from which he never arose. A general breaking down is supposed to be the cause of his death. The funeral services will be held at his home Monday afternoon at 1 o'clock, Rev. Peter W. Snyder, of Long's Run church, officiating. Interment will be at Township Line cemetery. He is survived by two daughters, Mrs. Thomas Moore and Mrs. Daniel Foulk, of this city.

### Harry Shay.

Harry Shay, aged 20, of Fairview, W. Va., who is very well known in Chester, died yesterday afternoon at 1 o'clock from an attack of fever and pneumonia after two months' sickness. He leaves a mother, three sisters and one brother. He was a nephew of James Shay, of East Liverpool. Funeral services will be held from the Fairview Presbyterian church Sunday afternoon at 2:30, Rev. D. A. Green officiating. Mr. Shay was a member of the American Mechanics, of Fairview, will have charge of the funeral. Interment will be in the Fairview cemetery.

### Mrs. Thomas Worcester.

Mrs. Thomas Worcester, aged 57 years, died at 1 o'clock this afternoon at the home of her son-in-law, U. G. King, of Bradshaw avenue. She is survived by her husband, Thomas Worcester, two brothers, John and Charles Purinton, of this city, and five children. They are: Mrs. U. G. King, John and George Worcester and Mrs. Fred Smith, of this city, and Mrs. H. F. McKenzie, of Pittsburg. The arrangements for the funeral have not been completed, although the services may be held Monday afternoon.

### Verna Heverley.

The remains of Verna, the 14-year-old daughter of Mrs. Mary Heverly, who died at her home in Morton's addition Thursday evening, were taken to Tyrone, Pa., for burial this morning at 5 o'clock. The funeral services were held at the home last evening, Rev. Dr. Clark Crawford officiating.

## POTTERY NEWS

Just before the officials and delegates left for the Trenton convention a conference of the officials of the Brotherhood and a committee representing the manufacturers was held, but the matter was kept very quiet. This committee was composed of but five representatives of the manufacturers, but details of what transpired at this meeting will probably never be known. It has been said that the Brotherhood committee had been advised by the manufacturers' representatives that the English pottery firms were about to begin a vigorous cruasde for trade in the United States. A part of the program was the lowering of their prices. Other matters of a highly important nature were talked over. It is generally believed the conference had its effect.

The Peoria plant of the Crown Potteries company has started, but not in full. The machinery for this plant, on account of its long idleness has been given a general overhauling, and is now in first class condition. The old decorating kilns have been replaced with two double decorating kilns. The company has arranged to place a new dinner and toilet shape on the market. The management of the clay shops has been placed in the hands of Stephen Snelson, while the general management of the plant is looked after by Edward and William Flentke, who are well known in this city.

President George C. Murphy, of the East Liverpool Potteries company, is authority for the statement that work is to be comenced at once building the new decorating kilns at the Wallace & Chetwynd plant of that company. This is but the commencement of a number of improvements that are to be made at this plant, which were fully described in this column several weeks ago. It is the desire of the company that rapid work shall be done on the contract in order that other work which the company has in view may be carried out.

Kilnmens' local No. 9 held a largely atended meeting in Brotherhood hall last evening. The report of the convention was made to the local by E. L. Bradfield and John Hester. Mr. Bradfield was only allowed to remain five days at the convention, being called away on account of the death of his father. The report was accepted by the local. One new member was obligated and four applications for membership were filed. One member was received by card.

Official announcement has been received in this city that the deal to merge the interests of the Summit and Akron potteries of Akron and also the business of the Bradshaw company at Niles, has been laid on the table for the present. Only one small matter prevented the deal from going through. A small stockholder in one of the Akron companies did not see his way clear to allow his company to enter the combine. It is not likely the matter will again be considered.

The session held last evening by dippers' local No. 18, was the longest held by it in months. It seemed that the report of the delegates to the national convention occupied much of the time, but strange to say no action was taken on the report, other than its acceptance. The meeting was an interesting one. At the meeting next week some very important business is to be talked over.

Once more the story is in circulation that a pottery may be built at Newell. A number of well known East Liverpool men are mentioned in connection with the deal, along with several capitalists of Steubenville. It has also been stated that o well known architect has been approached relative to making the plans for the plant, but further than this nothing can be said.

Martin Thornberry, of the Shenango pottery at New Castle, is spending a few days in the city on business. A little dispute is on between the saggermaker at that shop and the firm. He was sent by his local to lay the matter before the national officers, and report back. Owing to the dispute there is a shortage of saggers.

Ground for the new pottery to be built by the Sebrings at Sebring was staked off Tuesday, and in a few days excavating for the foundation will be commenced. The plant will have a capacity of five kilns, and will be built on a site near the main Sebring pottery. On Thursday the railroad company staked off the ground for the new switch to the plant.

A well known man connected with of the largest pottery companies of the city within the past fortnight has received a very flatterng offer from one of the large Trenton firms. The position would have placed the entire management of the Trenton concern in the hands of the East Liverpool man. The offer was not accepted.

Never was there more interest displayed on the art side of pottery, nor a demand for such high grade decorations as this spring. The use of decalcomania has become thoroughly established, an dbetter art and better work is being continually called for.

Eugene Bradshaw, of the Niles pottery, who has been in the city for several days, coming here from Chicago, left this morning for Niles, where he will remain several days with his his brother. He will return to this city next Thursday.

Clay was made at the Keystone pottery, New Brighton, yesterday, and the clay workers will start in a week. Four jiggermen will work at the start. Few pressers will be needed. The plant will make dinner ware and specialties.

When F. W. Fowler, of the Union Potteries company, was asked yesterday if the company had concluded to purchase the Golding property adjoining the plant, he said that nothing had been done in the matter whatever.

A change will be made at the Edwin M. Knowles plant with the apprentices. William Riley, on the bisque end, having served his one year and a half, will change with Bob Potts, who has served his first term on the gost end.

The potteries at Sebring are now operated on the card system. All operatives applying for work there are required to hold a current working card, this new rule going into effect the first of the month.

Samuel Woods, who has been working at the Edwin M. Knowles pottery in Chester, has arranged for a trip to England, and will leave for that country in a few days. He was running a jigger at that plant.

J. Lester and B. Foutts made a report of the convention to the members of packers' local No. 25 last evening. The report was received, and the meeting was said to have been an extremely quiet one.

William Voidt, who has been working at the glost bench at Laughlin No. 1 for several months, will go to Trenton Monday, where he will work in one of the potteries.

Miss Boles, of the decoratng department of Thompson's, has resigner position, and is now located at the American pottery at Toronto. She left the city yesterday.

James Boyd, a saucer jiggerman at Laughlin No. 1, has resigned his position at that plant, and on Monday will begin work at the National.

Fred Henry, a stone mason working at the new Salineville pottery, was so injured by a stone crushing his foot that he is unable to work.

Joseph Bailey, a presser at Brunt's, who has been very ill for several weeks, has recovered and is now at his bench.

John Johnson is now dipping at the Union. When not rushed in this department he is working on the glost bench.

Mould makers' local No. 22, will not hear a report of the delegates to the Trenton convention for two weeks.

John McCullough has taken a position as kilnman on the yellow ware bench at the McNicol pottery.

Frank Smurthwaite is the new bench boss at the Smith-McNicol pottery at Wellsville.

### The Honest Statesman.

Some years ago an Englishman visited Washington and met a statesman belonging to the minority party who gave a most startling account of the corruption existing in the government and the terrible struggle he had had against it.

"Do you mean to say, sir," asked the stranger seriously, "that you are the only honest man in the American government?"

"Well," replied the statesman, stroking his beard meditatively, "I wouldn't go so far as that. There may be four or five more somewhere."

## WELLSVILLE

### NOBBY NEW UNIFORMS

**Will Be Donned by Wellsville Police on Saturday Next.**

The new uniforms of the Wellsville police, which were recently ordered, are of the very latest style. The coats are of a single breasted, blouse pattern and very nobby to say the least. Helmets will be worn by the officers during all seasons of the year, and will be purchased as soon as the suits are made.

The uniforms for all of the officers will be ready for them by Saturday, May 24, and will be donned without delay.

Under the present arrangement any stranger in the city in need of an officer's service, unless personally acquainted with him, would have considertable difficulty in locating one unless it be either Officer Pittinger or Thorn, who are the only two of the five who have any kind of a uniform.

### PAINFULLY BURNED

**An Employe of the Mill Gets Hurt by a Sudden Fall.**

Harvey Grimm, a dobler employed at the American Sheet Steel company's mill, yesterday was doubling a hot pack when he suddenly fell in such a manner that his shoulder came in contact with the pack, burning the flesh severely. He was unable to work for teh rest of the day.

**Teachers' Examinations.**

The local Board of City Examiners, composed of Prof. McDonald, Attorney Frank L. Wells and City Clerk J. W. McQueen, are holding examinations today for the school teachers who have been appointed by the board of education to serve for the next school year.

**Salineville Man Locked Up.**

One plain drunk was arrested last night by Officers Pittinger and Thorn. He said he was a respected resident of Salineville and that the officers were insulting him by placing him under arrest. Two half empty bottles of whisky were found on him and he was held for a hearing.

**Tested the Sprinkler.**

The new street sprinkler was tested this morning. At first it did not work well, but the difficulty was soon overcome. The sweeper was also tested, and both will be in use on Monday.

**K. of C. Banquet.**

The local lodge Knights of Columbus will hold a banquet this evening to celebrate its second anniversary. An orchestra has been engaged, and numerous toasts will be in order.

### MINOR NEWS OF WELLSVILLE.

Mrs. William Beresford, of Cleveland, is visiting many of her Wellsville friends.

Miss Rachel Williams, of Port Homer, is visiting frineds in this city for a few days.

**Says He Did Not Run.**

A communication was received in this office today from A. C. Priest, of Chester, who was attacked by a party of Chester boys recently. It stated that the report was not true, and that Priest was not hit with an egg and did not run and that there was not enough "drunken hoodlums" in Chester to make him run.

### CHESTER NOTES.

Mrs. John Spivey is slowly recovering from her recent illness.

Miss Mary Schooler, who has been sick for the past few days, is not expected to live.

On account of the funeral of Harry Shay at Fairview, Rev. D. A. Green will be unable to fill the M. E. pulpit at Chester Sunday morning as scheduled. He will preach in the evening.

John Beck has recently moved his family here from Cumberland.

**A Delicate Point.**

"It seems to make Scaddington's wife as mad as a hornet every time he boasts that he began at the foot and worked his way up."

"Well, he started in as a bootblack, you know."—Chicago Record-Herald.

## The SPORTING WORLD

**Princeton's Able Twirler.**

W. H. Underhill, the leading pitcher at Princeton this year, should lead the intercollegiate twirling list at the close of the season. He wound up last year's playing in sensational style, winning

W. H. ("BUTSY") UNDERHILL OF PRINCETON

the two championship games against Yale, and he appears to be rounding into the best form of his career.

Underhill hails from East Orange, N. J., where he won fame in various branches of amateur sport. He has played on the Princeton varsity football team for two years and is no unimportant figure in track athletics.

Underhill's pitching is the Tigers' chief dependence this season, and, although an unfortunate accident on the team's southern tour laid him out of the game temporarily, "Butsy," as he is best known, is now in his old time condition.

Harvard is on the Princeton baseball schedule this year and, together with Yale, will endeavor to defeat the Tigers in their own den during commencement week. Underhill is certain to pitch in both games, and Princeton money galore will be on hand to back the chances of the orange and black.

**Strength of Rival Leagues.**

The relative playing strength of the National and American leagues was a question of warm conjecture last season, and now that half a dozen prominent National players have deserted to Ban Johnson's clans the discussion is sure to be renewed. It is probable that a post series of games between the winning teams of the two leagues will be played at the close of the coming season. Comiskey of Chicago is a warm advocate of the plan, and he endeavored to match his champion White Sox against Barney Dreyfuss' Pirates last year, but nothing came of it. The scheme is feasible, would be profitable and would definitely settle the opposing claims.

There is one blot on the shield of the American league, and that is its brazen countenancing of contract jumping. The American now has on its rolls the largest number of contract breakers ever known. "Breakers ahead!" will be the cry if this dishonorable support of lax business methods continues, and the American league will be entirely to blame. But "anything to beat the National" seems to be the battle shout, and it is not likely that the throwing out of bait to weakminded but strong playing ball tossers will soon cease. Early last year Ban Johnson took a firm personal stand against contract jumpers, but he has been sidetracked, and the will of the individual managers holds good.

**Wonderful Jake Beckley.**

Perhaps one of the most remarkable baseball players of later days is Jake Beckley, who played his fourteenth season last year with the Cincinnati Reds. In spite of his age, Jake is yet a fast player. He has been one of the first twenty-five batters in the National league for ten years. He has never hit under .250 and has met the ball for an average as high as .344. He has figured in 1,732 professional games, has been to bat 6,985 times, and if all the pitchers he has faced were marshaled together they would form a regiment. He has made 2,173 hits and scored 1,294 runs. His batting average for the fourteen years is .311.

**Get of St. Simon.**

Lady Reel, dam of the famous sixty thousand dollar Hamburg and the ten thousand dollar Frankfort, has foaled a black filly by St. Simon at James R. Keene's Castleton (Ky.) stud. Keene paid $11,000 for the mare. The filly is the first get of St. Simon to be foaled in the United States and is a sister to August Belmont's twenty thousand dollar yearling.

**The Delehanty Family.**

Five of the famous Delehanty family are playing ball this season. Ed is with Washington in the American league, Jim with New York, Joe with Worcester, Tom with Denver, while Frank, the youngest of those in the business, is with the Warren (O.) semiprofessional nine.

# MOST LADIES NEED A TONIC EVERY SPRING.

MRS. BARBARA McDONALD, President of the St. Louis Blue Ribbon Club, writes the following letter concerning Peruna from 2947 Dayton street, St. Louis, Mo.:

"It is with feelings of gratitude for benefits derived from the use of Peruna that I desire to proclaim to human-kind my experience, hoping that it will benefit some unfortunate sufferer like myself.

"Suffering for years with what appeared to be an incurable malady, and after a great expense incurred consulting physicians without any benefit, I was recommended to try Peruna. As a last expedient I purchased a bottle, and before one-half of the contents were used I felt the beneficial results. I am continuing to use same, and might say I am entirely well. My disease seemed to be catarrh of the stomach, and the nauseating sensation, and the heavy, languid, tired-out feelings with which I suffered, especially after eating, have entirely left me, and my digestive organs are in splendid condition, all of which I owe to the use of Peruna."—MRS. BARBARA McDONALD.

Miss Julia V. Teller, of 2518 Prairie street, Milwaukee, Wis., is President of the German Young Woman's Union. Her opinion of Peruna is given in the following words:

"Our German Young Woman's Union has nothing but praise for Peruna. Three of our members have been most wonderfully helped. One of them had almost constant backache for the last year. The other two suffered from catarrh of the head and throat.

"I have used it after a most unpleasant experience with an attack of la grippe, and found that three bottles completely restorod me to health."—Julia V. Teller.

Mrs. Mary Hardy, of 568 W. Polk street, Chicago, Ill., writes:

***"I find it necessary each spring to take some kind of a tonic and have tried a great many but have found none of such value as Peruna.***

***"After taking a few doses I feel the good effects and seldom need to take more than one bottle as a spring medicine."—Mrs. Mary Hardy.***

Mrs. Catherine R. Bertos, 803 N. Elm street, Centralia, Ill., writes:

"I have found Peruna the most satisfying medicine I ever tried in my life. I suffered for years with catarrh of the stomach, which became aggravated every time I caught a slight cold. My food did not digest properly, and life lost its best charm until I tried Peruna. It made a new woman of me. It took eight bottles to effect a complete cure, but I would not be back in the former condition for a thousand dollars. I am most grateful for being cured completely and feel better than I have done for years."—Catherine R. Bertos.

***The lassitude incident to spring weather is especially trying to women. Ailments peculiar to the sex of many varieties are especially prone to aggravation. All this class of affections are fitly described by the term "pelvic catarrh."***

***Any woman wishing to be placed on the list of Dr. Hartman's patients for free home treatment and advice should immediately send name and symptoms, duration of disease and treatment already tried. Directions for the first month's treatment will be promptly mailed free of charge. No free medicine will be supplied by the doctor, but all necessary directions will be furnished.***

***Read what the above ladies have to say of Peruna as a cure for these cases.***

***If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.***

***Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.***

**Two Gifts to the Orchestra.**

On one occasion, when Von Bulow had to conduct an orchestral concert at which a piece written by an aristocratic amateur was to be performed, the composer requested permission to direct a rehearsal and on obtaining it opened a parcel containing seventy pencils, which he handed to the members of the band, asking them to mark his intentions in their parts, as he would give them by word of mouth.

Hans von Bulow noted this matter of detail and left the hall. Presently he returned, also with a parcel, and on resuming his place at the desk gravely handed out seventy pieces of india rubber, with which the players were to erase the directions which the composer had given them.

**Mushroom Tests.**

There are two sure ways of telling the difference between wholesome mushrooms and the poisonous fungi which so closely resemble them. If they are to be boiled, put an onion with them, and if the onion remains white there is nothing to fear. If it turns black, throw away the contents of the dish, for poison lurks there. A common test is to sprinkle a little salt on the pink underpart, and if it turns black you have real mushrooms. If the pink changes to yellow, you have a danger signal before. If precautions like these were taken with all mushrooms, fresh or canned, there would be less sickness in the world.

## HALF A TOWNSHIP CHASING A MULE

**THE UNTAMED BEAST SO FAR AHEAD OF PURSUERS.**

**Makes Flying Leaps And Baffles the Efforts of Organized Parties.**

A wild mule has been keeping Wayne township farmers busy for the past week. The animal is of the wild western order of mules, and as ugly as those that helped to defeat the British among the Transvaal kopjes.

It was being taken to Lisbon by a Salineville miner, who, in order to keep at a safe distance, had a rope 20 feet long attached to the animal's lower jaw. Near No. 10 school house the mule became obstinate and refused to proceed. It broke away from its driver, who seemed glad it was gone. It leaped fences of every variety and went where it pleased with the speed of a trotting horse. Balser Brown tried to capture it and so did several of his neighbors. Individual efforts failing, mule hunting parties were organized, with no better success. The mule at last accounts, was several laps ahead of all his pursuers, though half the township is trying to capture him. Even pursuit on horseback has been fruitless. The mule cannot only outrun a horse, but it can go, dragging its 20-foot rope, where no horse would think of venturing.

## THE WABASH RAILROAD

**Opens Offices in Pittsburg and Will Help Build Up An Already Busy Section.**

The Wabash railroad, in a handsomely illustrated folder bearing on the outside the words, "Greeting to Pittsburg," announces to the world that it has come to the Smoky City and is there to do business. The views which it presents of Pittsburg are especially fine. The new Wabash station is to be at Ferry street and Liberty avenue, in the very heart of the city.

The Wabash already has its offices in a four-story building on Fifth avenue, and when it has spent a few millions more will be able to take passengers from that city over its own lines direct to any part of the west or southwest. The completion of this line transversing Pennsylvania, Ohio and West Virginia can but have a mighty influence in up-building and adding to the property of this already busy region.

**Wabash Coming, Maybe.**

A Toronto paper says: J. W. Patterson Jr., who has been division engineer of the eastern division of the Wabash railroad with headquarters at Peru, Ind., has resigned to take a position with his father, J. W. Patterson, chief engineer of the Pittsburg, Carnegie and Western, the Wabash extension to Pittsburg. He will have charge of one of the extensions of the new line under construction from Steubenville to East Liverpool.

## HEAVY DAMAGES

**Jefferson County Commissioners Defendants in a Suit For $5,000.**

A damage suit in which Orial Householder is the plaintiff and the commissioners of Jefferson county defendants, is on trial at Steubenville. The action is brought for $5,000 for injuries which Householder claims he sustained last August while conveying a traction engine across the bridge at Yellow Creek, near Tunnel Mill.

The bridge gave way and Householder and Howard O. Elliott were precipitated into the creek and he sustained a broken arm besides other injuries. A large number of witnesses are in attendance and the case is being vigorously contested by the counsel. Attorneys W. F. Lones and E. E. Erskine for plaintiff and A. C Lewis for defendant.

The result of the suit will have a bearing upon a similar suit entered against the commissioners by Elliott, who also wants $5,000 to compensate him for injuries and loss of time resulting from the accident.

## CRUSHED TO DEATH

**Thomas Hoey Ran Over By a Locomotive at Salineville and Fearfully Mangled.**

Thomas Hoey, a well known and respected citizen of Salineville, met a shocking death on a railroad switch at his home Thursday afternoon. He was walking along the track, and owing to deafness, did not hear a switch engine that was approaching from the rear.

Several persons waved at the imperiled man, but before he realized his danger the locomotive struck him and passed over his body. He was hurriedly picked up and carried to a doctor's office, where it was found that one leg from the knee down was mangled horribly, and the left leg and foot torn into shreds and one leg fractured between the knee and the thigh, as well as a large wound on the head.

After suffering terrible agony for about three hours, Hoey passed away.

**Suicide at Canton.**

Canton, May 17.—Edward Keplinger, one of the best known residents of this city, committed suicide yesterday morning by cutting his throat with a bread knife. Ill health had caused him to become despondent. Mr. Keplinger had been engaged in retail business for many years and recently identified himself with several manufacturing enterprises.

## DANISH TREATY DELAYED.

**Question Shelved Until After Danish September Elections.**

Copenhagen, Denmark, May 17.—The Folkething, lower house, yesterday, by 98 to 2 votes, passed a resolution in favor of the cession of the Danish West Indies to the United States on condition that a subsequent popular vote of the inhabitants of the islands show a majority in favor thereof.

The matter was then returned to the Landsthing, which, after a long and spirited debate, rejected the resolution and, by 33 to 30 votes, reaffirmed the resolution providing for a limited piebescite and the ratification of the treaty only if favored by a majority of three-quarters. This obstruction shelves the question until after the elections in September, when the government hopes to obtain a majority in the landsthing..

**Squiers and Bragg Nominated.**

**The Best Liniment**

"I have derived great benefit from the use of Chamberlan's Pain Balm for rheumatism and lumbago," says Mrs. Anna nagelgans, of Tuckahoe, N. J. "My husband used it for a sprained back and was also quickly relieved. In fact it is the best family liniment I have ever used. I would not think of being without it. I have recommended it to many and they always speak very highly of it and declare its merits are wonderful." For sale by Alvin H. Bulger, Druggist.

## FLASHES FROM MONT PELEE.

**Bright Light Emitted Last Thursday Night—Showers of Cinders. People Scared.**

Fort De France, Island of Martinique, May 17.—Great flashes of very bright light were emitted from Mont Pelee between 10 and 11 o'clock Thursday night. They were visible from here. Thick, glowing red clouds, interspersed with flashes of light, were issuing from the volcano yesterday morning. Showers of cinders, lasting for 20 minutes, accompanied the activity. The people of the districts of Lorrain, Marigot, Sainte Marie and La Trinite are panic-stricken.

**A Soldier Suicided.**

Cincinnati, May 17.—Clifford S. Roberts, of Company D, Third infantry, committed suicide yesterday at Fort Thomas by taking morphine. His officers and comrades say the deed was due to afflictions that followed the privations of hard campaigning in the Philippines.

**Mrs. Nation Sent to Jail.**

Topeka, Kan., May 17.—Mrs. Carrie Nation was yesterday sentenced to 30 days in prison and to pay $100 fine by Judge Hazen, in the district court, for smashing bar fixtures stored in a vacant barn in this city, in February, 1901. She will not appeal the case and has gone to jail.

You cannot afford to disregard the warnings of a weak and diseased heart and put off taking the prescription of the world's greatest authority on heart and nervous disorders—

**Dr. Miles' Heart Cure.**

If your heart palpitates, flutters, or you are short of breath, have smothering spells, pain in left side, shoulder or arm, you have heart trouble and are liable to drop dead any moment.

Major J. W. Woodcock, one of the best known oil operators in the country dropped dead from heart disease recently, at his home in Portland, Ind., while mowing his lawn.—*The Press.*

Mrs. M. A. Birdsall, Watkins, N. Y., whose portrait heads this advertisement, says: "I write this through gratitude for benefits I received from Dr. Miles' Heart Cure. I had palpitation of the heart, severe pains under the left shoulder, and my general health was miserable. A few bottles of Dr. Miles' Heart Cure cured me entirely.

## GENIUS AT WORK.

Sarti, the musician, composed only in darkness.

Bossuet worked in a cold room, with his head warmly enveloped.

It is said that Schiller, before composing, put his feet in cold water.

Gretry, to animate himself when composing, breakfasted and took coffee and then applied himself day and night to his piano.

Guido Reni painted with much pomp. He dressed himself magnificently and had his pupils attend him in silence ranged around him.

The historian Mezeray would work only with a candle, even at midday and in midsummer. He never failed to wait on his visitors, even to the street, with a candle in his hand.

Jeremy Bentham jotted his ideas on little squares of paper, which he piled upon each other, and this pile of little papers stitched together was the first forms of his manuscripts.

Michael Angelo, Leonardo da Vinci, Titian, Rubens, passed from the chisel to the pen or the brush. The change rested them from the preceding work, and thus during long life they accomplished marvelous works.—Literary Era.

**A Queer Japanese Marriage Custom**

Wild geese are considered the best examples of conjugal felicity in the animal world. Thus the Japanese groom sends the bride a pair of these birds, and she in turn presents them to her parents. To further emphasize the matter the groom brings another pair to the wedding, and they roost in the room during the ceremony. Their conduct is watched with care, for they must not struggle to escape during the proceedings. Fortunate is the bridegroom who cannot secure the geese alive and must be content to substitute toy imitations of the birds, for then he has no anxiety lest the wild propensity assert itself during the marriage rites and thus prove an ill omen to the household.—Woman's Home Companion.

**The Monocle Is Harmful.**

No sensible person will ever wear a single eyeglass unless he is blind of one eye. Its use means that one eye is neither employed nor unemployed, but is engaged in ceaseless though no doubt unconscious efforts to see as much as its more favored fellow. This straining is as harmful as anything could well be and cannot fail to lead to the gravest results.

## *Home Sweet Home!*

*Mid pleasures and palaces though we may roam,*
*Be it ever so humble there's no place like home;*
*A charm from the skies seems to hallow us there*
*Which seek through the world is ne'er met with elsewhere.*

*An exile from home, pleasure dazzles in vain,*
*Ah, give me my lowly thatched cottage again,*
*The birds singing sweetly that came to my call,*
*Give me them and that peace of mind, dearer than all.*

THE poet when he wrote these immortal verses touched a note that finds an echo in every Anglo-Saxon breast. How we love the sentiment expressed! Perhaps your home has been so varied by many movings that these lines don't find their responsive chord? Is it wise to live in a house that is not your own, putting up with all the inconveniences of a tenant house, the ups and downs with the landlord and a thousand vexations that arise when almost by the reaching out of your hand a home comes within your reach? Through us is offered to you your choice of more than

Whether you have much money or little, we would like to have you see what we can do for you toward your owning a home. We are not entirely mercenary in this plea for your consideration. Profit we must have, yet we hope that your profit will be the greater. Hundreds of satisfied purchasers throughout the city will tell you of us. # MALEY'S PITCHING WAS THE FEATURE

**Young Men's Civic Club Again Defeated by the East Liverpool Boys.**

## ERRORS WERE NUMEROUS

**But Some Very Clever Playing Was Done by Members of Both Teams. Visitors Started Out Well, But Were Unable to Hold Out.**

After starting the game with two runs in the first and following with two in the second, it was truly hard for the Young Men's Civic club of Allegheny to lose for the second time to the locals in West End park yesterday afternoon.

Both teams were in excellent condition, but played a game pretty well flavored with errors. Lowry Maley, the 17-year-old wonder, was the cynosure of all eyes during the game. He showed plainly that his reputation of last Sunday, when he pitched against the famous Painesville team at Canton, was not made by chance. He is a great twirler for one so young, and many laurels await him if he continues in the game.

While the visitors were piling up hits in the first two innings the locals were apparently not in it, but they were not long in waking up; for, with the exception of the seventh, they put the Pittsburgers out in order during the remainder of the game.

Up to the fifth but one hit and no runs had been scored by the locals. Myler, first up, went out on a fly to Herold. Maley hit for two bases. Trainer struck out. Davis walked. T. Davis made three bases on a fly to the wilds of the left field, and scored Maley and Davis. He died on third, F. Heckathorn beating the wind. In the sixth there were only three men up but in the seventh they batted around. Myler reached first on a fly errored on by Gapen, the brilliant of Thursday's game. Maley went out. Trainer hit over short stop. C. Davis followed with a two-bagger to left, scoring Myler and Trainer. T. Davis got a single, and both scored on another single by Webb. The inning was ended by Myler on a grounder to the pitcher. Shorter innings were never played than the last two. Of the six men up for the visitors five struck out, and the other went out on a grounder to short.

Himey Davis means well and works hard, but to no avail. It is past him to hold a ball.

Webb had his batting eye. He landed three times, but unluckily at inopportune times until the last one. For one without experience he also played well at short.

Howell, at third for the visitors, only stopped the ball by accident.

It is said that Godwin will be back with the locals next week and that he will assume permanent captainship of the team.

Manager Walsh is arranging to take the team out on a ten days' trip through the Smoky City regions. The score:

## Circuit Stars of Hamlin, Billings and Smathers

count for anything he is almost certain to be heard from favorably the coming season. Geers, who developed The Abbot, says that the champion's half brother has shown enough to convince him that the horse is almost certain to develop into a sensational trotter. The Beau Ideal is a dark chestnut in color and is not unlike his famous half brother in conformation, although The Abbot is a beautiful blood bay in color.

The handsomest horse at Billings park is the mare Edna Cook, 2:12, that Geers is handling for a wealthy easterner. Equine experts have pronounced this mare a perfect picture horse. She was sired by Alcantara, and she took her mark as a three-year-old. She has been used as a road mare in recent years. Geers says that she has been doing extremely well this winter and gives every indication of displaying winning form on the track the coming season.

The fastest pacer in Geers' stable is Shadow Chimes, 2:06¼. This horse, as his name would indicate, is a son of Chimes, one of the most successful sires that ever stood at Village farm. His dam is a daughter of Mambrino King. Shadow Chimes has wintered splendidly. He is certain to reduce his mark during the coming season. Many close observers of the light harness game predict that he is going to prove the pacing sensation of 1902.

Another pacer in this stable that promises to give a creditable account of himself the coming season is Fred S. Wedgewood, 2:08¾. This six-year-old son of Fred S. Wilkes, dam by Wedgewood, is one of the most improved looking horses at the track. He has taken on a lot of flesh during the past winter and looks like a horse that ought to step along some when Geers turns him loose to pace for the money.

Next to the Geers-Hamlin collection the most celebrated stable in Memphis is that of C. K. G. Billings, the millionaire Chicago gas magnate and founder of the track. Mr. Billings' horses are in charge of Scott McCoy, a well known trainer and driver. The star of the Billings barn is Little Boy, 2:01½, the champion wagon horse of the world. Little Boy has come out of winter quarters in magnificent shape. McCoy is going right along with this horse, as it is Mr. Billings' intention to ship the pick of his string to New York, and every effort will be made to have Little Boy ready for all comers on the New York speedway this spring.

Hontas Crook, 2:07½, the great pacer, never showed better in his life than he does right now. He came out of winter quarters looking finer than silk, and appears like a horse that can pace over the moon. Frazier, 2:07½, another one of Mr. Billings' crack pacers, is stepping along regularly.

George Spears is at Memphis with E. E. Smathers' great stable, headed by Lord Derby, 2:06½. Mr. Smathers bought Lord Derby from Mr. Hamlin

CICERO J. HAMLIN.

last year for a fancy price. According to Mr. Spears, the famous trotter never wintered better. Lord Derby weighs more now than he ever did, and all the smart horsemen at Billings park predict that he is sure to prove one of the sensational trotters of 1902. Mr. Spears also has two grand looking mares in Ida Highwood, 2:12¼, and Alice Parnes, 2:11¼. The famous pacer Sphinx S., 2:08½, is one of the star performers in Spears' stable. This horse never looked better in his life than he does right now. Spears says that he is certain to reduce his mark this year.

No. 228 Territorial Street, Benton Harbor, Mich.

Mrs. Fred Unrath.

"I am pleased to give my experience with Wine of Cardui as I am very grateful for its help. After my first baby was born I could not seem to regain my strength, although the doctor gave me a tonic which he considered very superior, but instead of getting better I grew weaker every day. My husband came home one evening with some Wine of Cardui and insisted that I take it for a week and see what it would do for me. As he seemed to have so much faith in it I did take the medicine and was very grateful to find my strength slowly returning. In two weeks I was out of bed and in a month I was able to take up my usual duties. I am very enthusiastic in its praise."

MOTHERHOOD is the noblest duty and highest privilege women can achieve or aspire to. Without this privilege women do not get all there is in life—too often they go through the world discontented, wrapped up in their own selfish cares and troubles. How different is the happy mother, watching her children grow into manhood and womanhood. A mother lives as many lives as she has children—their joys and sorrows are hers, as are their ambitions, triumphs and defeats. Healthy women do not suffer miscarriage nor does a woman who is healthy suffer tortures at childbirth. It is the woman who is ailing—who has female weakness—who fears the ordeal of becoming a mother. Wine of Cardui builds up the womanly in a woman. It stops all unnatural drains and strains—irregularities which are responsible for barrenness and miscarriage. It makes a woman strong and healthy and able to pass through pregnancy and childbirth with little suffering. After the ordeal is passed the Wine prepares a woman for a speedy recovery to health and activity.

Wine of Cardui, in re-inforcing the organs of generation, has made mothers of women who had given up hope of ever becoming mothers. Wine of Cardui will cure almost any case of barrenness except cases of organic trouble. How can you refuse to take such a remedy that promises such relief from suffering? Wine of Cardui simply makes you a strong woman, and strong, healthy women do not suffer. They look forward to motherhood with joy.

**WINE of CARDUI** A million suffering women have found relief in Wine of Cardui.

# REVISION OF CREED.

Report of Committee Made to Presbyterian General Assembly.

## DEBATE TO BEGIN THURSDAY.

Both Sessions Yesterday Opened by Devotional Exercises — Reports Made on Different Subjects—Daniel F. Noyes Appointed Vice Moderator

New York, May 17.—The second day's session of the Presbyterian general assembly began at 9 o'clock yesterday in the Fifth Avenue Presbyterian church. The first half hour was taken up with devotional exercises, conducted by Rev. Dr. David Kerr, of Omaha, Neb. The Rev. Dr. J. Ross Stevenson, pastor of the Fifth Avenue church, then in a brief address welcomed the assembly to the church and to the city. The business program was begun, the new moderator, the Rev. Dr. Henry Van Dyke, presiding. The morning session was consumed in the presenting of reports of special committees, among them being that of the special committee on the revision of the confession of faith.

The revision committee, after preliminary remarks explaining the manner in which their conclusions were arrived at, recommends "that the general assembly transmit to the presbyteries for their action" overtures, 11 in number, in the minds of the committee satisfying the many questions at issue.

**Overtures on Foreordination.**

The ones regarding the doctrine of foreordination read:

"With reference to Chapter III of the Confession of Faith, that concerning those who are saved in Christ, the doctrine of God's eternal decree is held in harmony with the doctrine of His love to all mankind, His gift of His Son to be in propitiation for the sins of the whole world and His readiness to bestow His saving grace on all who seek it. That concerning those who perish, the doctrine of God's eternal decree is held in harmony with the doctrine that God desires not the death of any sinner, but has provided in Christ a salvation sufficient for all, adapted to all; that men are responsible for their treatment of God's gracious offer and that His decree hinders no man from accepting that offer; and that no man is condemned except on the ground of sin."

The second overture on foreordination dealing with the salvation of infants reads:

"With reference to Chapter X, Section 3, of the Confession of Faith, that it is not to be regarded as teaching that any who die in infancy are included in the election of grace, and are regenerated and saved by Christ, through the spirit, who works when and where and how He pleases."

The other overtures deal with the subjects of the merit of good works, the lawfulness of taking an oath, the headship of Christ in the church, and a fuller expression of the doctrine of the church concerning the Holy Spirit, missions and the love of God for all men.

At the conclusion of the reading of the report on creed revision there was a wave of applause, but it was noticed that many of the commissioners remained silent.

**Day For Debate to Start.**

John M. Converse, an elder from the Philadelphia presbytery, moved that the report be accepted. This motion was adopted. The Rev. Dr. David Wylie, pastor of the Scotch Presbyterian church, of this city, moved that the report be adopted. This motion was laid on the table, and on motion of Dr. Minton the discussion of the report was set for next Thursday at 10 a. m., and on further motion of Dr. Minton it was resolved that at that time the discussion of the report will be continued until the subject is exhausted and the vote is taken.

The reports on ministerial relief and the Assembly Herald were read and adopted.

An invitation from the Union Theological seminary to the members of the assembly to visit the building and make use of its facilities was read and accepted.

Brief reports of the committees on the digest, editions of the constitution, and reprinting of minutes were read and adopted.

The report of the committee on vacancy and supply was made the fourth order for next Friday. Daniel R Noyes, of St. Paul, Minn., was appointed vice moderator and made an address. The morning session was closed with prayer by Elder Jeremiah Baker, of the Morris and Orange presbytery.

The report of the special committee on church statistics was read by the chairman of the committee, William H. Roberts, and adopted for this assembly. It was agreed that it should be condensed for the next general assembly.

The report of the special committee on the Omaha Theological seminary was presented and read. The old committee was re-appointed to make further reports at the next general assembly.

**Sabbath Observance Report Made.**

The report of the committee on Sabbath observance was presented and was made a special order for next Friday.

At the afternoon session Rev. Dr. John B. Shaw, of the West End Presbyterian church, recalled the fact that the Rev. Dr. John H. Converse had given $25,000 for evangelistic work during the past year.

Rev. Wilton Merle Smith paid a tribute to the late Rev. Dr. Maltbie D. Bapcock, of the Brick Presbyterian church.

The Rev. William H. Tower, from South Farmingham, Mass., made a strong plea for an increase of evangelistic work among the children.

Dr. Tower moved an amendment to the fourth resolution, recommending that ministers be called upon to devote a part of every Sunday morning service to the conversion of children and young people. The amendment was adopted.

An adjournment was then taken until 9 o'clock this morning.

## OVER 10,000 WILL ATTEND.

That Many to Be In Attendance at German Baptist Convention by Tonight.

Harrisburg, May 17.—The German Baptists came into Harrisburg by hundreds yesterday and by tonight over 10,000 will be in Paxtang park, where the annual meeting is being held. The Philadelphia and Reading hauled 10 large trains from Allentown, to which city the Lackawanna had delivered the long trains from the northwest. There will be 10 or 12 solid trains today, men, women and children from the Dakotas, Montana and Pacific coast being due. The Reading also brought in 500 from New England, all Reading trains going directly to the park.

Brethren, their wives and children thronged the union station all day long yesterday, arriving from Kansas, Illinois and the far west. Ten cars came over the Cumberland Valley from the far south, the Norfolk and Western delivering them. Last evening several more came in from the west and south.

A telegram was received yesterday by the committee that 1,368 Baptists from the west had been transferred to the Lehigh Valley at Niagara Falls and would be here today. Bible services were resumed yesterday in the open air tabernacle. The annual conference will open on Tuesday and continue in session the remainder of the week.

## C. P. GENERAL ASSEMBLY.

Committees Appointed to Consider Seminary Control and Mission Board Reorganization.

Springfield, Mo., May 17.—When the Cumberland Presbyterian general assembly reconvened yesterday committees were announced by the moderators' council. It is notable that the committees on theological seminary and missions are composed of 16 members each, or one representative from each synod. These committees will grapple with the two burning questions of the assembly, namely, seminary control and mission board reorganization.

The annual report of the western section of the Presbyterian alliance was read by Rev. J. R. Henry, of Pittsburg.

The trustees reported having $11,834 on hand, which is being held in trust for theological educational purposes. This board has also assisted in raising for college endowment a sum which during the past year has reached $500,000.

**B. & O. Filed Big Mortgage.**

Columbus, O., May 17.—The Baltimore and Ohio Railroad company yesterday filed a refunding mortgage for $75,000,000, in favor of the Union Trust company, of New York. The mortgage was given for the purpose of acquiring securities of the several railways composing the Pittsburg, Lake Erie and West Virginia system, and to make betterments and redeem outstanding bonds. The mortgage is to run 40 years.

**Clarke and Tenny Suspended.**

Chicago, May 17.—Manager Fred Clarke, of Pittsburg, and First Baseman Tenny, of Boston, have been indefinitely suspended by the board of control of the National league, for engaging in a fist fight on the Pittsburg grounds Thursday. John T. Brush, who is president of the board, wired James A. Hart yesterday of the action.

**WEATHER FORECAST.**

Ohio—Partly cloudy today. Tomorrow, fair, with warmer, except in extreme southeast portion; variable winds.

Western Pennsylvania—Fair today. Tomorrow, fair and warmer; variable winds.

West Virginia—Showers today, followed by clearing. Tomorrow, fair and warmer.

## Governor Grant Declares Gen. Smith's Work In Leyte Futile.

## MILITARY AUTHORITIES SCARED

### Since Balangiga Massacre—Troops Removed From Towns In Leyte, For the Purpose of Bringing About Military Control.

Washington, May 17.—The secretary of war has transmitted to the senate committee on the Philippines a report made by Captain J. H. Grant, civil governor of the province of Leyte, P. I., concerning the differences of understanding between himself and General J. H. Smith, concerning the control of affairs in that province. The report contained the following in part: It begins with a complaint of the arrest of several native presidentes of villages by the military authorities. "Unfortunately for the peace and tranquility of the people of this province, the military authorties here have sustained a severe fright, since the Balangiga massacre," said the report.

Speaking of General Smith's achievements in the island, Captain Grant says:

"Since General Smith has been in command here there has not been a single surrender of arms or men, nor has there been a single capture to my knowledge. The only thing he has accomplished, to my knowledge, was the arrest of a few men on Biliran and along the straits, on the confession of one of Lukban's officers, the truth of whose statements is yet to be established. So, General, all the sensational newspaper reports that have reached Manila from reporters traveling with General Smith are absolutely without foundation, and have had but one object in view, the return of this province to military control."

Captain Grant asserts that certain troops were removed from towns in Leyte for the purpose of bringing about military control.

## CROWINSHIELD SCORED.

### Sarcastic Speech Made by Williams—Schley Case Up In House.

Washington, May 17.—The house had another lively day of debate yesterday, Philippine atrocities and the Schley case coming in for considerable attention. The naval appropriation bill received little attention after the more exciting themes of debate came up. Mr. Cannon, of Illinois, and Mr. Hepburn, of Iowa, brought on the discussion by criticising the extent to which naval officers secured comfortable berths ashore, whereupon Mr. Williams, of Mississippi, made a very sarcastic speech at the expense of Admiral Crowninshield, during which he read a poem describing the late head of the bureau of navigation as "The Greatest Tar That Ever Stayed Ashore." Mr. Williams denied the assertion of Mr. Grow, of Pennsylvania, that Philippine war methods were similar to those of the Civil War. Mr. Cochran, of Missouri, reinforced Mr. Williams in this contention, while Mr. Landis, of Indiana, discussed the resolutions adopted by Union veterans of Indiana, comparing the copperheads of the present day who criticised the army in the Philippines with the copperheads of '61-'65.

## NO DATE TO VOTE.

### Democrats Opposed One on Philippine Bill.

Washington, May 17.—An effort was made by Mr. Lodge, of Massachusetts, in the senate yesterday to induce the minority to fix a time when a vote might be taken on the Philippine government bill, but Mr. Dubois, of Idaho, speaking for the Democratic side, did not desire to specify a date for the vote. Assurances were given that the minority was not seeking for delay, but wished simply the discussion should be exhausted before the vote was taken.

Mr. McLaurin, of Mississippi, concluded his speech begun Thursday in opposition to the present Philippine policy of the government, which, he maintained, was responsible for all the ills that had come to the United States in those islands.

Mr. Deboe, of Kentucky, supported the pending measure in a carefully prepared speech, maintaining that the policy outlined by McKinley ought to be followed to the end. He asserted that peace would come quickly when the sympathizers of Aguinaldo ceased their attacks on the American army and the American flag.

**Always Dying.**

Life consists in a series of changes of tissue, and the human economy is simply, so far as its material part is concerned, a machine and primarily depends on food as the most important factor in keeping it in working order. When it is said that we commence to die as soon as we are born, it of course means that certain parts of the body immediately begin to perish; their existence is ephemeral; they come and go, are replenished and decay. They are the dying parts of that system of life which may last a little while, but which must eventually yield to the inexorable law of nature. The nails, the hair, etc., are observable as an instance of this decay. The same rule applies to every other organ and tissue of the body, though it is not palpable to the naked eye. The skin is always peeling. The food that is taken in the one hour nourishes the system and ejects that which was taken the hour before.

**Reasons For Pride.**

There was present at a certain big dinner in England an American woman of prominence who was somewhat annoyed by a tactless English woman who undertook to banter her and who said:

"I take it for granted that you have no coats of arms in your new country."

"Of course no American family could have one unless it was borrowed from English ancestry," replied the former American.

"For instance, has your family any especial cause for pride over your grandfather?" persisted this particularly tactless female cad.

Then the American woman opened up and replied as calmly as possible under the circumstances, "Not much, perhaps, only that my grandfather on my mother's side received Burgoyne's sword when he surrendered at Saratoga and my grandfather on my father's side received the sword of Cornwallis at Yorktown."

**Lucky For the Ancestors.**

"It's a great thing to have a fine line of ancestors."

"Doubtless it is, and it's a mighty good thing, too, that some of these fine lines of ancestors couldn't look into the future and see their descendants."—Chicago Post.

**Tea In the Time of Buddha.**

At the time of Buddha China was enjoying a large foreign commerce in tea. It was carried by her junks to Japan, Korea, Tonquin, Anam, Cochin, Burma, Siam, India, Ceylon, Persia and Arabia. According to one record, it was sent to a great black river country west of Arabia, from which it was separated by a long and very torrid sea, which must have been Egypt. It was carried by caravans to Manchuria Mongolia, Kuldja, Tartary, Tibet, Persia and northern India.

**The Way Out.**

"How did you ever manage to get out of buying your wife that opera cloak that she wanted so much?"

"Say, Bill, that was easy. I told her that I would buy it for her on her thirty-fifth birthday and asked her to let me know the time."—Detroit Free Press.

## GIFT FROM THE KAISER.

Emperor William Will Present United States Monument of Frederick the Great.

Wiesbaden, Hesse-Nassau, May 17.—The German emperor, Wednesday, May 14, telegraphed as follows to the president of the United States, at Washington:

"I am still under the deep impression caused by the splendid and cordial reception of my brother, Prince Henry, by the citizens of the United States of America. In the speeches with which he was greeted the fact was often mentioned that my ancestor, Frederick the Great, maintained a friendly attitude towards the young American republic during the course of her formation, thereby laying the corner stone of the friendly relations which have always existed between our two countries. The example set to me by the great king I intend to follow.

"I wish to commemorate the visit of Prince Henry by a gift to the people of America, which I request you to accept in their name. I intend to present a statue, in bronze, of Frederick the Great, to the United States, to be erected in Washington, on a place which you will kindly choose. May this gift be looked upon as a lasting sign of the intimate relations which have been successfully fostered and developed between our two great nations.

Signed) "William, I. R."

President Roosevelt replied, Thursday, May 15, thanking Emperor William heartily, in the name of the United States, and saying he would lay the matter before congress immediately.

After giving the matter attention the president concluded that no action by congress was necessary, and that as Frederick was a great commander it would be most appropriate to place the statue adjacent to the new war college to be established in Washington. The college is to be erected in the arsenal grounds.

## ONLY DISTURBING FACTORS.

Dun's Says Weather and Wages Continue to Effect Business.

New York, May 17.—R. G. Dun & Co.'s Weekly Review of Trade, issued today, said in part:

Weather and wages continue the only seriously disturbing factors in the business situation. Excessive moisture and low temperature made the crop outlook more uncertain, and much depends on a continuance of prosperity in the agricultural sections. On the other hand, record-breaking distribution of pay in the Pittsburg region accelerated retail trade, while resumption of woolen and other mills added largely to the active force. Transporting lines continue to make splendid exhibits, railway earnings for the first week of May exceeding those of a year ago by 6.2 per cent and surpassing the same week's earnings in 1900 by 19.9 per cent.

As was indicated by weekly reports, pig iron production attained a new record for the month of April at 1,503,326 tons and the weekly capacity of furnaces in blast on May 1, according to The Iron Age, was 352,064 tons, far surpassing all previous high water marks. Such an enormous production would suggest accumulation of supplies, but consumption easily keeps pace, furnace stocks showing a decrease of about 10,000 tons during April to March, the lowest point in recent years. With about 20 more furnaces in course of construction or contemplated, an annual output of twenty million tons is no longer considered remote, while the current year may exceed 18,000,000 tons if no serious labor controversy or other calamity interferes. Quotations continue to vary widely, according to date of delivery, and there is less spot business owing to scanty supplies and to the growing tendency of consumers to place orders for future delivery. There is now very little evidence of buyers holding off for a break. Rails and structural supplies are ordered freely for delivery next year.

More liberal deliveries of woolen goods are reported, showing that fewer looms are idle. The best demand is for staple lines of men's wear, and medium grades of fancy woolens.

While it is generally agreed that there has been much improvement in the winter wheat states since the opening of the month, prices became somewhat firmer upon the publication of the official report of condition on May 1.

Exports for 10 months of the crop year assure the heaviest outgo ever recorded, even if the last two months make poor exhibits. For the past week exports were 3,499,764 bushels, flour included, against 4,023,246 a year ago. Corn advanced on lighter receipts and reports of slow progress in planting.

Failures for the week numbered 228 in the United States, against 177 last year, and 17 in Canada, against 19 a year ago.

## ALL WRONG

The Mistake is Made By Many East Liverpool Citizens.

Don't mistake the cause of backache.

To be cured you must know the cause.

It is wrong to imagine that relief is cure.

You must cure the kidneys.

An East Liverpool resident tells you how this can be done.

Mr. W. P. Cochran, of Mulberry street, East End, says: "At intervals for 30 years I had serious kidney and bladder trouble. The agony I went through can hardly be described. Many nights I rolled from one side to another trying to find an easy position for my back. I could not move without having sharp twinges of pain, and I was also troubled with urinary difficulty, the secretions being very irregular, and at times very distressing. I ran down so that I could hardly help myself. Doctors treated me. I took a power of stuff and I had given up all hope when I saw Doan's Kidney Pills advertised as a never failing remedy. I got a box at the W. & W. pharmacy and after taking half of it I could see some improvement. I continued, and the treatment did me more good than anything I ever used."

Sold for 50 cents a box by all dealers. Foster-Milburn Company, Buffalo, States.

Remember the name—Doan's—and take no other.

## STOCK MARKET WAS WEAK.

One to Three Points Lost by Most Stocks, Friday.

New York, May 17.—The conspicuous feature o fyesterday's weak stock market was entire lack of any supporting demand at any stage of the decline. Even the room shorts, who almost invariably cover short contracts at the end of a day of declining prices, showed no solicitude about covering, and the market seemed entirely to lack resilliency. The liquidation was not heavy, but such as it was was very general. While the decision of the anthracite miners for a strike was the ostensible cause of the weakness, the depression was not confined to the coalers, nor was it particularly conspicuous there. The weakness of the general market is represented by quite uniform losses of from one to three points.

## FOUR PROBABLY FATALLY HURT

Structure Fell With People Watching the Fire at Chicago.

Chicago, May 17.—During the progress of a fire which last night destroyed the lard refinery of Armour & Co., in the Union stock yards, 17 people were injured, four of them in a manner which will probably cause death in a short time. The loss of the company is estimated by its officers at between $750,000 and $900,000, with all the chances in favor of the latter figure.

There were a number of accidents, but by far the larger number of those who were hurt met their injuries by the falling of a hog-runway, upon which they were standing to obtain a better view of the fire.

**Fatally Injured.**

Jennie Smith, stenographer, German-American Provision company, both legs broken.

Ray Irwin, 11 years old, internal injuries and head badly cut.

Israel Morris, driver police patrol wagon, both legs broken.

Michael Maloy, driver of fire engine, internal injuries.

**Peculiar Table Customs.**

In a book entitled "Domestic Manners of the Middle Ages" we are told that in those days dinner tables were covered by a "nappe," or tablecloth. Upon it were placed a large saltcellar, bread and cups for wine, but no knives or plates. The reason for the absence of the knives arose from the common practice in vogue of people carrying their own knives in a sheath attached to their girdle.

In an early work, written by Lydgate—"Rules For Behavior at Table"—the guests are told to bring no knives unscoured to the table, which can only mean that each one was to keep his own knife—that is, the one he carried with him—clean.

# Relics of Savagery In Modern Dress

By Professor ALBERT SCHNEIDER, Northwestern University School of Pharmacy, Chicago

STIFF hats, coattails, collars, cuffs, shirt fronts and back and sleeve buttons are relics of savagery and unhealthful and unsightly adjuncts to personal appearance. The stiff hat and especially the silk hat of today is a pernicious and laughable article of clothing. The soft hat is the logical headdress for man.

Cuffs, too, are as useless as one can imagine. They are unhandy, awkward and not a particular thing of beauty.

The same may be said of collars. Why do men torture themselves in such straitjackets as stiff collars and shirt fronts?

I FEAR TO SAY WHAT A WOMAN SHOULD WEAR, BUT IT IS SAFE TO SAY THAT SHE SHOULD NOT WEAR USELESS AND BACTERIA RAISING TRAINS.

She should do away with the veil and especially with the spotted ones, as they are the outgrowth of the beauty spots. Women wear the extremes directly opposite to the extremes worn by men. When women begin to wear big sleeves to give their shoulders a broad appearance, men begin to give up shoulder pads. Trousers were first worn by women. Now they are worn by men and Dr. Mary Walker.

# Teachers Are Like Bicycles

By C. F. Thwing, President Western Reserve University

WHEN THE TEACHER CEASES TO BECOME A BETTER TEACHER, HE BEGINS TO BECOME A WORSE TEACHER. THE TEACHER IS LIKE THE BICYCLE—PROGRESS IS THE ONLY METHOD OF STEADINESS OR EFFECTIVENESS.

**Sulphur and Silver.**

A sailor in the custom house the other day took out of his pocket some silver coins that had a strange yellow hue, and a clerk said to him, "What makes your money such a funny color Jack?" "Well," replied the mariner, "we just got in with a cargo of fuel oil. It's the oil that turned my money yellow. Fuel oil has that effect on every kind of metal. You ought to be on a fuel oil steamer some time. It would surprise you to see the cabin silverware, the kitchen tins and every blasted bit of metal on board all having the jaundiced look. There is sulphur in fuel oil, and it's this sulphur that does the yellowing. Nitric acid will bring back the original color again."—Philadelphia Record.

**She Did.**

"Auntie, Charles Gass proposed to me last night."

"The impudent fellow! Somebody ought to sit down on him."

"Why, auntie, I rather think somebody did."—Baltimore News.

A tramp stole a bottle of Dr. Caldwell's Syrup Pepsin. When he appeared in court he explained that he saw in the advertisement that it was "easy to take," so he took it. "Discharged" said the judge. "I will go and take some myself." It is easy to take and it is a perfect laxative. Sold by W. & W. pharmacy.

**Good Advice.**

The most miserable beings in the world are those suffering from Dispepsia and Liver Complaint. More than seventy-five per cent. of the people in the United States are afflicted with these two diseases and their effects; such as Sour Stomach, Sick Headache, Habitual Costiveness, Palpitation of the Heart, Heartburn, Waterbrash, Gnowing and Burning Pains at the Pit of the Stomach, Yellow Skin, Coated Tongue and Disagreeable Taste in the Mouth, Coming Up of Food After Eating, Low Spirits, etc Go to your druggist and get a bottle of August Flower for 75 cents. Two doses will relieve you. Try it at Charles F. Craig's, Foutts building, East Liverpool, Ohio. Get Green's Special Almanac.

**Travelers to California**

Naturally desire to see the grandest and most impressive scenery en route. This you will do by selecting the Denver & Rio Grande and Rio Grande Western, "The Scepic Line of the World," and "The Great Salt Lake Route," in one or both directions, as this line has two separate routes across the Rocky mountains between Denver and Ogden. Tickets reading via this route are available either via its main line through the Royal George, Leadville, over Tennessee Pass, through the Canon of the Grand river and Glenwood Springs, or via the line over Marshall Pass and through the Black Canon of the Gunnison, thus enabling the traveler to use one of the above routes going and the other returning. Three splendidly equipped fast trains are operated to and from the Pacific coast, which carry through standard sleepers daily between Chicago, St. Louis, Denver and San Francisco. Dining cars (service a la carte) on all through trains. If you contemplate such a trip, let us send you beautifully illustrated pamphlets, free. S. K. Hooper, G. P. & T. A., Denver, Col. 7-tf-3-tf

# SHE WAS DYING!

## All Run Down and Overworked —Cured With Blood Wine.

An Appeal to the Women of This City Which Should Not Go Unheeded.

MRS. G. G. HILDRETH.

The following expression of gratitude ought to interest every person in this city, particularly the women. It is an open letter from Mrs. G. G. Hildreth of Worcester Mass:

"It gives me great pleasure to testify to the phenomenal success that I have had with Blood Wine. For some time I was all run down. Had a dragged out feeling. Couldn't sleep. Was losing flesh and my appetite. I felt overworked, yet didn't do hardly anything. My color was all gone, and my cheeks had a faded, sickly appearance, that made my friends all tell me I was going to die. Yes, I believe I really was in a decline, for I was a mere shadow, and the world seemed to hold no hope for me. I was sad, melancholy, and cried a great deal. I spent all the money I could on doctors, and got no relief. One day I went to the proprietors of "Blood Wine" and told my story. I asked if they could help me, and they told me to call again in three days. This I did, and they encouraged me, and gave me two bottles of medicine, which I took and felt relief at once. I continued the treatment, and one by one the different symptoms disappeared. I have just reached the point where I feel entirely well, and will discontinue the medicine. I am now a stout, healthy woman (as my picture will indicate) and owe it all—my life—to "Blood Wine." It is the grandest thing I ever saw, and no woman (or man either) should be without it in the house. I will gladly substantiate this statement in a personal letter to any one interested."

Try "Blood Wine" today. "Blood Wine" contains no wine or opiates,—just powerful medicines, many of which are new to medical science. "Blood Wine" costs fifty cents a bottle, but you can sample it free of charge at Will Reed's and Hodson's drug-stores.
